Qualification Requirement	Document to be submitted														
Bidder must have B class or higher Electrical Contractor certification issued by competent Govt. Authority.	Certificate issued by Competent Government Authority.														
OR															
License/certificate issued by the competent government authority establishing the equivalence of class 'B' or higher shall also be considered, wherever class is not categorically mentioned on the license. Contractor(s) shall ensure that their license is valid as on last date of submission of bid. In event of expiry, the contractor(s) shall furnish the proof that they have submitted the application for renewal of license as on last date of submission of bid.	Copy of renewal application duly acknowledged by the authorities shall be submitted along with the bid in event of license getting expired.														

**Note:**

1. In the event, if bidder has relevant previous work experience of executing SITC&M (Supply, Installation (Retrofit), Testing, Commissioning & Maintenance) work or DIC&M (Dismantling, Installation (Retrofit), Commissioning and Maintenance) work of LED Street lights/CCMS in line with Clause No. 5(4) "General Requirements and Conditions for Empanelment" and does not have a valid class 'B' or higher electrical license, then in such case the offer of the bidder shall be provisionally considered for evaluation. However, the Letter of Empanelment shall be issued subject to submission of valid class 'B' or higher electrical license issued by competent govt. authority to EESL.
2. It is the responsibility of the contractor to keep the license valid during the execution of the contract for the complete contract duration, in event of order.
3. Bidder(s) submitting the documentary evidence of SITC&M work/purchase orders against the experience criteria shall note that EESL shall not consider the supply part of such composite work to arrive at the value of work requirement as per tender, while evaluating the bids. The bidder shall categorically state the value of such work executed in the Compliance Matrix and furnish the details of executed value of work after
