### NOTES:

- 1. Pursuant to Section 139 of Companies Act, 2013, Statutory Auditors of the company are appointed by the Comptroller and Auditor General of India (C & AG) and in terms of Section 142, their remuneration has to be fixed by the Company in Annual General Meeting (AGM) or in such manner as the Company in AGM may determine. C&AG in exercise of power conferred under Section 139 of Companies Act, 2013 has appointed M/s S.P. Chopra & Co., Chartered Accountants (Firm Registration No. 000346N), New Delhi as Statutory Auditor of the Company for the Financial Year 2022 23. The members may kindly authorise the Board of Directors to fix appropriate remuneration of Statutory Auditors for Financial Year 2022 23 in compliance with the applicable provisions of the Companies Act, 2013.
- 2. The relevant Explanatory Statement pursuant to Section 102 of Companies Act, 2013 in respect of the Special Businesses in the notice is annexed thereto.
- The MCA has issued General Circular No. 02/2022 Dated 05th May, 2022 in continuation to its previous General Circulars (including General Circular No. 20/2020 dated 5th May 2020, General Circular No. 02/2021 dated 13th January 2021, General Circular No. 19/2021 dated 8th December 2021 and General Circular No. 21/2021 dated 14th December 2021) allowing Companies whose AGMs are due in the Year 2022 to conduct AGM through video conferencing or other audio-visual means on or before 31st December 2022.

In accordance with the MCA Circulars and provisions of the Companies Act, 2013 ('the Act'), the AGM of the Company is being held through VC/OAVM. The deemed venue for the AGM shall be the Registered Office of the Company. The detailed procedure for participation in the meeting through VC/OAVM is provided below:

- A. Members will be able to attend the AGM through VC / OAVM using the following credentials:
  - Link at the link: https://eeslindiaus.webex.com/eeslindiaus/j.php?MTID=m5944e4b974b85006c5a87523bc d08da6
  - Meeting ID: 2558 351 9382
  - Password: BOD@1234
- B. Members are requested to follow the procedure given below:
  - i. Launch internet browser (chrome/edge/safari) by typing the URL Link given in Point A. above. ii. Enter the login credentials.
  - iii. After logging in, click on "Video Conference" option
  - iv. Then click on camera icon appearing against AGM event of Energy Efficiency Services Limited, to attend the Meeting.
- C. Members are encouraged to join the Meeting through Laptops with Google Chrome for better experience.
- D. Further Members will be required to allow Camera, if any, and hence use Internet with a good speed to avoid any disturbance during the meeting
- E. Please note that Participants Connecting from Mobile Devices or Tablets or through Laptop connecting via Mobile Hotspot may experience Audio/Video loss due to fluctuation in their respective network. It is therefore recommended to use Stable Wi-Fi or LAN Connection to mitigate any kind of aforesaid glitches.
- F. Facility to join the meeting shall be opened 15 minutes before the scheduled time of the AGM and shall be kept open till the expiry of 15 minutes after such scheduled time.
- G. Members who need assistance before or during the AGM, can contact us on <u>companysecretary@eesl.co.in</u> or call on <u>011 45801260</u>. Kindly quote your name, DP ID-Client ID / Folio no. and Event Number in all your communications.
- 4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.

Kull

- 5. During the meeting, where a poll on any item is required, the members shall cast their vote on the resolutions only by sending emails to the company on <u>companysecretary@eesl.co.in</u>.
- 6. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the Company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, physical attendance of members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence, the Proxy Form and Attendance Slip are not annexed hereto. However, the Body Corporates are entitled to appoint authorised representatives to attend the AGM through VC/OAVM and participate thereat and cast their votes.
- 7. Body Corporates whose Authorised Representatives are intending to attend the Meeting through VC/OAVM are requested to send to the Company at <u>companysecretary@eesl.co.in</u> a certified copy of the Board Resolution authorising their representative to attend and vote on their behalf at the Meeting.
- 8. All relevant documents referred to in the Notice and accompanying statement shall be available for inspection at the Registered / Corporate Office of the Company between 11.00 A.M. to 2.00 P.M. on all working days and will also be available for inspection at the meeting.
- 9. The Notice of the AGM is being sent by electronic mode to all the Members, whose email addresses are available with the Company, unless any Member has requested for a physical copy of the same.

During the financial year 2021 - 22, following changes have been made to the share capital & Board structure of the company: -

- The promoters executed Supplementary Agreement No. 7 to the Joint Venture Agreement of the company on 1<sup>st</sup> September 2021 to amend the provisions pertaining to Share Capital and Board Structure of the company.
- The Board of Directors in its 90<sup>th</sup> Board Meeting held on 12<sup>th</sup> August, 2021 issued and offered equity shares amounting to ₹40749.16 lakhs to all existing shareholders on rights basis in the proportion of their shareholding. PGCIL subscribed to the offer, while NTPC Limited declined and Power Finance Corporation Limited and REC Limited renounced their offers in favour of PGCIL. As a result, equity shares amounting to ₹40749.16 lakhs were allotted to PGCIL on 6<sup>th</sup> September 2021. As on the date of this report, shareholding pattern of the company is as under:

S.	Name of Shareholders	No. of Shares	% of
No.		Held @ ₹10 each	holding
1.	NTPC Limited and its Nominee	46,36,10,000	33.334
2.	REC Limited	21,81,00,000	15.681
3.	Power Finance Corporation Limited and its Nominee	24,55,00,000	17.651
4.	Power Grid Corporation of India Limited and its Nominee	46,36,10,000	33.334
	Total	1,390,820,000	100

- Further, the promoters executed Supplementary Agreement No. 8 to the Joint Venture Agreement of the company on 5<sup>th</sup> July 2022 to amend the provisions pertaining to Board Structure of the company.
- As a result, the Articles of Association of the company were also altered.
- As on the date of this report, there are five (5) directors on the Board duly nominated by NTPC and Power Grid (two each) and Ministry of Power, Government of India (one). The Company has a

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

professional management team headed by the Chief Executive Officer (CEO). CEO is responsible to the Board of Directors for the efficient functioning, corporate objectives, and performance parameters of the company and its group companies.

#### 2. OPERATIONAL HIGHLIGHTS

#### 2.1 STREET LIGHTING NATIONAL PROGRAM (SLNP)

Hon'ble Prime Minister, on 5<sup>th</sup> January, 2015 launched Street Lighting National Programme (SLNP) to replace conventional street lights with smart and energy efficient LED street lights across India. EESL is also implementing LED Street Lighting projects in Gram Panchayats on the same service model as the SLNP for municipalities with the objective to promote the use of efficient lighting in rural areas. During the financial year, EESL has finalised three business model i.e. Supply, Supply + Opex, ESCO model for implementation of Street Light National Programme going forward. The business models are prepared considering operational targets and payment security mechanism to ensure sustainability in operations. During the financial year 2021 - 22, EESL installed 8 lakh LED Street Lights where cumulative achievement as on  $31^{st}$  March 2022 is 1.26 Crore.

#### 2.2 UNNAT JYOTI by AFFORDABLE LIGHTING (UJALA)

Under UJALA scheme, LED bulbs, LED Tube lights and Energy efficient fans are being provided to domestic consumers for replacement of conventional and inefficient variant.

- During the financial year 2021 22, EESL has distributed 10.50 lakh LED bulbs, where cumulative achievement as on 31<sup>st</sup> March 2022 is 36.79 crore. Total energy savings of 47.78 billion kWh per year with avoided peak demand of 9567 MW and estimated GHG emission reduction of 38.70 milliont CO<sub>2</sub> per year.
- During the financial year 2021 22, EESL has distributed 52,451 LED Tube Lights, where cumulative achievement as on 31<sup>st</sup> March 2022 is 72.18 Lakh. Total energy savings of 316.17 million kWh per year with avoided peak demand of 144 MW and estimated GHG emission reduction of 259.26 kilotons CO<sub>2</sub> per year.
- During the financial year 2021 22, EESL has distributed 56,574 Energy Efficient Fans, where cumulative achievement as on 31<sup>st</sup> March 2022 is 23.59 Lakh. Total energy savings of 219.40 million kWh per year with avoided peak demand of 59 MW and estimated GHG emission reduction of 179.91 kilotonnes CO<sub>2</sub> per year.

#### 2.3 AGRICULTURE DEMAND SIDE MANAGEMENT (AgDSM)

EESL is implementing the Energy Efficient Pump Programme to distribute BEE 5-star energy efficient agricultural pumps and ensures a minimum of 30% reduction in energy consumption with smart control panels which can be remotely operated to enhance the ease of operation of pumps by the farmers. During the financial year 2021 - 22, EESL has installed 2,562 energy efficient agricultural pumps in the state of Uttar Pradesh. As on  $31^{st}$  March 2022, 79,975 agricultural pumps have been installed in Andhra Pradesh and Uttar Pradesh.

#### 2.4 BUILDINGS ENERGY EFFICIENCY PROGRAM (BEEP)

EESL is implementing the Buildings Energy Efficiency Programme to retrofit commercial buildings in India into energy efficient complexes. During the financial year 2021 - 22, EESL has retrofitted 1112 nos. of buildings where cumulative achievement as on  $31^{st}$  March 2022 is 11,581 nos. of buildings.

#### 2.5 ATAL JYOTI YOJANA (AJAY)

EESL is implementing Atal Jyoti Yojana (AJAY), a sub-scheme under Off- Grid and Decentralized Solar Application Scheme of MNRE where Solar LED Lights are being installed in rural, semi-urban and urban

N

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

areas. The objective of the scheme is to provide 'Solar Street Lighting Systems' for public use, demonstration and replication. During the financial year 2021 – 22, under AJAY Phase II, EESL had installed 27,735 nos. of solar LED streetlights. As on 31<sup>st</sup> March 2022, under AJAY Phase I & II over 2.56 lakh Solar LED streetlights had been installed.

#### 2.6 SUPER - EFFICIENT AIR CONDITIONER (SEAC) PROGRAM

With the goal of integrating energy efficiency into India's cooling sector, EESL had initiated a first of its kind, Super-Efficient Air Conditioning (SEAC) programme. These Super-Efficient ACs are 5 star rated product and have high 5.4 ISEER and use environment friendly refrigerant with low Global Warming Potential (GWP) and Zero Ozone Depletion Potential (ODP) introduced in the market at competitive prices. The SEACs provides 1.5-TR cooling capacity at high ambient temperature while also reducing the cost of cooling by 50%. During the financial year 2021 - 22, EESL had sold 926 nos. of Super-Efficient Air Conditioners. As on  $31^{st}$  March 2022, EESL has sold 3,146 Super-Efficient Air Conditioners which lead to an energy saving of 26.5 Lakhs Units annually and CO<sub>2</sub> emission reduction of 24 lakh kg CO<sub>2</sub>e. Further, EESL also supported GEM authority for adding Green AC in its categories of products which are super energy efficient having ISEER 5.4 and above.

#### 2.7 MUNICIPAL ENERGY EFFICIENCY PROGRAM (MEEP)

To facilitate market transformation and replicate Municipal Energy Efficiency Program (MEEP) on a large scale in India, EESL had signed MoU with the Ministry of Housing and Urban Affairs (erstwhile MoUD) on 28<sup>th</sup> September 2016. As on 31<sup>st</sup> March 2022, IGEA studies for 338 cities have been successfully conducted and reports submitted. EESL has signed implementation agreements with 39 ULBs in the state of West Bengal and the project is presently being implemented in a phased manner. Till 31<sup>st</sup> March 2022, 18 pumps have been replaced in Khardah, and 12 more has been also installed in Bankura, West Bengal where the total number of pumps installed is 30. The savings of more than 20% have been achieved as mentioned in Third Party saving report for Khardah.

#### 2.8 MOTOR REPLACEMENT PROGRAM

EESL aims to create an infrastructure to accelerate adoption for Higher Efficient Motors, specifically IE3 efficiency class through innovative financing business model & awareness creation. Under this program we are offering IE3 motors ranging from 1HP to 100 HP to the Indian Industries. This program is advantageous for MSME as well as non-MSME industries. EESL is offering Upfront/PMC and EQI/ESCO business modalities to the end users. During the financial year 2021 - 22, EESL has deployed 1,920 nos. of IE3 motors. As on  $31^{st}$  March 2022, 5,280 IE3 motors have been deployed in the industry.

#### 2.9 SMART METER PROGRAM

EESL is undertaking Smart Metering Program to significantly improve the billing and collection efficiencies of Distribution Companies (DISCOMs). The programme is being implemented through its Joint Venture Company namely Intellismart Infrastructure Private Limited. During the financial year 2021 - 22, 8.1 Lakh smart meters have been installed with the cumulative achievement of 24.62 lakh Smart Meters as on  $31^{st}$  March 2022.

#### 2.10 E-MOBILITY PROGRAM

EESL, through its wholly owned subsidiary CESL, is implementing e-Mobility Programme. During the financial year 2021 - 22, 317 nos. of e4W have been deployed, where cumulative deployment till 31<sup>st</sup> March 2022 is 1706 nos. of E4Ws. Going forward, CESL will focus exclusively on service-based operations and act as the aggregator and substantially reduce the capex requirement in the business.

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

#### 2.11 ELECTRIC VEHICLES CHARGING INFRASTRUCTURE

EESL is developing Electric Vehicle Charging Infrastructure and has signed MoUs with multiple stakeholders across municipalities, DISCOMs for locational assessment study and setting up of charging infrastructures in their jurisdiction. During the financial year 2021-22, 150 nos. of Public Charging Stations (PCS) have been installed in NDMC Delhi, SDMC Delhi, CMRL Chennai, Maha Metro Nagpur, Noida Authority and NKDA Kolkata. As on 31<sup>st</sup> March 2022, EESL has installed 406 nos. of EV chargers out of which 198 nos. are commissioned and rest in pre-commissioning stage.

#### 2.12 SOLAR PROGRAM

- a. Solar Roof Top Program: EESL has initiated a nationwide program for implementation of solar PV based rooftop program across India. In this endeavour, EESL has signed MoU with various agencies such as Andaman & Nicobar Electricity Department (ANED), Maharashtra Public Works Department (PWD), New & Renewable energy Development Corporation of Andhra Pradesh Ltd. (NREDCAP), Kerala Tourism Development Corporation (KTDC). Agreements with Power Grid Corporation of India for the implementation of 120 kW at PGCIL substation in Uttar Pradesh and with Tamil Nadu Energy Development Agency (TEDA) have been signed. EESL has executed around 1 MW with TEDA on 32 buildings.
- b. Decentralised Solar Power Plant Program: EESL has initiated a first of its kind large scale distributed solar power programme wherein the existing agricultural feeders is being solarized through implementation of decentralized solar power plants at the vacant/un-used lands at DISCOM/Govt. substations/lands. In this regard, EESL has signed 500 MW Power Purchase Agreement with Maharashtra State Electricity Distribution Corporation Limited and 179 MW Power Purchase Agreement with MAHAGENCO. An MoU has also been signed with Department of New & Renewable Energy, Govt. of Goa under "Convergence Project" for the implementation of 110 MW Distributed Solar Project in Goa. During the financial year 2021 22, EESL has commissioned 61 MW of the Decentralized Solar Power Plant where cumulative achievement till 31<sup>st</sup> March 2022 is 192 MW. In Goa, EESL has commissioned 1 MW at Cuncolim Substation as pilot project in Goa. This initiative as led to the carbon sequestration of more than 300 kilo tonnes of CO<sub>2</sub>.

#### 2.13 TRI – GENERATION

Edina UK Ltd has set up its wholly owned subsidiary in India as "EPSL Trigeneration Pvt Ltd" with in house capabilities of system design and feasibility study. As on date, EPSL has commissioned Mahindra and Mahindra Trigeneration project of 800 kWe in 2020. No new additional installation was carried out during the financial year 2021 - 22 as proposals are facing viability issues owing to high gas prices. During the period under review, load studies to develop LNG based Power station solution have been conducted at 5 identified islands of Andaman & Nicobar and the said study report is under review by A&NI Administration and Ministry of Power, Government of India.

#### 3. INTERNATIONAL OPERATIONS/PROGRAMS

# 3.1 GLOBAL ENVIRONMENT FACILITY – 5 (GEF – 5) – PROMOTING MARKET TRANSFORMATION FOR ENERGY EFFICIENCY IN MICRO, SMALL & MEDIUM ENTERPRISES.

EESL is implementing the GEF-5 project in association with Ministry of MSME, United Nations Industrial Development Organization (UNIDO), Bureau of Energy Efficiency (BEE) and Small Industries Development Bank of India (SIDBI). The program is being implemented in 12 MSME clusters across India. So far, 19 technologies have been successfully demonstrated across the identified clusters out of 34 identified technologies. In the pursuit, EESL has conducted 800 surveys and 80 detailed energy audits in the MSME units. EESL has

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

signed more than 50 energy performance agreements with the MSME units for implementation of energy efficient technologies resulting into the mobilization of investment to the tune of about Rs. 10 Cr.

# 3.2 GLOBAL ENVIRONMENT FACILITY – 6 (GEF – 6): CREATING AND SUSTAINING MARKETS FOR ENERGY EFFICIENCY

The Global Environment Facility (GEF)-6 programs aims at Expanding and Sustaining investments in existing market sectors, Building Market Diversification and Replication & Scaling Up of energy efficient technologies. The following progress has been made under the project during the financial year 2021 – 22:

#### Component 1

- Market assessment of the BLDC fan has been completed during the financial year 2021 22.
- Under the EHSS program, webinars targeting social and gender aspects were conducted during the financial year.
- Stakeholder Consultation Workshop were done for Street light national programme and Super-efficient AC program (SEAC).

#### Component 2

- Baselining and monitoring study for performance of SEACs at ATMs of bank.
- Industrial Energy Efficiency workshop were organized for MSME clusters
- Consultation Workshop for EESL's ESCO Engagement Initiative and "Accelerating adoption of Sustainable Solutions for Industries".

#### Component 3

Capacity building training for EESL Employees in Certified measurement and verification protocol.

#### 4. INSTITUTIONAL STRENGTHENING

EESL has been partnering with leading consulting organizations like Mckinsey, E&Y, PwC, KPMG for technical assistance, Organizational restructuring, Capacity building, Standardization of process, Project execution and monitoring etc. To effectively deal with the future foreseeable challenges in its functions and to consistently enhance the financial viability of its operations, EESL has been consistently taking proactive measure for improvement of its systems and processes. Key process improvement introduced for institutional strengthening during the current financial year are as follows:

- Systemic improvement in the Procurement Process involving Gap identification, standardization of processes, improved evaluation, enhanced participation by leveraging new technological measures, etc.
- Online Bill Tracking System (BTS) is being developed to bring transparency in end-to-end operations of "Procure to Pay Cycle" for vendors.
- Constitution of 'Risk Management committee' for evaluation and mitigation of risks associated with the company.
- Establishment of 'Project Evaluation and Assessment Group' (PE & A) to assess the project viability.
- Creation of 'Corporate Monitoring Group' to monitor the issues, performance, project progress of the company.
- Integrated Management System (ISO 9001, 14001, 45001, 50001) is being implemented in Corporate Office.

EESL by virtue of its association with various international financial institutions/Multilateral Development Banks (MDBs) and leading environmental stakeholders such as World Bank, ADB, AfD, KfW, USAID, UNEP etc. for technical assistance, trainings, financing and scaling up the Energy Efficiency programs in India is exposed to emerging management practices and adapts suitably.

(A JV of PSUs under the Ministry of Power)

Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

#### 5. HUMAN RESOURCES MANAGEMENT

The focus of Human Resource Management is to build an enabling culture and ensure motivated work force with required skill sets. The year has seen EESL foraying into new ventures and the focus has been on multiskilling to meet the new challenges.

#### a. Manpower

The total employee strength of the company is given as under:

Location		Number of employees									
Location	Regular	Fixed Tenure	Consultants	Third Party							
India	256	89	15	493							
Foreign Posting	3	-	-								
Total	259	89	15	493							

#### b. Industrial Relations

The thrust on participative culture and open communication channels continued during the year. We share cordial relations with Employee Officers Association and there has been no pending grievance with the association. The Industrial Relations Scenario has been peaceful and harmonious and no man – days were lost during the year.

#### c. Employee Welfare

EESL has always been a forefront in organizing engaging activities for its employees. Last year enthusiastically celebrated many festivals together and organized a daylong session for all the female employees on the account of International Women's Day. EESL has been supportive in providing conducive work during the ongoing covid scenario. EESL has provided work from home for its employees so as to ensure the safety of all the employees of EESL and their families. EESL has provided support to families of employees whom we lost due to COVID by providing appropriate job opportunities to the dependent. During the COVID times, EESL has taken many steps for providing physical and mental support to all its employees like arranging for critical medical facilities, online teleconsultation from a senior pulmonologist, yoga & mediation sessions, provided essential COVID toolkit to all the employees and many more. Also, we have conducted COVID vaccination drive I & II covering approx. 800 people. In addition to the above, continuous welfare and employee engagement activities are present in the organization to keep the employees oriented towards organizational goals, Work - Life balance and to retain employees in a competitive business scenario. Cashless health care facilities to the employees and their dependent family members are being provided through empanelled hospitals PAN India. In addition, Group Insurance scheme and Group Personal Accident Insurance scheme are in place. To ensure long term financial security, your company has introduced Superannuation Fund for the employees. Employee annual health check-up and OPD facilities provided in the office for health and wellbeing of the employees.

#### d. Human Resource Development

EESL knowledge Centre (EKC) has conducted various in-house / online training and capacity building programs w.r.t. Business Communication, Employee Welfare, Gender Awareness and various other technical training sessions. During the financial year 2021 - 22, EKC has conducted total 53 trainings on the various subjects.

(A JV of PSUs under the Ministry of Power)

Registered Office: NFL Building, 5th & 6th Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

e. Disclosure under the 'Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act. 2013

In line with provisions of "Sexual Harassment of women at Work Place (Prevention, Prohibition & Redressal) Act, 2013 an "Internal Complaints Committee" has been constituted for redressal of complaints against sexual harassment of women employees. During the financial year 2021 – 22, the Company did not receive any compliant of sexual harassment. Our organization emphasizes on providing a safe working environment for women and in all the training programs, a special stress is given on gender sensitization.

#### f. Friendly policies for women empowerment

- EESL, being a relatively new organization, has been very adaptive to the best practices of the sector, while at the same time, introducing proactive policies to facilitate women's employment and empowerment. Inclusion of women into its workforce has been one of the issue that EESL wishes to address earnestly. EESL has always tried to provide an environment favorable for women at work. Either having women on top managerial posts or having women friendly policies. On the other hand, third party female employees are also significant at the workmen level.
- The South Asia Gender and Energy Facility (SAGE) at the World Bank, in collaboration with multiple stakeholders, has established WePOWER, as a regional network. The objectives of WePOWER are to support workforce participation of women in energy projects and institutions, and promote normative change regarding women in Science, Technology, Engineering, and Mathematics (STEM) education. EESL has also agreed to become a Strategic Partner of the WePOWER Network of the World Bank and has formed a committee of 5 members to lead this initiative in the organization. Additionally, weekly calls are being arranged between various organizations from South Asia to learn about good practices. Till date we have launched two gender reports 2019 20 & 2020 21 and third version of 2021 22 is in the last phase before its launch. The report covers different aspects of women empowerment and its analysis has been done to implement various interventions for providing better grounds for women growth.

#### 6. INFORMATION TECHNOLOGY INITIATIVES

EESL has robust information technology and communication infrastructure in place. Company has implemented following applications in the financial year 2021 - 22 to accomplish the business requirement and maintain business continuity:

- **SAP** EESL has implemented SAP on HANA based ERP solution across the organisation with aim to increases productivity, better inventory management, promote quality, reduced material cost, effective human resources management, optimise overheads to boosts profits. As per the government guidelines various new provision of Taxation for GST (including offshore provisions), TCS & TDS are incorporated in the system and performed the System augmentation for getting the complete visibility of various financial information and Strong Operational Reporting Capabilities. EESL has also built business Intelligence reports for revenue, collection, outstanding, inventory, project cost etc., which helps to take more accurate and time bound decisions.
- Security Audit EESL has empanelled the audit agencies via NICSI for IT application audit. All the newly developed and existing applications are audited / being audited as per the security OWASP standard.
- EESL Mart EESL has developed a dedicated portal for online sale of Super-Efficient Air Conditioner (SEACs) and UJALA appliances. Additionally, a dedicated portal has also been developed for EESL UNIDO MoSME GEF-5 project for promoting market transformation of energy efficient technologies in MSME. The portal provide dashboard, project information, Quick Estimator Tool (QET) and link for submission of Expression of Interest (EOIs) on energy efficient technologies in 10 MSME clusters. Further, GEF-5 Website

(A JV of PSUs under the Ministry of Power)

Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

to implement the additional features like providing the real-time (dynamically) project progress, energy saving, cost saving, emission reduction, total EE equipment's installed in pictorial form.

- **CCMS Dashboard** A new CCMS dashboard was implemented for Gujarat state wherein one can perceive the real-time updates of the CCMS installed, Energy saving per year, CO<sub>2</sub> reduction per year, avoided capacity revenue saved per year, total streetlight on/off etc. Further, a new dashboard is developed, and the State of UP's Streetlights is integrated.
- **eOffice** EESL is using e-Office in a proactive manner since June 2020. Approx. 21,500 files have been created till now. With the help of e-Office, EESL is optimizing file approval frequency with the help of department Heads, Cluster Heads and State Heads. An exhaustive report is being published on regular interval of forwarding and pendency with the help of e-Office data.
- **Helpdesk Tool** IT department is proactive in resolving the end user issues, which in turn enhance the employee efficiency. Escalation matrix is being implemented for the ticket resolution. In case of no resolution within stipulated time, call is escalated to next level.
- Call Centre EESL drive multilingual call centre in different locations to answer the calls in local languages. Call centre is being located in Udaipur, Hubli and Jabalpur. IT team monitor the call centre on different KPI parameters like FCR, AHT, CSAT and Abandonment Rate etc. Following applications are monitored through the centres:
  - B2C Application Business to Consumer Mobile Application rolled out for raising the complaint by the consumer. Application provides the capability to track the status of complaint on real basis. At the backend the application is integrated with multiple vendors, which helps in resolving the complaint at faster pace.
  - B2B Application Business to Business Application developed to raise the complaint by the corporate customers without calling and mailing. This application enables the timely resolution.
- **Document Repository System** A portal is developed for internal purpose to store the project related data on cloud which can be accessed anytime and anywhere in secure manner with necessary restrictions.
- **e-Sampark** Portal is developed for internal purpose to circulate internal information which is important for employees like transfer orders, joining orders, promotion orders, policies etc. This portal is accessible securely with necessary restrictions.
- Energy Related Tools EESL developed energy related tools to calculate the energy consumption by different EESL products. Eleven tools are developed till now, additional Seventeen tools are under development. This program is promoted by UNIDO, GEF and MoMSME. The main advantage of the tool is to reduce the demonstration time and gathering the prospective customer data. These tools are used in Textiles Sector, Chemical Cluster, Tea Processing, Found & Forging, Paper and Rice Mill.

#### 7. OFFICIAL LANGUAGE IMPLEMENTATION

Your Company took several initiatives for the progressive use of Hindi in the day-to-day official work and implementation of Official Language policy. राजभाषा meeting was organized every quarter in the office. Online workshop was organized from Headquarters to Regional Offices. Also, Online training was given to Regional Offices - Jaipur and Hyderabad by senior officers of Parliamentary Official Language Committee Office. Officers and employees of EESL Headquarters and Regional Offices have enrolled in the courses conducted by the

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

Department of Official Language, Ministry of Home Affairs. The employees of EESL office actively participated in the workshops, competitions and meetings conducted by the Town Official Language Committee. The Hyderabad Regional Office was inspected by the Parliamentary Committee on Official Language in September 2021.

During the financial year 2021 - 22, Hindi Pakhwada was celebrated in EESL office. EESL was awarded the Official Language Shield Award for the year 2019 - 20 by the Ministry of Power, Government of India.

#### 8. RIGHT TO INFORMATION ACT, 2005 AND REDRESSAL OF PUBLIC GRIEVANCES

Energy Efficiency Services Limited (EESL) has a dedicated Public Grievances and Right to Information (RTI) cell. Recently, EESL attained a remarkable score of 97% in the annual RTI transparency audit of the financial year 2020 - 21, wherein it holds the topmost position amongst all the power sector PSUs, institutions, and organizations. During the financial year 2021 - 22, EESL has received 312 RTI applications, out of which 245 were responded to and the rest were transferred to different public authorities, rejected or returned to the applicant(s).

#### 9. SUBSIDIARIES, JOINT VENTURES AND ASSOCIATE COMPANIES

Pursuant to sub-section (3) of section 129 of the Companies Act, 2013 ("the Act"), the statement containing the salient features of the financial statement of a company's subsidiaries, associates and joint ventures is given in Form AOC - 1 (Annexure – I). The detail of subsidiary / associate companies of EESL is as under:

#### a. EESL EnergyPro Assets Limited (EPAL)

EESL has a UK based subsidiary company, EESL EnergyPro Assets Limited (hereinafter referred to as "EPAL") in which it holds 86.80% (PY 84.55%) Equity Shares. As on 31<sup>st</sup> March 2022, the paid – up share capital of EPAL was GBP 41,182,100 (PY £35,182,100). During the financial year 2021 – 22, EPAL has incurred a loss of GBP 0.52 million as against the loss of GBP 3.23mn in the FY 2020-21 as the business shows signs of recovery from COVID that has impacted the sales at Edina level.

List of companies under EPAL and name of the officers holding the position of director as on 31<sup>st</sup> March 2022 in EPAL and its subsidiaries are as under: -

- a. EESL EnergyPro Assets Limited—> Shri Arun Kumar Mishra, Shri Shankar Gopal, Mr. Steven Fawkes, Shri Amit Kumar Kaushik\*
- Anesco Energy Services South Ltd—> Shri Amit Kumar Kaushik\*, Shri Amit Kumar Bharadwaj, Shri Nitin Wadhwa
- c. Creighton Energy Limited-> Shri Amit Kumar Kaushik\*, Shri Amit Kumar Bharadwaj, Shri Nitin Wadhwa
- d. EPAL Holdings Limited—> Shri Arun Kumar Mishra, Mr. Steven Fawkes, Shri Amit Kumar Kaushik\* –
- e. Edina Acquisition Limited-> Shri Arun Kumar Mishra, Mr. Steven Fawkes, Shri Amit Kumar Kaushik\*
- f. Edina Power Services Limited—> Shri Arun Kumar Mishra, Shri Shankar Gopal, Mr. Steven Fawkes, Shri Amit Kumar Kaushik\*, Mr. Hugh Kerr Richmond
- g. Edina Limited-> Mr. Hugh Kerr Richmond, Shri Amit Kumar Kaushik\* -, Shri Nitin Wadhwa
- h. Edina UK Limited-> Mr. Hugh Kerr Richmond, Shri Amit Kumar Kaushik\*, Shri Nitin Wadhwa
- i. Edina Australia Pty Limited-> Mr. Hugh Kerr Richmond, Shri Amit Kumar Kaushik\*, Julian Gyngell
- j. Armoura Holdings Limited---> Mr. Hugh Kerr Richmond, Shri Amit Kumar Kaushik\*, Shri Nitin Wadhwa
- k. Stanbeck Limited-> Mr. Hugh Kerr Richmond, Shri Amit Kumar Kaushik\*, Shri Nitin Wadhwa
- I. Edina Manufacturing Limited—> Mr. Hugh Kerr Richmond, Shri Amit Kumar Kaushik\*
- m. Edina Power Limited-> Mr. Hugh Kerr Richmond, Shri Amit Kumar Kaushik\*, Shri Nitin Wadhwa
- n. EPSL Trigeneration Private Ltd. —> Shri Arun Kumar Mishra, Shri Shankar Gopal, Shri Venkatesh Dwivedi \*Shri Amit Kumar Kaushik was Nominee Director, EESL upto 30.04.2022

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

#### b. Convergence Energy Services Limited (CESL)

CESL is a wholly owned subsidiary of EESL which was incorporated on 29<sup>th</sup> October, 2020 and converted its status from Private Limited Company to Public Limited Company on 9<sup>th</sup> February, 2021. CESL is incorporated inter-alia to demonstrate convergence in EESL's businesses (such as i.e. Solar business, Electric Vehicles, Electric Charging Infrastructure and others) as well as resource generation by monetization of carbon savings.

#### c. NEESL Private Limited

NEESL (P) Limited is a Joint Venture company wherein EESL holds a 2.16% stake and has invested ₹26,000/for the purpose of supply, installation, operation and maintenance of Public Street Lighting System in the state of Odisha on Public Private Partnership (PPP) basis. As on 31<sup>st</sup> March 2022, the paid – up share capital of NEESL was ₹12,03,510/-. During the financial year 2021 – 22, NEESL has earned a profit of ₹73.82 Lakhs before tax which has increased by 253.64% as compared to last year's PBT. Earnings per share for the financial year 2021 – 22 stood at ₹45.28 per share.

#### d. Energy Efficiency Services Co. Ltd., Thailand

Energy Efficiency Services Co. Ltd., Thailand is a JV Company. The JV was established by EESL along with M/s. Sun Leisure World Thailand on 10<sup>th</sup> October, 2019 to tap potential market of Thailand. However, the plan couldn't be implemented primarily due to pandemic induced closure of international borders and change in JV partners' priorities in post pandemic business environment. EESL has completed the closure process of the company.

#### e. Energy Efficiency Services LLC (UAE)

EESL Energy Solutions LLC was incorporated in UAE in September 2020 wherein EESL has invested AED 87,000/- (approx. ₹17.40 lakhs) as seeding capital during incorporation. The company was established along with M/s. Hansa Energy Solutions LLC, UAE, to implement energy efficiency and renewable energy programmes in the United Arab Emirates. The core areas of focus are LED Streetlights, Building Retrofits (Commercial and Industrial), Trigeneration and Solar Programmes. The turnover of the company stood at AED 1.456 mn / ₹291 lakhs (approx.) for the financial year 2021 - 22. The Company had signed MOU's with the government of Ras-Al-Khaimah, an emirate in UAE, as well as other leading business houses (M/s Al Naboodah & M/s Tabreed) in UAE in February 2021 for furthering expansion of EESL business in UAE.

#### f. IntelliSmart Infrastructure Private Limited (IIPL)

IntelliSmart Infrastructure Private Limited is a JV of NIIF (National Investment and Infrastructure Fund) & EESL established to scale up the smart meter projects. As on 31<sup>st</sup> March 2022, EESL holds 49% stake in the company amounting to ₹2768.5 lakhs. During the financial year 2021 – 22, IIPL has generated revenue of INR 26.44 Cr through PMC services, earned a Profit Before Tax of INR 0.75 Lakhs and suffered a Loss After Tax of INR 24.07 Lakhs. The loss is primarily due to Deferred Tax expense amounting to INR 24.83 Lakhs.

#### **10. INFORMATION PURSUANT TO STATUTORY AND OTHER REQUIREMENTS**

Information required to be furnished as per the Act and as per the Listing Regulations and any amendments thereto are as under:

(A JV of PSUs under the Ministry of Power)

Registered Office: NFL Building, 5th & 6th Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

### **10.1 RELATED PARTIES TRANSACTIONS**

During the period under review, the Company has not entered into any material transaction with any of its related parties. Related Party Transactions covered under Section 177 and Section 188 form part of the notes to the Financial statements (Standalone) provided in the Annual Report.

#### **10.2 PARTICULARS OF LOANS, GUARANTEES AND INVESTMENTS**

Loan, guarantees and investments covered under Section 186 of the Act form part of the notes to the Financial statements (Standalone) provided in the Annual Report.

#### **10.8 VIGILANCE/WHISTLE BLOWER POLICY**

The Company aims at bringing in transparency, objectivity and quality in decision making process and hence to monitor the same, the Company has a well-defined Vigilance set up, headed by Chief Vigilance Officer, consisting of GM-Vigilance and Vigilance Executives in Corporate Centre to deal with the various facets of Vigilance Mechanism. During the financial year 2021 - 22, a total 34 nos. of complaints were

(A JV of PSUs under the Ministry of Power)

Registered Office: NFL Building, 5th & 6th Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

received by the Vigilance Department. Out of which, 32 nos. of complaints were examined and necessary action taken while remaining 2 are under process. As a preventive vigilance measure, 3 surprise checks were conducted and subsequently, System Improvements were suggested wherever found necessary. Besides, Vigilance Awareness Week was observed for awareness of the employees. During the year, 3 Preventive Vigilance Workshops were conducted at various places/CC in which 180 employees participated.

#### **10.9 CORPORATE SOCIAL RESPONSIBILITY**

EESL has a CSR Policy in line with the provisions of Companies Act 2013 and undertakes the CSR activities as per the policy and other applicable provisions of the Act. During the period under review and upto the date of this report, the composition of the CSR Committee is as defined in the Corporate Governance Report forming part of this report. The CSR Policy is available at the link: https://eeslindia.org/wp-content/uploads/2021/04/EESL-CSR-Policy.pdf. Further, the Annual Report on CSR Activities/ Initiatives is annexed with this report at Annexure – IV.

#### **10.10 RISK MANAGEMENT POLICY**

To keep pace with the dynamic business environment and to address emerging business risks, EESL has institutionalised Integrated Risk Management (IRM). A Risk Management Committee (RMC) of the Directors has been constituted for identification, evaluation, and mitigation of key internal and external business risks. An internal Executive Risk Management Committee (ERMC) has also been constituted to drive and implement the IRM process. Under the IRM Framework, the Company is undertaking a rigorous 5-step Risk Assessment to identify, assess, manage, monitor, and report the risks that the Company may face from internal or external sources and through a reporting mechanism to periodically assess the effectiveness of controls and mitigation plans.

#### 10.11 CONSERVATION OF ENERGY AND TECHNOLOGY ABSORPTION

A) CONSERVATION OF ENERGY: All EESL projects are focussed either on conservation of energy or on use of alternate & cleaner sources of energy. The company has also emphasised on promotion of energy efficiency and energy conservation within its premises. Some of the initiatives taken are as follows:

- i. Censor based lights have been installed in various areas and Board Room in EESL Corporate Office
- ii. All AC's installed in office premises are BEE-5 star rated.
- iii. Usage of energy efficient electronic appliances.
- iv. Support in implementation of solar based lights system by SCOPE.
- v. Awareness on usage of electricity

#### **B) TECHNOLOGYABSORPTIONAND BENEFITS:**

There are no significant particulars relating to technology absorption as your Company does not own any manufacturing facility.

#### **10.12 FOREIGN EXCHANGE EARNINGS AND OUTGO**

The details of foreign exchange earning & outgo are as follows:

Particulars	Year ended 31.03.2022 (in ₹)	Year ended 31.03.2021 (in ₹)
Expenditure in Foreign currency	39,76,10,564.25	44,77,86,579
Earning in Foreign Exchange	2,10,54,577.62	-

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

#### 10.13 DIRECTORS, KEY MANAGERIAL PERSONNEL, BOARD OF DIRECTORS & BOARD LEVEL COMMITTEES

During the year, the company has Chief Executive Officer, Chief Financial Officer and Company Secretary as Key Managerial Personnel. The details of Directors during the period under the review and up to the date of this report, and Board Level Committees form part of the Corporate Governance Report annexed to this report.

#### Re - appointment of Directors: -

In terms of Section 152 of the Act, Shri Sreekant Kandikuppa and Shri Chandan Kumar Mondol shall retire by rotation at the ensuing Annual General Meeting of the company and being eligible, have offered themselves for re - appointment.

#### **10.14 CORPORATE GOVERNANCE**

A detailed report on Corporate Governance as per SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is placed at **Annexure - V** and forms part of the Directors' Report.

#### **10.15 DECLARATION OF INDEPENDENCE: -**

During the period under review, the Company did not have any Independent Directors on its Board.

#### **10.16 CODE OF CONDUCT:**

EESL has adopted a Code of Conduct for Directors and Senior Management Personnel. For the financial year ended 31<sup>st</sup> March, 2022, the Directors and Senior Management Personnel have complied with the same.

#### **10.17 PERFORMANCE EVALUATION OF DIRECTORS AND THE BOARD**

The company has Nominee Directors on its Board. The nominees of Promoter Companies are nominated by the respective promoters and Government Nominee Directors are appointed by the Ministry of Power (concerned administrative ministry). The performance evaluation of the Directors of the Company is as laid down by the Nomination and Remuneration Policy of the Company.

#### 10.18 REPORTING UNDER PUBLIC PROCUREMENT POLICY FOR MICRO & SMALL ENTERPRISES (MSE) ORDER, 2012

The Government of India has notified Public Procurement Policy on Micro & Small Enterprises (MSEs) Order, 2012 and subsequent amendments till date. In terms of the said policy, following are the required details:

SI. No.	Particulars	FY 2021 – 22
		[In Lakhs (₹)]
1.	Total annual procurement (in value )	23442.63
2.	Total value of goods and services procured from MSEs	6353.16
3.	% age of procurement from MSEs out of total procurement	27.10%

#### **10.19 ANNUAL RETURN:**

A copy of Annual Return of the company in terms of Section 92(3) and Section 134(3) of the Act and Rules framed thereunder, for the financial year 2021 - 22 will be available on our website www.eeslindia.org.

#### **10.20 STATUTORY AUDITOR**

The Comptroller and Auditor General of India (C&AG), in exercise of powers conferred under Section 139 of the Act had vide letter 19<sup>th</sup> August, 2021 appointed M/s S P Chopra & Co., Chartered Accountants

(A JV of PSUs under the Ministry of Power)

Registered Office: NFL Building, 5th & 6th Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

(Firm Reg. No. 000346N), New Delhi as Statutory Auditor of the Company for the financial year 2021 - 22. The Statutory Auditor's Report for the financial year 2021 - 22 is annexed to the Financial Statements of the company provided in the Annual Report.

#### **10.21 SECRETARIAL AUDITOR**

M/s Kumar Naresh Sinha & Associates, practicing Company Secretaries were appointed as Secretarial Auditors of the Company to carry out Secretarial Audit for the Financial Year 2021 - 22. The Secretarial Audit Report is annexed at **Annexure – VI** to this report.

#### **10.22 INTERNAL AUDITORS**

M/s KPMG Assurance and Consulting Services LLP were appointed as Internal Auditors of the Company for the financial year 2021 - 22.

#### **10.23 MAINTENANCE OF COST RECORDS AND COST AUDITORS**

The Company is not required to maintain the cost records as specified by the Central Government under sub – section (1) of section 148 of the Act. Therefore, Cost Audit is not applicable to the Company.

#### 10.24 REVIEW OF ACCOUNTS BY COMPTROLLER & AUDITOR GENERAL OF INDIA (C&AG)

The comments of C&AG for both the standalone and consolidated financial statements of your Company for the financial year ended 31<sup>st</sup> March 2022 are annexed at **Annexure - VII**.

# 10.25 DETAILS OF APPLICATION MADE OR ANY PROCEEDING PENDING UNDER THE INSOLVENCY AND BANKRUPTCY CODE, 2016

Following are the cases in which EESL has filed application to initiate Corporate Insolvency Resolution Process (CIRP):

#### 1. EESL Vs. A One Realtors Private Ltd.

EESL had floated a tender for award of work of large-scale distribution of LED Bulbs in the area of Rajasthan, Madhya Pradesh and Uttar Pradesh. The work was awarded to the Corporate Debtor by letters of award dated December 2, 2015, March 9, 2016 and January 1, 2016 issued by EESL. As per the terms of the letter of award and contract, the money collected by the Corporate Debtor for distribution of LED bulbs were to be deposited into the bank account of EESL. Despite various reminders/ notices sent by EESL to the Corporate Debtor, the Corporate Debtor failed to deposit the outstanding amounts claimed (i.e. INR 8,71,03,050 (Rupees Eight Crore Seventy-One Lakh Three Thousand and Fifty)). Due to the aforementioned reasons, EESL filed the present petition under Section 9 of the Insolvency and Bankruptcy Code, 2016. A-One Realtors during the pendency of the aforementioned litigation filed Civil Suit before Delhi High Court for declaration and recovery. EESL filed Interlocutory Application on maintainability of suit and under Section 8(1) of the Arbitration and Conciliation Act, 1996 seeking direction to refer the aforesaid matter to arbitration as the agreement entered into between the parties. The Hon'ble court vide order dated 31.03.2022 allowed the IA and appointed Mr. Justice (Retd.) Jayant Nath, former judge of Delhi High Court as the sole arbitrator to adjudicate the dispute between the parties.

#### 2. Balaji Lifestyle Technologies Pvt. Ltd. Vs Excel Technovation Pvt. Ltd.

Balaji Lifestyle has filed insolvency petition against Excel Technovation Pvt Ltd, where EESL is not a privy or party to the litigation. However, EESL being one of the claimants has filed its claims pursuant to "Claim Form B (being operational creditor) under the Regulation 7 of the Insolvency and Bankruptcy Board of India Regulations 2016". Therefore, for the sake of clarity, EESL has not

(A JV of PSUs under the Ministry of Power)

Registered Office: NFL Building, 5th & 6th Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

initiated the insolvency proceedings against Excel Technovatio Pvt Ltd, EESL has filed its claim to the learned "Resolution Professional" Mr. Prashant Agarwal as appointed by Hon'ble NCLT Jaipur.

3. Signify Innovations India Ltd Vs Eon electric Ltd And In the matter of Ritu Rastogi, RP for EON Vs. EESL

Ms. Ritu Rastogi has been appointed as "Resolution Professional" by the Hon'ble NCLT, Chandigarh pursuant to the petition filed by M/s. Signify Innovation Ltd against M/s. Eon Electric. In this matter Ms. Ritu Rastogi has filed an application for reduction of Bank Guarantee from 10% to 3% under the contract signed between EESL and Eon. The reply for the same has been submitted by the EESL.

#### **10.26 STATUTORY & OTHER DISCLOSURES**

- a) There was no change in nature of business of the Company during the financial year 2021 22.
- b) The Company has in place adequate internal financial controls with reference to financial statements. The Board has adopted the policies and procedures for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, safeguarding of its assets, the prevention of and detection of fraud and errors, the accuracy & completeness of the accounting records and the timely preparation of reliable financial disclosures.
- c) There was no revision in the financial statements or the Directors' Report during the year.
- d) The Company has not issued any stock options to the Directors or any employee of the Company.
- e) The Company has complied with the applicable Secretarial Standards as issued by ICSI.
- f) During the financial year 2021 22, there was no failure to implement any Corporate Action.
- g) Till date, the company has not accepted any deposits and therefore, no disclosure is required relating to deposits under Chapter V of the Act.
- h) No significant or material orders were passed during the period under the review by the Regulators /Courts / Tribunals impacting the Going Concern Status and Company's Operations in future.
- i) Pursuant to provisions of the Section 143(12) of the Act, neither the Statutory Auditors nor the Secretarial Auditor has reported any incident of fraud during the year under review.
- j) Neither the Statutory Auditor nor the Secretarial Auditor have given any qualification, reservation or adverse remarks in their report.
- k) During the year, there was no one time settlement with the Banks / Financial Institutions.
- 1) The Consolidated Financial Statements are also being presented in addition to the Standalone Financial Statements of the company.
- m) Any other material event having an impact on the affairs of the company: There has been a significant increase in attrition rate in the company. During the financial year 2021 22, the attrition was 3.39% amongst regular employees whereas amongst Fixed term employees, it was 14.65%.

# 10.27 MATERIAL CHANGES AND COMMITMENTS, IF ANY, AFFECTING THE FINANCIAL POSITION OF THE COMPANY

There are following material commitments, affecting the financial position of the Company which has occurred during the Financial Year ended on March 31, 2021:

a. CESL was incorporated as a wholly owned subsidiary of EESL. The Board in their 88<sup>th</sup> Board Meeting accorded approval to transfer EESL's business verticals i.e., Solar business, Electric Vehicles, Electric Charging Infrastructure and others subject to management approval of the promoter companies and approval of Shareholders. The matter is pending for approval of the promoters' management and Shareholders.

#### **11. ACKNOWLEDGEMENT:**

The Directors are grateful to the Government of India particularly Ministry of Power, Ministry of Finance, Department of Economic Affairs for their continued co – operation and support. The Directors thank the state

(A JV of PSUs under the Ministry of Power) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

governments, state electricity boards, State Power Utilities and other borrowers for their continued supports and trust in the Company.

The Directors thanks all employees of the Company at all levels for their dedication and sincerity during the year under review. The Company will make every effort to meet the aspirations of its shareholders and wish to sincerely thank them for their whole hearted co – operation and support at all times.

# **Management Discussion and Analysis**

#### 1. Global Overview and Industry Outlook

COVID-19 pandemic continued to have its impact on the global economy owing to resurgent waves of mutant variants, supply-chain disruptions, and a return of inflation in both advanced and emerging economies. However, global economy was expected to grow at 6% in 2021 – 22, mainly owing to the anticipated vaccine – powered recovery in the second half of 2021. In India, the economic impact of the "second wave" in Q1 was much smaller than that experienced during the full lockdown phase in 2020 – 21 even though the health impact was more severe, resulting in estimated GDP growth of 8.7% in 2021 – 22, after witnessing contraction of 6.6% in the previous year. Nevertheless, Covid-19 pandemic did cause severe disruption in the energy efficiency sector and adversely affected the prospects for rapid clean energy transitions. Uncertainty over the duration of the pandemic, its economic and social impacts as well as the various policy responses continued to cast their shadow on the planned investments in Energy Efficient technologies by the Governments, businesses and households.

On the brighter side, as suggested by an IEA report, the socio-economic benefits of energy efficiency post-pandemic are becoming widely recognised and Governments are starting to rise to the challenge of "building back better" from this crisis, announcing billions of dollars in stimulus spending to increase energy efficiency, particularly in buildings and transport. Evidently, in India the renewable sources of energy such as wind and solar PV continued with their rapid growth and electric vehicles set new sales records in the financial year 2021 – 22 proving that the new energy economy, post the two Covid years, will be more electrified, efficient, interconnected and clean. Thus, while the full impact of the Covid-19 crisis may take years to properly understand, the crisis clearly poses both risks and opportunities for global energy efficiency.

Clean energy technology is becoming a major new area for investment and employment – and a dynamic arena for international collaboration and competition. Nations worldwide have slowly started moving towards setting the net zero targets which has been a positive push by the policymakers. European Union (EU) has set a net zero target of 2050 whereas countries such as Germany and Sweden has set out legally binding net zero targets for 2045. China, responsible for over a quarter of global GHG emissions, has set out a target for 2060 and US, the second largest emitter, has set a target of 2050. India too has joined the league and has committed towards net zero target by 2070 at the COP 26, along with setting out a five-point agenda **"Panchamrit"**, for achieving the goal. The agenda includes:

- Raising the non-fossil fuel based energy capacity of the country to 500 GW by 2030.
- By 2030, 50% of the country's energy requirements would be met using renewable energy sources.
- The country will reduce the total projected carbon emission by one billion tonnes between 2021 and the year 2030.
- The carbon intensity of the economy would be reduced to less than 45% by 2030 (Compared to 2005 levels).
- India would become carbon neutral and achieve net zero emissions by the year 2070.

It has been made clear in the energy outlook report of IEA of 2020 that avoiding new emissions is not enough for meeting the temperature rise target of 1.5-degree C i.e. actions will be required to reduce emissions from existing infrastructure. Energy efficiency, thus holds a major potential for meeting the climate goals in reducing emissions from existing as well as upcoming energy infrastructure.

#### 2. Business Outlook and key developments

It has been estimated that more than 100 GW additional coal capacity can be avoided in India until 2047 through energy efficiency measures. Further, Bureau of Energy Efficiency's (BEE), through its strategy plan UNATEE (Unlocking National Energy Efficiency Potential), has laid the framework and implementation strategy from short and medium to long term scenarios by establishing linkages between 'energy demand scenarios' and 'energy efficiency opportunities'. It elucidates total energy efficiency investment potential of 8.4 lakh crore by 2031 and energy saving potential of 1010 TWh. BEE studies have estimated energy saving potential to be 10.1 Mtoe in residential, 12.7 Mtoe in commercial and 40.2 Mtoe in industrial sector by 2030. Some of these sectors can be the focused domains for EESL's intervention in unlocking the energy saving potential and consequent expansion of its business, moving forward.

Energy efficiency is a key driver in achieving energy access at affordable prices, improved energy security, greater sustainability, and economic growth. Energy Services Companies (ESCOs) like EESL, can create the Energy Efficiency value chain and Grid interactive demand response through smart appliances, buildings/industrial consumers, and EV chargers that can provide critical services to the grid, especially for Renewable Energy grid integration or during peak demand periods.

Hon'ble Finance minister in her budget speech also emphasized on the promotion of energy efficiency and energy savings measures in large commercial buildings through the Energy Service Company (ESCO) business model. She delineated the role of capacity building and awareness for energy audits, performance contracts, and common measurement & verification protocol.

EESL, setup as a Super ESCO, is already implementing the world's largest non-subsidized energy efficiency portfolio across sectors like lighting, buildings, e-mobility, EV charging infrastructure, smart metering, solar, industrial energy efficiency and efficient agriculture pumping at a scale which no other organization has been able to achieve and thus, is naturally poised to take up large scale energy efficiency project implementation of new and emerging technologies, which is the need of the hour. The enormous cost reduction achieved through 'Demand aggregation & Bulk procurement' strategy adopted by EESL has helped in making the cutting-edge energy efficient technologies affordable for consumers without any subsidy from the Government. With the renewed emphasis and urgency all around for implementation of energy efficiency projects, EESL is well placed to expand its business.

Riding on the success and learnings of the previous years, EESL would be looking to adopt the best practices for its new programs. Also, based on the experience gained from the earlier projects and from the challenges faced during previous years, new approaches have been designed to make the processes robust to strengthen its programs for Smart Meters, , Decentralized Solar Plants and Industrial Energy efficiency. Key reformative measures initiated during the year are mentioned below:

• Role of 'Demand Aggregator' for EV: In order to avoid getting over-leveraged and to keep the company 'Asset-light', it was decided that EESL/CESL shall concern itself

Y

only with the aggregation of demand and shall not get in to financing of EVs. This reduces the capex requirement in EESL's EV operations and demarcate shift from investment lead to service / value based operations.

• **Financial prudence and Receivables Management:** It was vital for the company to create a culture of cash consciousness and accelerate cash collection from the debtors to mitigare pressure of large receivables. During the course of the financial year, EESL focused on setting processes for better cash management.

Continuous engagement was done with the debtors for outstanding realisation and since major debtors were government agencies, active support of the Ministry of Power (MoP) was availed for conveying the criticality and the urgency of liquidation of outstanding dues. The Company also took stringent actions against defaulting customers and initiated arbitration/adjudication action, wherever required, for expediting liquidation of receivables. Technical as well as commercial Punch points were addressed and closed on priority basis to help /enable the realisation. Owing to the above efforts, cash collection in the financial year 2021 – 22 was more than > Rs. 1600 cr which is about 37% higher to the collections of Rs. 1178 cr in the financial year 2020 – 21.

• Execution of Carbon finance based projects (Gram UJALA): In its endeavour to make the energy efficient appliances more affordable for consumers, EESL remains in pursuit of possible avenues for funding. Carbon financing is one such avenue to be leveraged. CESL, a wholly owned subsidiary of EESL, has distributed more than 1 Crore LED bulbs under Gram UJALA program, wherein LED bulbs are sold at Rs. 10 to the rural consumers and the differential cost of bulbs is targeted to be funded through Carbon financing. The program is being executed as a pilot for rural areas. If commercially successful, it would pave the way for more carbon finance based programs.

### • Demonstration of Energy Efficiency Projects (DEEP) in PAT Industries

- Considering EESL's experience in the implementation of large-scale energyefficient projects through innovative financial models and demand aggregation, BEE has entrusted EESL with providing support to PAT industries for the demonstration of innovative energy-efficient technologies and for creating an ecosystem for enabling market transformation for such innovative technologies. BEE and EESL with their collaborative approach and expertise have prepared this program to implement innovative technologies and deploy a bespoke package of energy efficiency technologies in PAT industries. The overall objective of this program is to demonstrate emerging/innovative energy-efficient technologies in the identified PAT sectors and to create a self-sustaining mechanism for their upscaling. Key activities of the project are as below: Identification of Innovative technologies
- Selection of beneficiaries through REoIs (Request for expression of interest)
- Baseline study & DPR preparation
- Procurement, Installation & commissioning of technology
- Measurement & Verification (M&V)
- Training and capacity building.

Emerging technologies, which are innovative in nature and have potential to replicate in the notified PAT industries, which has not been commercialized to the large scale and have potential for energy efficiency improvement or generation will be targeted under the scheme. Joint Technical Working Committee (JTWC) has already identified the following four technologies for demonstration of the project.

- Microturbine/ Back pressure turbine (HP/MP to LP expansion)
- VFD enabled Screw Compressor with Permanent Magnet (PM) motor
- Turbo Blower
- Low-Grade Waste Heat Recovery System (LGWHRS)

Finance for project shall be done through the grant support (partially) by BEE and upfront contribution from DC. DCs has to contribute minimum 30% of total technology cost. The DC, who will contribute more will be prefer for selection.

#### • Global Environment Facility-5 (GEF-5): Promoting Market Transformation for Energy Efficiency in Micro, Small & Medium Enterprises (MSME)

EESL is implementing the prestigious GEF-5 project in association with Ministry of MSME, United Nations Industrial Development Organization (UNIDO), Bureau of Energy Efficiency (BEE) and Small Industries Development Bank of India (SIDBI). The program is being implemented in 12 MSME clusters across India. So far, 19 technologies have been successfully demonstrated across the identified clusters out of 34 identified technologies. In the pursuit, EESL has conducted 800 surveys and 80 detailed energy audits in the MSME units.

EESL has signed more than 50 energy performance agreements with the MSME units for implementation of energy efficient technologies resulting into the mobilization of investment to the tune of about Rs. 10 Cr.

• **Creation of SLNP business models:** EESL has finalised three business model i.e. Supply, Supply + Opex, ESCO model for implementation of Street Light National Programme going forward. The business models are prepared considering operational targets and have inbuilt payment security mechanism to ensure sustainability in operations.

#### 3. Glance at EESL Operations

With the confidence gained from the enormous success of its LED programs viz. UJALA and Street Light national Program (SLNP), EESL has been working on a series of Energy Efficiency programs and emerging Technologies and has focussed on the deployment of Electric Vehicle, EV Charging Infrastructure, Smart Meters, Decentralized Solar, and Energy Efficiency interventions in MSMEs (GEF-5) as well as in industries.

M/s **IntelliSmart** is working as the execution arm for Smart Meter projects. Smart metering is among the measures proposed by Government of India under RDSS, a part of erstwhile IPDS

and UDAY schemes to improve the financial health of DISCOMs. The Smart Meters are to be installed in phases, aiming to cover a entire consumer base of 250 million across the country.

M/s **CESL** is presently focussing upon carbon finance projects (e.g. Gram UJALA) as well as clean transportation through demand aggregation including bulk tendering for Electric vehicles. It's focus is on optimizing assets, monetizing and stacking multiple values and using innovative financial structures to deliver at scale.

A glimpse of Segment-Wise performance is as follows:

- Under UJALA scheme, LED bulbs, LED Tube lights and Energy efficient fans are being provided to consumers for replacement of conventional and inefficient variant. Till 31<sup>st</sup> March, 2022 EESL has completed the distribution of over 36.79 crore LED bulbs, 23.59 lakh Energy Efficient Fans and 72.18 lakh LED Tube lights.
- Under Street Light National Program, EESL has completed installation of 1.25 crore LED street lights across India.
- EESL (through CESL) has expanded UJALA program in rural areas i.e. Gram UJALA. Keeping in view that consumers' affordability is low the price of the LED bulb has been kept at Rs. 10 which is comparable to that of Incandescent Lamps (ICLs) for similar illumination. The balance requirement for program is financed through carbon credits. M/s CESL has distributed a total of 1 Crore LED bulbs during the financial year to the rural consumers of Bihar, Uttar Pradesh, Karnataka, Andhra Pradesh and Telangana.
- EESL along with its JV, IntelliSmart is ensuing to establish itself as the leading smart meter player in India with implementation of more than 26 lakh meters under the Smart Metering Program and bids. Under the Meter Program EESL (through IntelliSmart) has installed 24.62 lakh smart meters during the year. Further, EESL is providing value added services to its customers by enabling its smart meters function in Pre-paid mode.
- Decentralised Solar: A first of its kind large scale programme wherein existing agricultural feeders are being solarized through implementation of decentralized solar power plants at vacant/un-used lands near DISCOM substations. Under Decentralized Solar Power Plant Program EESL has commissioned cumulative capacity of decentralized solar power plant of 192 MWp.
- In its EV program, EESL (through CESL) has aggregated demand of over 1.5 lac E3Ws, 2300 e-cars and has successfully carried out a tender of 5450 e-buses.
- Under Buildings Energy Efficiency Programme (BEEP) to retrofit commercial buildings in India into energy efficient complexes, EESL is creating a market for clean energy in India. Under BEEP, EESL has completed retrofitting work in 11,582 buildings.
- In Agricultural Demand Side Management (AgDSM) programme for BEE 5-star energy efficient agricultural pumps, EESL ensures a minimum of 30% reduction in energy consumption with smart control panels. Under AgDSM, EESL has installed 78,977 nos. of agricultural pumps.

Under Motor Replacement Program EESL has deployed/replaced 5,280 withIE3 motors.

### 4. EESL's Strengths

EESL has developed in house expertise in execution of energy efficiency, clean energy and demand side management projects. The team has expertise and knowledge in the areas of Lighting projects and has developed expertise over time in the areas of Smart meter, EV, solar and Industrial efficiency projects. EESL has technical and financial support from its strong institutional promoters and has demonstrated proven track record of delivering impactful outcomes, building a strong brand and domain expertise. During the course of its operations, EESL has developed strong relationship with its core customer base – distribution utilities, municipal utilities, MSMEs and Industries. EESL has pioneered the demand aggregation and bulk procurement intervention thereby driving down the prices of appliances/equipment in Lighting, Smart Meter as well as EV segments in order to expand market and make them affordable. EESL has access to economical financing options from multi and bilateral funding agencies which enables it in delivering value and better returns to its customers. EESL is one the very few organizations which has successfully executed large scale energy efficiency projects in the country. E.g. UJALA, SLNP, Smart meters programme etc. EESL (through its wholly owned subsidiary-CESL) has also forayed on the Carbon finance market through its Gram UJALA program and plan to leverage this innovative financing for its other energy efficiency projects.

#### 5. EESL's Weaknesses

EESL is projected to grow in the coming future through expansion of its existing programmes as well as inclusion of new programs and approaches. Availability of skilled and expert resources and mature processes is a key challenge for EESL. Further, in recent months there has been an increase in exodus of experienced manpower from EESL to various new entrants in the sector. This has further aggravated the shortage of expertise within the organization required for spearheading its new programmes.

Also, the current equity base is small to fuel EESL growth in future and leveraging in new strategic initiatives. The Promoters have been infusing equity into the company from time to time as needed, but new innovative funding sources are needed to fuel its ambitious growth targets.

Further, there have been large outstanding dues from various government departments i.e ULBs and DISCOMs which are hampering the growth opportunities.

#### 6. **Opportunities**

EESL works under administrative control of Ministry of Power (MoP) and has been leveraging its position to tap government's project pipeline as well as in getting its outstanding payments cleared by Government agencies. Appreciating the fact that a healthy cash flow will facilitate EESL's investment in new energy efficiency projects, MoP has been proactively supporting EESL in liquidation of its outstanding payments through periodic reviews of receivables as well as issuing necessary directions to states/ULBs to liquidate EESL dues within a stipulated timeframe.

EESL has developed excellent working relationship with distribution utilities, MSMEs, industries, urban local bodies and multi/bi-lateral funding agencies. With its sectoral experience of more than a decade, the company has cultivated a keen understanding of regulations and policies related to energy efficiency and demand side management. Its unparalleled success in large scale deployment of energy efficient appliance such as LED

lighting, fans, motors, and other equipment makes EESL a prime contender to partner and implement projects in future to achieve NDC goal of reducing energy intensity of GDP by 45% by 2030 compared to 2005 levels.

Leveraging on its strategic partnership and synergy with Bureau of Energy Efficiency, EESL is foraying into Demonstration of Energy Efficiency Projects in PAT industry. EESL can work to tap huge market potential for energy efficiency interventions in industrial pumping, compressed air, waste heat recovery, chillers, district cooling, etc through a standard business model.

#### 7. Overseas Opportunities

EESL has made significant progress by forming alliances with various government agencies and leading technology providers with the goal of increasing shareholder value by replicating a successful business model in energy efficiencies beyond the country's borders. One of the most significant achievements EESL has made in energy efficiency business in the overseas market is acquisition of Edina Power Services limited UK, Edina has a long history of developing Natural Gas Engine operated Tri-generation Projects in the United Kingdom and Ireland. Edina has developed approximately 1 GW of distributed CHP projects across the UK and surrounding geography over the last nearly four decades.

In the United Kingdom, there are significant business opportunities in the capacity market (peaking Power Plant); in this segment, Edina has proven to be the most reliable partner, with a 25-30% market share, making the company more sustainable. Except for the economic slowdown caused by the C-19 pandemic, Edina has contributed a large portion of revenue to EESL's top-line and will continue to do so.

Edina is exploring business opportunities in the UAE market, where initial market research and meetings with strategic clients have been conducted and has made significant progress. Natural gas pricing in the UAE market is under control because it is produced locally rather than relying on imported LNG gas. It is estimated that around 20-25% energy savings can be realised in UAE market, and this driver will also help to reduce carbon emissions, so UAE business opportunities are very promising.

#### 8. Threats, Risks and Concerns

Majority of EESL programs are executed for ULBs and DISCOMs which do not possess a very good credit rating. This causes an inherent risk to EESL investments in its programs. This is evident from EESL's high outstanding receivables which has crossed over Rs. 3500 Crores and is adversely impacting the cash flows for operations. Further, as EESL's ESCO services models are investment led, the programs are capital intensive, the cost of debt always needs to be maintained at a sustainable level to ensure healthy returns for both EESL and their consumers.

However, given the global geopolitical situation and uncertainty in economic activities as a result of various other factors, particularly the rise in oil and gas prices, can have a significant impact on the overall overseas line of EESL' business.

With significant change in company's structure, the company has seen exodus of senior officers and experienced manpower who had sector expertise and were well versed with organization's business.

#### 9. Internal Control System and their Adequacy

The Company maintains a system of Internal Control including suitable monitoring procedures to ensure accurate and timely financial reporting of various transactions, efficiency of operations and compliance with statutory laws, regulations and Company policies. There has been a regular review and some area of improvement have been noticed. EESL is embarking on IMS implementation to inculcate a culture of process driven outcomes. EESL has instituted a 'Risk Management committee' for program risk appraisal A 'Corporate Monitoring Group' has also been created to monitor the issues, performance, project progress of the company. Systemic improvement in the Procurement Process involving Gap identification, standardization of processes, improved evaluation, enhanced participation by leveraging new technological measures, etc is also underway.

Suitable delegations of power and guidelines for accounting have been evolved for uniform compliance. In order to ensure that adequate checks and balances are in place and internal control systems are in order, regular and exhaustive Internal Audit are conducted internally by experienced firms of Chartered Accountants.

Further, to complement the internal controls, EESL has already implemented an ERP system.

#### 10. Material Developments in Human Resources/Industrial Relations

The Total manpower of the Company as on 31<sup>st</sup> March 2022 stands at 856 which includes 259 regular employees, 89 fixed term employees, 15 consultants, 493 third party employees. With this talent pool bearing a unique mix of experienced and fresh executives and staff, the project execution capabilities have been enhanced.

#### 11. Financial Performance and business analysis

During the financial year 2021-22, the Company registered a decrease in total income which went down to Rs. 1590.96 crore from Rs. 1674.85 crore during the financial year 2020-21. Loss before tax was at Rs. 217.95 crore in 2021 – 22 in comparison to a before tax profit of Rs. 14.48 crore in 2020 – 21. Net Loss (After Tax) of the Company in 2021 – 22 is Rs. 150.94 crore. Net worth of the Company as on March 31, 2022 stands at Rs. 1258.49 Crore. (Standalone audited financial Results).

The impact of Covid-19 was also seen on EESL's operations during the year. Urban local bodies (ULBs) forms a major client for EESL. During the pandemic, ULBs had to focus more on health infrastructure and sanitation activities which further aggravated their already stretched financial position. Deprioritising of Energy Efficiency projects resulted in reduced order booking while financial stress of clients hampered the payment realisation during the year though, a significant improvement in cash collections was achieved in the financial year 2021 – 22 owing to focused efforts of EESL and support from promoters and MoP. Counting on the continued support of all associated stakeholders, the company looks forward to further improve its cash collection figures in the coming year.

On the smart meter front, new installations could not take place at the desired pace due to lock downs, restricted entry in residential premises and supply chain disruption due to chip shortage issues.

In the EV business, EESL (through CESL) will be acting as an enabler and aggregator of demand for STUs, Mobility service providers and general consumers. Considering that EVs is a sun-rise industry with significant growth rate, EESL, having already established as a key enabler in EV adoption, will benefit immensely through its various programs in the sector.

EESL is the national executing partner for the GEF project titled 'Promoting Market Transformation for Energy Efficiency in Micro, Small and Medium Enterprises' being implemented in India by UNIDO in cooperation with the Ministry of MSME (MoMSME), Government of India. Under the project EESL has already completed the demonstration of energy saving potential of 19 identified technologies in 12 selected MSME clusters across the country, while work is in advance stage for demonstration of balance 17 technologies envisaged in the project. Armed with the learnings from the above pilot projects EESL will go ahead with ramping up the implementation of these proven Energy efficient technologies at a larger scale across the MSMEs and other industrial facilities thus diversifying its business portfolio in Industry Energy efficiency sector.

#### 12. Environmental Protection and Conservation

The projects executed by EESL till the end of last financial year i.e. 2021 - 22 have saved about 58 billion kWh of energy per year, avoided peak demand of about 11,560 MW and resulted in reduction in CO<sub>2</sub> emission of about 46 million tonnes annually.

#### **Cautionary Note**

Certain statements in "Management Discussion and Analysis" section may be forward looking and are stated as required by applicable laws and regulations. Many factors may affect the actual results, which could be different from what the Management envisages in terms of future performance and outlook.

#### Annual Report on CSR Activities for the Financial Year 2021 - 22

#### 1. Brief outline on CSR Policy of the Company:

CSR programs undertaken by your Company include activities specified in Schedule VII of the Companies Act 2013 & Rules made thereunder for the benefit of community at large. The Company's CSR activities primarily focused on Health, Sanitation, Safe Drinking Water and Education. CSR Policy of the Company as required under Section 135 of Companies Act, 2013 is available on our website (www.eeslindia.org).

#### 2. Composition of CSR Committee:

As on 31st March 2022, Corporate Social Responsibility Committee comprised of the following: -

SI.	Name of Director	Designation / Nature of Directorship	No. of meetings of CSR	No. of meetings of CSR Committee
No.			Committee held during the year	attended during the year
1.	Smt. Seema Gupta	Nominee Director	1	1
2.	Shri Aditya Dar	Nominee Director	1	1
3.	Shri Arun Kumar Mishra	Whole - Time Director & Chief Executive Officer	1	1

- 3. Provide the web-link(s) where Composition of CSR committee, CSR Policy and CSR projects approved by the board are disclosed on the website of the company: <a href="https://eeslindia.org/en/investors-zone/">https://eeslindia.org/en/investors-zone/</a>
- 4. Provide the executive summary along with web-link(s) of Impact Assessment of CSR projects carried out in pursuance of sub rule (3) of rule 8, if applicable: The activity of Impact Assessment related is under process.
- 5. (a) Average net profit of the company as per sub-section (5) of section 135: Rs. 3628.87 lacs
  - (b) Two percent of average net profit of the company as per sub-section (5) of section 135: Rs. 72.58 Lacs
  - (c) Surplus arising out of the CSR projects or programmes or activities of the previous financial years: NIL
  - (d) Amount required to be set-off for the financial year, if any: Rs. 4.8 Lacs
  - (e) Total CSR obligation for the financial year [(b)+(c)-(d)]: Rs. 67.80 Lacs
- 6. (a) Amount spent of CSR projects (both ongoing project and other than ongoing project): Rs. 67.80 Lacs\*
  - (b) Amount spent in Administrative Overheads: NIL
  - (c) Amount spent on Impact Assessment, if applicable: NIL
  - (d) Total amount spent for the Financial Year [(a)+(b)+(c)]: Rs. 67.80 Lacs\*
  - (e) CSR amount spent or unspent for the financial year:

(A JOINT VENTURE COMPANY OF PSUS OF MINISTRY OF POWER, GOVT OF INDIA) Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

		Amount Unspent (in Rs.)						
Total Amount Spent for the Financial Year. (in Rs.)		sferred to Unspent CSR – section (6) of section 135.	Amount transferred to any fund specified under Schedule VII as per second proviso to sub – section (5) of Section 135.

## **Corporate Governance Report**

(for the period ended on 31st March 2022)

(Pursuant to Schedule V of the SEBI (Listing obligations and Disclosure Requirements) Regulations, 2015)

#### 1. CORPORATE GOVERNANCE PHILOSOPHY

EESL has been practising Corporate Governance to ensure transparency in corporate affairs. The Corporate Governance framework has been built on the Company's value system, aimed at conducting business ethically, efficiently and in a transparent manner.

#### 2. BOARD OF DIRECTORS

#### 2.1. Size and Composition of the Board

As per the provisions of Articles of Association of the Company, the number of directors of the Company shall not be less than four (4) and not more than six (6). Composition of the Board of Directors of the Company as on March 31, 2022 is as under:

S. No.	Name of the Director	Designation				
1.	Shri K. Sreekant	Chairman & Non – Executive Nominee Director				
2.	Shri Arun Kumar Mishra	Chief Executive Officer & Whole - Time Director				
3.	Shri Vivek Kumar Dewangan	Government Nominee Director (Non – Executive)				
4.	Smt. Seema Gupta	Non – Executive Nominee Director				
5.	Shri C. K. Mondol	Non – Executive Nominee Director				
6.	Shri Aditya Dar	Non – Executive Nominee Director				

During the financial year 2021 - 22 and upto the date of this report, following changes took place in the composition of Board of Directors of the Company:

- 1. Due to Board Restructuring, following changes took place:
  - Shri Saurabh Kumar who was appointed as Executive Vice Chairman of EESL w.e.f. 1<sup>st</sup> April, 2021 ceased to be a part of Board of Directors of the company w.e.f. 6<sup>th</sup> September, 2021.
  - Shri Rajeev Sharma ceased to be Nominee Director (REC Limited) and Chairman of the company w.e.f. 6<sup>th</sup> September, 2021 due to withdrawal of nomination.
  - Shri Rajat Kumar Sud, Managing Director, ceased to be a part of Board of Directors of the company w.e.f. 6<sup>th</sup> September, 2021.
  - Smt. Parminder Chopra who was appointed as Nominee Director (Power Finance Corporation Limited) ceased to be Director in EESL w.e.f. 6<sup>th</sup> September, 2021 due to withdrawal of nomination.
  - Shri Shankar Gopal (Director (Commercial)) and Shri Venkatesh Dwivedi (Director (Projects & Business Development) ceased to be a part of Board of Directors of the company w.e.f. 6<sup>th</sup> September, 2021.
  - Shri Abhay Bakre ceased to be a Director on the Board of EESL w.e.f. 5<sup>th</sup> October, 2021 due to withdrawal of nomination.
- Shri Mritunjay Kumar Narayan was appointed as an Additional Director, designated as Government Nominee Director w.e.f. 30<sup>th</sup> June, 2021 whose office ceased w.e.f. 21<sup>st</sup> December 2021 due to change in nomination.

(A JOINT VENTURE COMPANY OF PSUs OF MINISTRY OF POWER, GOVT OF INDIA)

Registered Office: NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi – 110003 <u>CIN: -U40200DL2009PLC196789</u>

- 3. Shri Sreekant Kandikuppa was appointed as Nominee Director of Power Grid Corporation of India Limited (PGCIL) and Chairman of the Company w.e.f. 6<sup>th</sup> September, 2021.
- 4. Smt. Seema Gupta was appointed as Nominee Director of PGCIL w.e.f. 6<sup>th</sup> September, 2021 who ceased to be Director in the company w.e.f. 31<sup>st</sup> May 2022 due to change in nomination.
- 5. Shri C. K. Mondol was appointed as Nominee Director (NTPC Limited) w.e.f. 6th September, 2021.
- 6. Shri Arun Kumar Mishra was appointed Chief Executive Officer of EESL w.e.f. 5<sup>th</sup> October, 2021 and Whole Time Director in the company w.e.f. 7<sup>th</sup> October, 2021. However, due to recent change in structure of Board of Directors of the company where Chief Executive Officer was made a below Board level position, he ceased to be the Whole Time Director w.e.f. 27<sup>th</sup> July 2022.
- Shri Vivek Kumar Dewangan was appointed as Additional Director, designated as Government Nominee Director (Ministry of Power) w.e.f. 23<sup>rd</sup> December 2021. However, he ceased to be Director in EESL w.e.f. 28<sup>th</sup> July 2022 due to change in nomination.
- Shri Abhay Choudhary was appointed as Additional Director, designated as Nominee Director of PGCIL in place of Smt. Seema Gupta w.e.f. 18<sup>th</sup> June 2022.
- 9. Shri Ajay Tewari was appointed as Additional Director, designated as Government Nominee Director w.e.f. 29<sup>th</sup> July 2022 in place of Shri Vivek Kumar Dewangan.

#### 2.2. Board Meetings

The Board Meetings of the Company are usually held at the Registered Office of the Company located at New Delhi. However, owing to the Covid - 19 pandemic the meetings were also held over video - conferencing in terms of the notifications issued by the Ministry of Corporate Affairs.

Seventeen (17) meetings of the Board of Directors were held during the year under review and gap between two meetings did not exceed one hundred and twenty days. The said meetings were held on 30<sup>th</sup> June 2021, 12<sup>th</sup> August 2021, 31<sup>st</sup> August 2021, 6<sup>th</sup> September 2021, 17<sup>th</sup> September 2021, 5<sup>th</sup> October 2021, 14<sup>th</sup> October 2021, 29<sup>th</sup> October 2021, 13<sup>th</sup> November 2021, 30<sup>th</sup> November 2021, 13<sup>th</sup> December 2021, 29<sup>th</sup> December 2021, 3<sup>rd</sup> January 2022, 27<sup>th</sup> January 2022, 11<sup>th</sup> February 2022, 9<sup>th</sup> March 2022 and 25<sup>th</sup> March 2022. The necessary quorum was present for all the meetings.

## Form No. MR – 3 SECRETARIAL AUDIT REPORT

#### FOR THE FINANCIAL YEAR ENDED 31<sup>ST</sup> MARCH, 2022

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members, Energy Efficiency Services Limited CIN: U40200DL2009PLC196789 NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core - III, SCOPE Complex, Lodhi Road, New Delhi - 110003

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Energy Efficiency Services Limited** (hereinafter called "The Company"), having its Registered Office at **NFL Building**, **5**<sup>th</sup> **& 6**<sup>th</sup> **Floor**, **Core** - **III**, **SCOPE Complex, Lodhi Road, New Delhi – 110003.** Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on **31**<sup>st</sup> **March**, **2022** complied with the statutory provisions prescribed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **31**<sup>st</sup> **March**, **2022** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Overseas Direct investment - As per the information provided to us and documents furnished before us, the Company has made Overseas Direct Investment during

the financial year and complied all the provision of Foreign Exchange Management Act, 1999 along with Companies Act 2013 as applicable.

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (Not Applicable during the period under review)
  - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
  - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; (Not Applicable during the period under review)
  - (d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations 2021; (Not Applicable during the period under review)
  - (e) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021;
  - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; (Applicable to the company during the audit period)
  - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (Not Applicable during the period under review); and
  - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; (Not Applicable during the period under review)

The compliance by the Company of applicable financial laws, like direct and indirect tax laws, has not been reviewed in this audit since the same have been subject to review by the statutory auditor and other designated professionals.

We have also examined compliance with the applicable clauses/Regulations of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India;
- (ii) The Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015. (Applicable to the company during the audit period as the debt securities of the company are listed on BSE).

During the period under review and as per the explanations made by the management and subject to the clarifications given to us, the Company has satisfactorily complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

### We further report that:

• The Board of Directors of the Company consists of Executive Director, Non-Executive Directors including Woman Director. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

- As per the minutes of the meetings, duly recorded and signed by the Chairman, majority decision is carried through unanimously while the dissenting members' views, wherever given, are captured and recorded as part of the minutes.
- Generally, adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, other than those held at shorter notice, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation in the meeting.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations, and guidelines.

We further report that during the audit period i.e., Financial Year 2021-22;

- i. Supplementary Agreement No. 7 was executed by the promoters and corresponding Articles of Articles of Association were amended to change the management structure of the company wherein the Board shall comprise of 6 directors including 2 each from NTPC and PowerGrid, one government nominated director not below the rank of Joint Secretary of Ministry of Power and the Chief Executive Officer (CEO) of the Company.
- ii. The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially, or optionally convertible). However, a Rights Issue amounting to Rs. 407.49 cr. was made during the reporting period.
- iii. The Company made investments of Rs. 1000 lakhs in Convergence Energy Services Limited, Rs. 6150.60 lakhs in EESL Energy Pro Assets Limited and Rs. 1808.10 lakhs in Intellismart Infrastructure Private Limited and granted Ioan of Rs. 3000 lakhs to Convergence Energy Services Limited.
- iv. As per the explanations made by the management and subject to the clarifications given to us, the Company has not issued any bonus shares, shares for consideration other than cash or has not bought back any shares.

To, The Members, Energy Efficiency Services Limited CIN: U40200DL2009PLC196789 NFL Building, 5<sup>th</sup> & 6<sup>th</sup> Floor, Core - III, SCOPE Complex, Lodhi Road, New Delhi – 110003

Our Report of even date is to be read along with this letter.

- 1. Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our finding/ audit.
- 2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on the random test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
- 3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company. We have relied upon the Reports of statutory Auditors regarding compliance of Companies Act, 2013 and Rules made thereunder relating to maintenance of Books of Accounts, papers and financial statement of the relevant financial year, which give a true and fair view of the state of the affairs of the Company.
- 4. Wherever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
- 5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on random test basis, which satisfies the compliances of applicable laws.
- 6. The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

#### COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6)(b) OF THE COMPANIES ACT, 2013 ON THE FINANCIAL STATEMENTS OF ENERGY EFFICIENCY SERVICES LIMITED FOR THE YEAR ENDED 31 MARCH 2022

The preparation of financial statements of Energy Efficiency Services Limited for the year ended 31 March 2022 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139(5) of the Act is responsible for expressing opinion on the financial statements under section 143 of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 08.07.2022.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the financial statements of Energy Efficiency Services Limited for the year ended 31 March 2022 under Section 143(6)(a) of the Act. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report under section 143(6)(b) of the Act.

COMMENTS OF THE COMPTROLLER AND AUDITOR GENERAL OF INDIA UNDER SECTION 143(6) (b) READ WITH SECTION 129 (4) OF THE COMPANIES ACT, 2013 ON THE CONSOLIDATED FINANCIAL STATEMENTS OF ENERGY EFFICIENCY SERVICES LIMITED FOR THE YEAR ENDED 31 MARCH 2022

The preparation of consolidated financial statements of Energy Efficiency Services Limited for the year ended 31 March 2022 in accordance with the financial reporting framework prescribed under the Companies Act, 2013 (Act) is the responsibility of the management of the company. The statutory auditor appointed by the Comptroller and Auditor General of India under section 139 (5) read with section 129 (4) of the Act is responsible for expressing opinion on the financial statements under section 143 read with section 129 (4) of the Act based on independent audit in accordance with the standards on auditing prescribed under section 143(10) of the Act. This is stated to have been done by them vide their Audit Report dated 08.07.2022.

I, on behalf of the Comptroller and Auditor General of India, have conducted a supplementary audit of the consolidated financial statements of Energy Efficiency Services Limited for the year ended 31 March 2022 under section 143(6)(a) read with section 129(4) of the Act. We conducted a supplementary audit of the financial statements of Energy Efficiency Services Limited but did not conduct supplementary audit of the financial statements of Convergence Energy Services Private Limited for the year ended on that date. Further, Section 139(5) and Section 143(6)(a) of the Act are not applicable to the entities listed in Annexure I being private entity(ies)/ entity(ies) incorporated in foreign country(ies) under the respective laws, for appointment of their Statutory Auditors and for conduct of supplementary audit. Accordingly, Comptroller & Auditor General of India has neither appointed the Statutory Auditors nor conducted the supplementary audit of these companies. This supplementary audit has been carried out independently without access to the working papers of the statutory auditor and is limited primarily to inquiries of the statutory auditor and company personnel and a selective examination of some of the accounting records.

On the basis of my supplementary audit nothing significant has come to my knowledge which would give rise to any comment upon or supplement to statutory auditor's report under section 143(6)(b) of the Act.

## Independent Auditor's Report To the Members of 'Energy Efficiency Services Limited'

#### Report on the audit of the standalone financial statements

#### Opinion

We have audited the accompanying standalone financial statements of 'Energy Efficiency Services Limited' (the "Company"), which comprise the standalone Balance Sheet as at 31 March, 2022, and the standalone Statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Changes in Equity and the standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including a summary of the significant accounting policies and other explanatory information (the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at 31 March, 2022 and its loss (including other comprehensive loss), its changes in equity and its cash flows for the year ended on that date.

#### Basis for opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the standalone financial statements' section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Emphasis of matters

We draw attention to the following matters in the notes to the standalone financial statements:

- a) Necessary rectifications as may be required to be effected in the standalone financial statements upon completion of reconciliation of trade receivables, trade payables, capital work in progress and property, plant and equipment including its physical verification. Refer note 3(i), 4(d) and 61 to the standalone financial statements.
- b) (i) The Company is in the process to seek clarifications/ amendments in certain agreements for smart meter projects, for extension of period, change in rates etc. including for those meters where the billing could not be done (ii) reconciliation of street lights installed/ completed so as to adequately capitalize/ recognize revenue, the effect of these notes shall be considered in the year in which such amendments/ reconciliations/ receipt of data is finalized and amounts determined. Refer note 35(d), 35(e), 35(f) and 35(g) to the standalone financial statements.

d Office - F-31 Connaught Place New Delhi - 110 001 Tel: 91-11-23313495

- c) Provision of ₹ 4,145.96 lakhs has been charged to standalone statement of profit and loss in the current year i.e., 2021-22 and ₹ 6,660.93 lakhs pertaining to the financial years 2014-15 to 2020-21 has been restated in the respective years towards ESCO services rendered to various urban local bodies (ULB's) for the reasons as stated in note 43(e)(iv) to the standalone financial statements.
- d) Accumulation of trade receivables to ₹3,72,450.02 lakhs against which Expected Credit Loss (ECL) of ₹5,642.89 lakhs created during the year and cumulative ECL of ₹13,419.62 lakhs as at 31 March 2022, based on assessment by an external agency is considered adequate by the management for the reasons as stated in note 14(f) to the standalone financial statements.

Our opinion is not modified in respect of these matters.

#### Key audit matters

Key audit matters are those matters that, in our professional judgment were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

No.	Key audit matter	How our audit addressed the key audit matter
1	Depreciation accounting The Company has charged the depreciation of ₹ 63,596.93 lakhs for the period 1 April 2021 to 31 March 2022 on tangible assets as disclosed in note 3 and 40 to the accompanying standalone financial statements of the company. Such depreciation is charged on straight line method, as per the accounting policy disclosed in note 2.2(v). This is considered as Key Audit Matter due to its nature and area of significant risk which may have material impact on the standalone financial statements.	<ul> <li>An understanding of the system of capitalization of assets and calculation of depreciation was obtained and adopted the following audit procedures:</li> <li>Evaluated and tested the effectiveness of the company's design of internal controls relating to recognition and measurement of depreciation for various assets.</li> <li>The calculations of depreciation on various class of assets were tested and verified.</li> <li>Verified the accounting of depreciation based on applicable INDAS.</li> </ul>
2	Contingent Liabilities There are number of litigations against the company pending before various forums. There is a high level of judgement required in estimating the contingent liabilities. The company's assessment of contingent liabilities is supported by the facts of the matter, company's judgement thereon, past experience and advice from legal and tax consultants, wherever necessary. We identified this as a key audit.	<ul> <li>We obtained an understanding of the company's internal instructions and procedures in respect of estimation and disclosure of contingent liabilities and adopted the following audit procedures:</li> <li>Understood and tested the design and operating effectiveness of controls as established by the management for obtaining the relevant information for pending litigation cases;</li> <li>Discussed with the management any material developments thereto and latest status of legal matters;</li> <li>Read various correspondences and related</li> </ul>

Continuation sheet

i i i	matter because the estimates on which these amounts are based involve a significant degree of management judgement in interpreting the cases and in view of associated uncertainty relating to the	documents pertaining to litigation cases and relevant external legal opinions obtained by the management and performed substantive procedures on calculations supporting the disclosure of contingent liabilities;
	outcome of these matters. (Refer note 53(b) to the standalone financial statements, read with the significant accounting policy no. 2.9)	<ul> <li>Examined recent orders from competent authorities and/ or communication received from various authorities, judicial forums and follow-up action thereon.</li> </ul>
		<ul> <li>Examined management's judgement and assessment for the requirement of provisions;</li> </ul>
		<ul> <li>Reviewed the adequacy and completeness of disclosures;</li> </ul>
		Based on the above procedures performed, the estimation and disclosures of contingent liabilities is considered to be adequate and reasonable.

#### Information other than the standalone financial statements and auditor's report thereon

The company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the report of the board of directors', including annexures, but does not include the standalone financial statements and our auditor's report thereon, which is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the report of the board of directors', including annexures, if any, thereon, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

# Responsibilities of the management and those charged with governance for the standalone financial statements

The company's board of directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or

In preparing the standalone financial statements, the board of directors is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board of directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the company's financial reporting process.

#### Auditor's responsibilities for the audit of the standalone financial statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### Other matter

We did not audit the financial statements/ information of a foreign branch of the company, included in the standalone financial statements of the company whose financial statements / information reflects total assets of ₹ 2,892.06 lakhs as at 31 March 2022 and total revenue of ₹ 31.32 lakhs for the year ended on that date, the financial statements/ information of the said branch is certified by the management and has not been audited by any other auditor. Our opinion in so far as it relates to the amounts and disclosures included in respect of the said branch solely on the information certified by the management.

Our opinion is not modified in respect of these matters.

### Report on other legal and regulatory requirements

- As required by the 'Companies (Auditor's Report) Order, 2020' ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in Annexure – 'A', a statement on the matters specified in paragraph 3 and 4 of the order
- 2. We also enclose our report in terms of section 143(5) of the Act, on the basis of such checks of the books and records of the company as we considered appropriate and according to the information and explanations given to us by the management, in Annexure 'B', on the directions and sub-directions issued by Comptroller and Auditor General of India.
- 3. As required by section 143(3) of the Act, we report that:
  - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b. in our opinion, proper books of account as required by law have been kept by the company so far as appears from our examination of those books;
  - c. the accounts of one foreign branch of the company that reflect total assets of ₹ 2,892.06 lakhs as at 31 March 2022 and total revenue of ₹ 31.32 lakhs for the year ended on that date are unaudited and certified by the management.
  - d. the standalone balance sheet, the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with, in the report are in agreement with the books of account;
  - e. in our opinion, the standalone financial statements comply with the Indian Accounting Standards ("Ind AS") notified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
  - f. on the basis of the written representations received from the directors and taken on record by the board of directors, none of the directors are disqualified as at 31 March 2022 from being appointed as a director, in terms of section 164(2) of the Act;
  - g. with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the company and the operating effectiveness of such controls, refer to our separate report in Annexure - 'C';
  - the remuneration paid by the company to its directors during the year is in accordance with the provisions of section 197 of the Companies Act, 2013, read with schedule V of the Act; and

- i. with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i. The company has disclosed the impact of pending litigations on its financial position in note 53 to its standalone financial statements;
  - ii. The company has not entered into any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. There has been no amount which were required to be transferred to the Investor Education and Protection Fund by the company;
  - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - (b) The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
    - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement; and
  - v. No dividend was declared or paid during the year; hence, the said clause is not applicable.

### Annexure - 'A' to Independent Auditor's Report

(Referred to in paragraph '1' under 'Report on other legal and regulatory requirements' section of the Independent Auditor's Report of even date on the standalone financial statements of Energy Efficiency Services Limited for the year ended 31 March 2022)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the standalone financial statements of the company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) In respect of its property, plant and equipments;
  - a. (A) The company has maintained the records showing particulars of property, plant and equipments. However, the quantitative details, situation of property, plant and equipment etc. have not been recorded therein.

(B) The company has maintained the records showing particulars of intangible assets. However, the quantitative details, and situation of intangible assets etc. have not been recorded therein.

- b. As explained to us, the physical verification of property, plant and equipments has not been carried out by the management.
- c. According to the information and explanations given to us and on the basis of our examination of the records of the company, the title deeds of immovable property are held in the name of the company except for a property located at Kolkata whose registration is pending, hence the title deed of the said property is not held. The details of said property are disclosed in note 3(f) on property, plant and equipment to the standalone financial statements and also given below:

Description of property	Gross carrying value (₹ in lakhs)	Property held in the name of	Whether title deed holder is a promoter, director or their relative or employee	Date since when property is held	Reason for property not being held in the name of the company
Office building in Kolkata	335.09	NBCC (India) Limited	No	31-Mar-21	Awaiting completion of legal formalities

- d. The company has not revalued any of its property, plant and equipment (including Right of Use assets) and intangible assets during the year.
- e. According to the information and explanations given to us and on the basis of our examination of the records of the company, no proceedings have been initiated during the year or are pending against the company as at 31 March, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder, as amended.
- (ii) (a) As explained to us, the physical verification of inventory has been conducted by the management during the year in which no material discrepancies were noticed. In our opinion, the system of physical verification should be strengthened by undertaking it at frequent intervals, having regard to the size of the company and nature of its business.

### Continuation sheet

(b) According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has been sanctioned the working capital limit in excess of ₹ 5 crores, in aggregate at any point of time during the year, from banks or financial institutions on the basis of security of current assets. The differences observed in the amount reported in quarterly statements filed by the company with such banks/ financial institutions during the year and amount as per books of account of the company are given below:

Quarter	Name of Bank	Particulars of security provided	Amount as per books of account (₹ in crores)	Amount as reported in quarterly statement (₹ in crores)	Amount of short/ (excess) reporting (₹ in crores)	Reason for material discrepancies
Quarter 1	Bank of	Trade	3,396.74	3,396.74	Nil	-

- (iii) The company, during the year, made investments of ₹ 1,000 lakhs in Convergence Energy Services Limited, ₹ 6,150.60 lakhs (GBP 6 million) in EESL EnergyPro Assets Limited and ₹ 1,808.10 lakhs in Intellismart Infrastructure Private Limited and granted loan of ₹ 3,000 lakhs to Convergence Energy Services Limited. The disclosures under clause 3(iii)(a) to 3(iii)(f) in this respect are as under:
  - (a) (A) Loan of ₹ 3,000 lakhs was given during the year to Convergence Energy Services Limited, a subsidiary company. The entire amount of loan is outstanding as at 31.03.2022.

Further, corporate guarantees of GBP 25.65 million (equivalent to ₹ 25,535.19 lakhs) and Irrevocable standby letter of credit (SBLC) of GBP 20.21 million (equivalent to ₹ 20,119.54 lakhs) have been given in earlier years, in respect of its subsidiary company namely EESL EnergyPro Assets Limited, which is outstanding as at 31.03.2022. No additional corporate guarantee or Irrevocable standby letter of credit (SBLC) has been given during the year in respect of any of its subsidiaries and joint ventures. Further, the company has no associates.

(B) The company has not provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured during the year, to parties other than subsidiaries and joint ventures. Further, the company has no associates:

- (b) The investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the company's interest.
- (c) In respect of loans and advances in the nature of loans, the schedule of repayment of principal and payment of interest has been stipulated. The repayment thereof has not fallen due as at the date of the financial statements.

- (d) The repayment of loan is still to commence hence the same has not fallen overdue as at the year end.
- (e) During the year, neither the loan has fallen overdue nor renewed/ extended or fresh loan granted to settle the overdue of existing loan given to same party.
- (f) The company has not granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment.
- (iv) According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not granted any loans or has not given any guarantee and security covered under Section 185 and 186 of the Act. In respect of investments, company has complied with the provisions of section 186 of the Act.
- (v) According to the information and explanations given to us and on the basis of our examination of the records of the company, the company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of section 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder to the extent notified, hence reporting under this clause is not applicable.
- (vi) Pursuant to the rules made by the Central Government of India, the company is not required to maintain cost records as specified under sub-section (1) of section 148 of the Act, hence reporting under this clause is not applicable.
- (vii) In respect of statutory dues:
  - a. According to the information and explanations given to us and on the basis of our examination of the records of the company, in our opinion, the undisputed statutory dues including provident fund, employee state insurance, income-tax, goods and service tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues, as applicable have generally been regularly deposited with the appropriate authorities *though there have been delays in few cases* and no undisputed amounts payable in respect of aforesaid dues are outstanding as at 31 March 2022 for a period of more than six months from the date they became payable.
  - b. The statutory dues of ₹ 7,896.28 lakhs are disputed on account of matter pending in appeals before appropriate authority against which company has deposited ₹ 4,868.14 lakhs under protest, the details of which are as under:

Sr. No.	Name of statue	Nature of dues	Forum where dispute is pending	Period to which amount/ disputes relates	Amount (₹ in crores)	Deposit under protest (₹ in crores)

- (viii) According to the information and explanations given to us, there were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) (a) Based on the audit procedures and according to the information and explanations given to us, the company has not defaulted in repayment of loans or other borrowings or in the payment of interest to any lender.
  - (b) Based on the audit procedures and according to the information and explanations given to us, the company has not been declared wilful defaulter by any bank or financial institution or other lender.
  - (c) According to the information and explanations given to us and the records of the company examined by us, the term loans received during the year were applied for the purpose for which these term loans were obtained and unutilized balances are held in fixed deposits/ bank accounts by the company.
  - (d) On an overall examination of the standalone financial statements of the company, funds raised on short-term basis have, prima facie, not been utilized during the year for long-term purposes by the company.
  - (e) Based on the audit procedures and according to the information and explanations given to us, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries and joint ventures. Further, the company has no associate.
  - (f) Based on the audit procedures and according to the information and explanations given to us, the company has not raised any loans during the year on pledge of securities held in its subsidiaries and joint ventures. Further, the company has no associate.
  - (a) In our opinion and according to the information and explanations given to us, the company has neither raised funds by way of initial public offer nor further public offer (including debt instruments) during the year hence reporting under this clause is not applicable.
    - (b) The company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year, hence reporting under this clause is not applicable. However, during the year the company had made an offer for right issue of its share to its existing shareholders, which was renounced by other shareholders in favor of Power Grid Corporation of India Limited and was fully subscribed.
- (a) Based on the audit procedures and according to the information and explanations given to us, no fraud by the company or no material fraud on the company has been noticed or reported during the year.
  - (b) No report under sub-section (12) of section 143 of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014, as amended, with the Central Government, during the year and upto the date of this report.

(x)

- (c) According to the information and explanations given to us and based on our examination of the records of the company, no whistle blower complaint was received by the company during the year.
- (xii) The company is not a Nidhi company hence reporting under clause 3(xii)(a) to 3(xii)(c) is not applicable.
- (xiii) According to the information and explanations given to us and on the basis of our examination of the records of the company, transactions with the related parties are in compliance with sections 177 and 188 of the Act, where applicable. The details of such transactions have been disclosed in the standalone financial statements as required by Ind AS 24 – Related Party Disclosures. However, some of the related party transactions were not put up to the Audit Committee/ Board for their approval as required by the Act.
- (xiv) (a) In our opinion, the company need to strengthen the internal audit system to make it commensurate with the size and the nature of its business as the area of coverage are not adequate.
  - (b) The internal audit has been carried out by an independent firm of chartered accountants of which the report for the year under audit, issued to the company during the year, was considered by us while conducting our audit procedures. However, the internal audit needs to be conducted quarterly instead of entire year.
- (xv) According to the information and explanation given to us, the company has not entered into any non-cash transactions with its directors or person connected with them.
- (xvi) (a), (b) and (c) According to the information and explanation given to us, the company does not undertake any activity which requires the company to be registered under section 45-IA of the Reserve Bank of India Act, 1934, hence, reporting under clauses 3(xvi)(a), (b) and (c) of the Order is not applicable.
  - (d) In our opinion, there is no Core Investment Company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The company has not incurred cash losses during the financial year covered under our audit and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the company during the year.
- (xix) On the basis of the financial ratios {as given in note 60(i) of the standalone financial statements}, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the standalone financial statements and our knowledge of the board of directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from they fall due.
- (xx) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR), in respect of other than ongoing projects, requiring a transfer to a Fund specified in Schedule VII to the Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act.

(b) There are no unspent amounts towards Corporate Social Responsibility (CSR), pursuant to any ongoing projects under sub-section (5) of Section 135 of the Act, requiring a transfer to a special account in compliance with the provision of sub-section (6) of section 135 of the said Act.

(xxi) The Companies (Auditor's Report) Order (CARO) reports are not applicable to its foreign subsidiaries namely EESL EnergyPro Assets Limited (incorporated in United Kingdom) and EESL Energy Solutions LLC (incorporated in United Arab Emirates).

In respect of subsidiary company namely Convergence Energy Services Limited (incorporated in India), though there has been no qualification its CARO report however, the said subsidiary company has incurred cash loss of ₹ 945 lakhs and ₹ 285 lakhs during current and immediately preceding financial years respectively as reported by the auditor of the said company under clause xvii of its CARO report.

### Annexure 'C' to the Independent Auditor's Report

(Referred to in paragraph 3(g) under 'Report on other legal and regulatory requirements' section of the Independent Auditor's Report of even date on the standalone financial statements of Energy Efficiency Services Limited for the year ended 31 March 2022)

# Report on the internal financial controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to the standalone financial statements of 'Energy Efficiency Services Limited' ("the Company") as at 31 March 2022 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

### Management responsibility for internal financial controls

The board of directors of the company is responsible for establishing and maintaining internal financial controls based on the internal control over reporting criteria established by the company considering the essential components of internal control stated in the "Guidance note on audit of internal financial controls over financial reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditor's responsibility

Our responsibility is to express an opinion on the company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance note on audit of internal financial controls over financial reporting (the 'Guidance Note') and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India and deemed to be controls, both applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system with reference to standalone financial statements.

### Meaning of internal financial controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

### Inherent limitations of internal financial controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the company has maintained, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at 31 March 2022, based on the internal control with reference to standalone financial statements criteria established by the company considering the essential components of internal control stated in the guidance note on 'Audit of internal financial controls over financial reporting' issued by the 'Institute of Chartered Accountants of India'.

### ENERGY EFFICIENCY SERVICES LIMITED Standalone Statement of Cash Flows for the year ended 31 March 2022

·		₹ in Lakh
Particulars	For the year ended 31 March 2022	For the year ende 31 March 202
A Cash flow from operating activities		
Profit before tax	(21,795.22)	1,447.58
Adjustments for:-		
Depreciation and amortization expense	64,091.86	56,533.65
Finance costs	34,493.50	34,782.91
Allowance for doubtful receivables	5,642.89	6,337.18
Provision for interest variance	4,145.96	3,369.79
Provision for doubtful advances	852.27	-
Provision for shortage in inventories	353.02	-
Loss on sale of property, plant and equipment (net)	13.61	10.0
Interest income	(1,872.89)	(2,774.3
(Gain)/loss on foreign currency transactions and translation (net)	5,824.11	(2,643.6
Grant income	(727.59)	(845.1)
Liquidation damages recovered from vendors	(642.15)	(2,332.6
Liabilities/excess provisions no longer required written back	(8.23)	(1,523.5)
Operating profit before working capital changes	90,371.14	92,361.7
Adjustments for:		
(Increase)/Decrease in Trade receivables	(47,863.97)	(46,939.8
(Increase)/Decrease in Inventories	4,262.86	2,040.9
(Increase)/Decrease in loans, other financial assets and other assets	3,944.72	(2,903.9
Increase/(Decrease) in trade payables, other financial liabilities and other liabilities	(12,659,95)	(17,507,6)
Increase/(Decrease) in provisions	162.41	189.5
Cash (used in) / generated from operations	38,217.21	27,240.8
Less: Income tax paid/(refund)	717.41	(1,112.7
Cash generated from operating activities (A)	37,499.80	28,353.5
B Cash flow from investing activities		
Purchase of property, plant and equipment and intangible assets (including capital work-in- progress and capital advance)	(68,733.23)	(60,969.20
Interest income	1,560.83	2,206.9
Investment in subsidiaries and joint venture company	(8,958.70)	(978.7
Loan given to subsidiary	(3,000.00)	-
Investment in bank balances other than eash and eash equivalents (net)	21,864.03	(21,152.3
Cash used in investing activities (B)	(57,267.07)	(80,893.3
C Cash flow from financing activities		
Proceeds from share capital	40,749.16	-
Proceeds from non-current borrowings	52,899.58	1,44,148:4
Repayment of non-current borrowings	(72,235,97)	(41,551.59
Proceeds / (repayments) of current borrowings (net)	37,602.23	26,387.9
Finance costs	(38,076.69)	(38,370.8
Lease rent paid	(314.83)	(196.3)
Cash from financing activities (C)	20,623.48	90,417.6.
Net increase in cash and cash equivalents (A+B+C)	856.21	37,877.82
Cash and cash equivalents at the beginning of the year	70,552.27	33,106.73
Exchange difference on translation of foreign currency cash and cash equivalents	996.83	(432.28
Cash and cash equivalents at the end of the year	72,405.31	70,552,23

\* Restated (refer note 43)

a) Cash and cash equivalents consists of balances with banks,

b) Reconciliation of cash and cash equivalents:

### 1. Company information

Energy Efficiency Services Limited (the "Company") is a Company domiciled and incorporated in India (CIN: U40200DL2009PLC196789). The address of the Company's registered office is NFL Building, 5th & 6th Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi- 110003. The Company has its debt securities listed on BSE Limited.

The Company is a Joint Venture of NTPC Limited, Power Finance Corporation Limited, Rural Electrification Corporation Limited and Power Grid Corporation of India Limited under the Ministry of Power. The Company is engaged in implementation of energy efficiency projects as an Energy Saving Company (ESCO). It acts as the resource center for capacity building for State Distribution Companies (DISCOMs), Energy Regulatory Commissions (ERCs), State Development Authorities (SDAs), upcoming ESCOs, financial institutions, etc.

The standalone financial statements for the year ended 31 March 2022 were approved for issue by Board of Directors on 8 July 2022.

### 2. Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the financial statements are as given Now. These accounting policies have been applied consistently to all periods presented in the financial statements.

The Company has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 and Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and intangible assets as per the previous GAAP as at 1 April 2015, i.e. the Company's date of transition to Ind AS, were maintained on transition to Ind AS.

# 2.1. Basis of preparation

### (i) Statement of Compliance

These standalone financial statements are prepared on going concern basis following accrual system of accounting and comply with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent notified and applicable) and applicable provisions of the Companies Act, 1956.

### (ii) Basis of measurement

The financial statements have been prepared on a historical cost basis except for:

- Certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments); and
- Plan assets in the case of employee defined benefit plans that are measured at fair value.
- The methods used to measure fair values are discussed in notes to the financial statements.

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

# (iii) Functional and presentation currency

These financial statements are presented in Indian Rupees ( $\overline{\mathbf{x}}$ ), which is the Company's functional currency. All financial information presented in  $\overline{\mathbf{x}}$  has been rounded to the nearest lakhs (up to two decimals), except as stated otherwise.

### (iv) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

.Il other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

### 2.2. Property, plant and equipment

### (i) Initial recognition and measurement

An item of property, plant and equipment is recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Items of property, plant and equipment are initially recognized at cost. Subsequent measurement is done at cost less accumulated depreciation/amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Project Development Cost incurred on ESCO Model Energy Efficiency Projects undertaken by the Company are recognised as property, plant and equipment.

Project Development Cost includes purchase price, taxes and duties, labor cost and any other costs directly attributable > the implementation of the project or acquisition of property, plant and equipment are allocated on systematic basis on implementation of projects, incurred up to the date when the asset is ready for its intended use.

When parts of an item of property, plant and equipment have different useful lives, they are recognised separately.

In the case of assets put to use, where final settlement of bills with contractors is yet to be affected, capitalisation is done on a provisional basis subject to necessary adjustment in the year of final settlement.

### (ii) Subsequent costs

Subsequent expenditure is recognised as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the Company and the cost of the item can be measured reliably.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

# (iii) Decommissioning costs

The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

### (iv) Derecognition

Property, plant and equipment is derecognised when no future economic benefits are expected from their use or upon their disposal. Gains and losses on derecognition of an item of property, plant and equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of property, plant and equipment, and are recognised in the statement of profit and loss.

### (v) Depreciation

Depreciation is recognised in the statement of profit and loss on pro rata basis on Straight Line Method using the rate arrived on useful lives of assets, specified in part C of Schedule II thereto of the Companies Act 2013 (the 'Act'). Freehold land is not depreciated.

| Nature of assets       | Life of property, plant and equipment |
|------------------------|---------------------------------------|
| Project equipment      | 3-10 years                            |
| Solar plant            | 25 years                              |
| Smart meter            | 8-10 years                            |
| Public chargers        | 10 years                              |
| TE-Vehicles            | 5-8 years                             |
| Building               | 30 years                              |
| Furniture and fittings | 10 years                              |
| Office equipment       | 5 years                               |
| Computers              | 3 years                               |
| Cell phones            | 2 years                               |
| Residential assets     | 3 years                               |

Estimated useful lives of the assets, based on technical assessment, are as follows:

Leasehold improvements are depreciated on straight line basis over lower of 3 years and their initial agreement period unless the entity expects to use the asset beyond the lease term.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions to/deductions from property, plant and equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed of.

Where the cost of depreciable assets has undergone a change during the year due to increase/decrease in long term liabilities on account of exchange fluctuation, the unamortised balance of such asset is charged off prospectively over the remaining useful life determined following the applicable accounting policies relating to depreciation/amortisation.

Where it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably, subsequent expenditure on a PPE along-with its unamortised depreciable amount is charged off prospectively over the revised useful life determined by technical assessment. The Company considers the residual value of project equipment of ₹ 100.

### 2.3. Capital work-in-progress

The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets.

If the ESCO Model Energy Efficiency project doesn't materialize, then the expenditure incurred in respect of the same is charged to Statement of Profit and Loss in that year.

### 2.4. Intangible assets

### (i) Initial recognition and measurement

An intangible asset is recognized if and only if it is probable that the expected future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably.

Intangible assets that are acquired by the Company, which have finite useful lives, are recognized at cost. Subsequent measurement is done at cost less accumulated amortisation and accumulated impairment losses. Cost includes any directly attributable incidental expenses necessary to make the assets ready for their intended use.

### (ii) Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

### (iii) Derecognition

An intangible asset is derecognised when no future economic benefits are expected from their use or upon their isposal. Gains and losses on derecognition of an item of intangible assets are determined by comparing the proceeds from disposal, if any, with the carrying amount of intangible assets and are recognised in the statement of profit and loss.

### (iv) Amortisation

Cost of software recognised as intangible asset, is amortised on a straight-line basis over the period of legal right to use or 3 years, whichever is less.

The amortization period and the amortization method of intangible assets with finite useful lives is reviewed at each financial year end and adjusted prospectively, wherever required.

# 2.5. Borrowing costs

Borrowing costs consist of:

- (a) interest expense calculated using the effective interest method as described in Ind AS 109 'Financial Instruments';
- (b) finance charges in respect of leases recognized in accordance with Ind AS 116-'Leases' and
- (c) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Company borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalised. When Company borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalisation of the borrowing costs is computed based on the weighted average cost of general borrowings that are outstanding during the period and used for the acquisition or construction of the qualifying asset.

Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalisation. Capitalisation of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Other borrowing costs are recognised as an expense in the year in which they are incurred.

The borrowing cost proportionate to the unutilised amount of borrowings are being kept for utilization of qualifying assets being carried forward for capitalization in the subsequent year of utilization.

# 2.6. Inventories

Inventories are valued at the lower of cost and net realizable value. Cost includes cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a FIFO basis Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is

the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

The diminution in the value of obsolete, unserviceable, surplus and non-moving items of stores and spares is ascertained on review and provided for.

### 2.7. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

### 2.8. Government grants

Government grants related to assets are recognized initially as deferred income when there is reasonable assurance that they will be received, and the Company will comply with the conditions associated with the grant. Grants that compensate the Company for the cost of an asset are recognized in profit or loss on a systematic basis over the useful life of the related asset. Grants that compensate the Company for expenses incurred are recognized over the period in which the related costs are incurred and deducted from the related expenses.

# <sup>75</sup>9. Provisions, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, considering the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Company. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the

sobligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. ontingent liabilities are disclosed based on judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are disclosed in the financial statements when inflow of economic benefits is probable based on judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the financial statements.

# 2.10. Foreign currency transactions and translations

Transactions in foreign currencies are initially recorded at the prevailing exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated by applying the RBI reference rate at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss in the year in which it arises with the exception that exchange differences on long term monetary items related to acquisition of property, plant and equipment recognised up to 31 March 2016 and still outstanding are adjusted to carrying cost of property, plant and equipment.

Non-monetary items are measured in terms of historical cost in a foreign currency and are translated using the exchange rate at the date of the transaction. In case of advance consideration received or paid in a foreign currency, the date of transaction for the purpose of determining the exchange rate to use out initial recognition of the related asset, expense

or income (or part of it), is when the Company initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration.

### 2.11. Revenue

The Company's revenues arise from sale of goods and rendering of services related to energy efficiency and consultancy. Other income includes interest from banks, employees and customers, management fee income, guarantee fee income, other miscellaneous income, etc.

### (i) Revenue from sale of goods

Revenue is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the products or services and excludes amounts collected on behalf of third parties. The Company recognizes revenue when (or as) the performance obligation is satisfied, which typically occurs when (or as) control over the products or services is transferred to a customer.

### (ii) Revenue from rendering of services

Revenue from rendering of services is measured based on the consideration that is specified in a contract with a stomer or is expected to be received in exchange for the services and excludes amounts collected on behalf of third parties. The Company recognizes revenue when (or as) the performance obligation is satisfied, which typically occurs when (or as) control over the services is transferred to a customer.

The revenue recognition in respect of the various streams of revenue is described as follows:

### • Energy efficiency services:

Revenue from rendering of energy efficiency services by supply and installation of streetlights, agricultural pumps and other equipment is recognised over time as the customers simultaneously receive and consume the benefits provided by the Company.

### • Consultancy services:

Revenue from consultancy services rendered is recognised over time based on satisfaction of performance obligations over time as the customers simultaneously receive and consume the benefits provided by the Company. Income on consultancy contracts is recognised in the statement of profit and loss in proportion to the stage of completion of the transaction at the reporting date. The stage of completion was assessed by reference to actual progress/technical assessment of work executed, in line with the terms of the respective contracts.

### -Contract modifications

Lontract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catchup basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

### (iii) Other income

Interest income is recognised, when no significant uncertainty as to measurability or collectability exists, on a time proportion basis considering the amount outstanding and the applicable interest rate, using the effective interest rate method (EIR).

For debt instruments measured at amortised cost, interest income is recorded using the EIR. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the EIR, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

The interest/surcharge on late payment/overdue trade receivables for sale of energy is recognized when no significant uncertainty as formeasurability or collectability exists.

# 2.12. Employee benefits

### (i) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefits expense in the statement of profit and loss in the period during which services are rendered by employees. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

Contributions to a defined contribution plan that are due after more than 12 months after the end of the period in which the employees render the service are discounted to their present value.

The Company pays fixed contribution at the predetermined rates in the provident fund scheme.

The Company has a trust for Contributory Superannuation Scheme which provides pension benefits and Company pays a fixed contribution to the trust.

The contributions to both the funds for the year are recognised as expense and are charged to the statement of profit and loss.

### ``i) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's liability towards gratuity is in the nature of a defined benefit plan. The Company contributes to (Life Insurance Corporation of India) a fund set up by the Company and administered by a board of trustees with respect to its gratuity obligation.

The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognised asset is limited to the total of any unrecognised past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognised in other -comprehensive income (OCI) in the period in which they arise.

when the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in statement of profit and loss.

### (iii) Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long-term employee benefit.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognised in the statement of profit and loss in the period in which they arise.

# (iv) Short-term benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under performance related pay if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### 2.13. Income tax

Income tax expense comprises current and deferred tax. Current tax expense is recognised in the statement of profit and loss except to the extent that it relates to items recognised directly in OCI or equity, in which case it is recognised in OCI or equity respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted and as applicable at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is recognised in the statement of profit and loss except to the extent that it relates to items recognised directly in OCI or equity, in which case it is recognised in OCI or equity respectively.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and setts, and they relate to income taxes levied by the same tax authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Additional income taxes that arise from the distribution of dividends are recognised while the liability to pay the related dividend is recognised.

When there is uncertainty regarding income tax treatments, the Company assesses whether the tax authority is likely to accept an uncertain tax treatment. If it concludes that the tax authority is unlikely to accept an uncertain tax treatment, the effect of the uncertainty on taxable income, tax bases and unused tax losses and unused tax credits is recognized. The effect of the uncertainty is recognized using the method that, in each case, best reflects the outcome of the uncertainty: the most likely outcome or the expected value. For each case, the Company evaluates whether to consider each uncertain tax treatment separately, or in conjunction with another or several other uncertain tax treatments, based on the approach that best prefixes the resolution of uncertainty.

# 2.14. Leases

At inception of a contract, the Company assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for

- -consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company ssesses whether:
  - the contract involves the use of an identified asset this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
  - the Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
  - the Company has the right to direct the use of the asset. The Company has this right when it has the decisionmaking rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Company has the right to direct the use of the asset if either:
    - the Company has the right to operate the asset; or
    - o the Company designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

# (i) Where the Company is a lessee

The Company recognizes a right-of-use asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases for low value underlying

assets. For these short-term and leases for low value underlying assets, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate is used.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in statement of profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets and lease liabilities as a separate line item on the face of the Balance Sheet. The Group has elected to use the recognition exemptions for short-term and low value leases as per Ind AS 116.

### ∽ ii) Where the Company is a lessor

when the Company acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

Lease income from operating leases where the Company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Amounts due from lessees under finance leases are recorded as receivables ('Finance lease receivables') at the Company's net investment in the leases. Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

# 2.15. Impairment of non-financial assets

The carrying amounts of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash-flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the

asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit", or "CGU").

An impairment loss is recognised if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognised in statement of profit and loss. Impairment losses recognised in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

# 2.16. Operating segments

In accordance with Ind AS 108, Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Company's Management to allocate resources to the segments and assess their performance. The Board of Directors is collectively the Company's 'Chief Operating Decision Maker' 'r 'CODM' within the meaning of Ind AS 108.

Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate expenses, finance expenses and income tax expenses.

Revenue directly attributable to the segments is considered as segment revenue. Expenses directly attributable to the segments and common expenses allocated on a reasonable basis are considered as segment expenses.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

Segment assets comprise property, plant and equipment, intangible assets, trade and other receivables, inventories and other assets that can be directly or reasonably allocated to segments. For the purpose of segment reporting, property, plant and equipment have been allocated to segments based on the extent of usage of assets for operations attributable to the respective segments. Segment assets do not include investments, income tax assets, capital work in progress, capital advances, corporate assets and other current assets that cannot reasonably be allocated to segments.

Segment liabilities include all operating liabilities in respect of a segment and consist principally of trade and other payables, employee benefits and provisions. Segment liabilities do not include equity, income tax liabilities, loans and borrowings and other liabilities and provisions that cannot reasonably be allocated to segments.

### 

Dividends and interim dividends payable to the Company's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders and the Board of Directors respectively.

# 2.18. Material prior period errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, are restated.

# 2.19. Earnings per share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

### 2.20. Statement of cash flows

Statement of cash flows is prepared in accordance with the indirect method prescribed in Ind AS 7 Statement of cash flows.

### 2.21. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### (i) Financial assets

### Initial recognition and measurement

The company recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition of financial assets, which are not at fair value through profit or loss, are added to the fair value on initial recognition.

### Jubsequent measurement

### Debt instruments at amortised cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

# Debt instrument at FVTOCI (Fair Value through OCI)

A 'debt instrument' is classified as at FVTOCI if both of the following criteria are met:

- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the OCI. However, the Company recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

# Debt instrument at FVTPL (Fair value through profit or loss)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to classify a debt instrument, which otherwise meets amortised cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

# **Equity Investments**

Equity investments in subsidiary and joint venture companies are measured at cost, less impairment if any.

Other equity investments are measured at fair value. The Company decides to classify the equity investments either as at FVTOCI or FVTPL. The Company makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

# Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the Company has transferred substantially all the risks and rewards of the asset, or
  - (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

# Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance.
- (b) Receivables, unbilled revenue and contract assets under Ind AS 115 and Ind AS 116.

For trade receivables and unbilled revenue, the Company applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/ income in the statement of profit and loss. This amount is reflected under the head 'other expenses' in the statement of profit and loss.

# (ii) Financial liabilities

# Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, borrowings and retention money.

# Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

# Financial liabilities at amortised cost

After initial measurement, such financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and loss when the liabilities are derecognised as well as

through the EIR amortisation process Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss. This category generally applies to borrowings, trade payables and other contractual liabilities.

### Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognised in OCI. These gains/losses are not subsequently transferred to the statement of profit and loss. However, the Company may transfer the cumulative gain or loss within "quity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company nas not designated any financial liability as at fair value through profit and loss.

### Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

# (iii) Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

### 2.22. Other expenses

Expenses on annual maintenance, legal & professional consultancy, training & recruitment etc. are charged to tatement of profit and loss in the year incurred.

# 2.23. Related party transactions

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions.

# 2.24. Use of estimates and management judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In order to enhance understanding of the financial statements, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the financial statements is as under:

### (i) Property, plant and equipment and intangible assets

The Company estimates the useful life of property, plant and equipment and intangible assets based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. The useful life of property, plant and equipment and intangible assets are reviewed at the end of each reporting date and adjusted prospectively, if appropriate.

The recoverable amount of property, plant and equipment and intangible assets are also based on estimates and assumptions regarding the expected market outlook and future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

### (ii) Impairment of non-financial assets

The recoverable amount of investment in subsidiary and joint venture companies is based on estimates and assumptions regarding in particular the future cash flows associated with the operations of the investee Company. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

### <sup>\*\*</sup>ii) Revenues

The Company applies judgements that affect the determination of the amount and timing of revenue from contracts with customers. The Company also applies judgement to determine whether each product or service promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Company allocates the consideration to separately identifiable performance obligation deliverables based on their relative stand-alone selling price. Rebates and discounts, if any, are recognised as a reduction from revenue based on management estimates.

### (iv) Provision for expected credit loss (ECL) of trade receivables and contract assets

The Company uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns. The provision matrix is initially based on the Company's historical observed default rates. The Company calibrates the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the *culture*.

### (v) Leases not in legal form of lease

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

### (vi) Post-employment benefit plans

Employee benefit obligations are measured based on actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the discount rate. The Company considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

### (vii) Provisions and contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.

### (viii) Income taxes

Uncertainties exist with respect to the interpretation of tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

- a) The borrowing cost proportionate to the unutilised amount of borrowings for qualifying assets is carried forward for capitalization in the year of its utilization. However, income earned on temporary investment of the borrowings is deducted from the borrowing costs eligible for capitalisation. During the year, the Company has capitalised employee benefit expenses amounting to ₹ 1,910.79 Lakhs (31 March 2021; ₹ 2,627.39 Lakhs) and other expenses amounting to ₹ 1,227.97 Lakhs (31 March 2021; ₹ 1,513.09 Lakhs) which are directly attributable to assets.
- b) The Company is in process of assessment of assets held under capital work-in-progress available for use but pending capitalisation/ recognition of revenue to that extent due to non-receipt of completion certificate from Urban Local Bodies (ULBs). Obtaining of pending completion certificates is under active follow-up with the ULBs and same will be capitalized on receipt thereof.
- c) The Capital work-in-progress includes inventory of capital items of ₹ 46,227.83 Lakhs held with the Company as at 31 March 2022 (31 March 2021: ₹ 54,178.01 Lakhs).
- d) The details/ components of project wise work/ components appearing under capital work-in-progress are under preparation/ compilation in view of number of contracts of large quantities consisting of small items, hence the assessment of stage of completion of such small quantities could not be ascertained due to lack of complete information of its installation from the contractors/ vendors. Appropriate steps have been initiated to compile those details to suitably capitalise these items project wise.

| Aggregate amount of impairment in value of investments                        | -             |               |

a) Investments have been valued as per accounting policy no.2.21. Equity investment in subsidiary and joint venture company are measured at cost as per the provisions of Ind AS 27 on 'Separate Financial Statements', considering the investment being long term strategic investment.

- b) During the year, the Company has further invested ₹ 6,150.60 Lakhs by acquiring 6,000,000 shares in EESL EnergyPro Assets Limited at face value of GBP 1 each resulting in increase in shareholding from 84.55% to 86.80%.
- c) The Company had invested ₹ 18.33 Lakhs during the financial year ended 31 March 2021 and acquired 29% equity stake in a newly formed Company EESL Energy Solutions LLC with management control. The JV agreement amongst JV partners was amended w.e.f. 15th September 2021. Consequently, one of the JV partners has divested his shareholding in the JV company in favour of EESL resulting in increase in EESL's shareholding to 51%, which is yet to be ratified by EESL.
- d) The Company has further invested ₹ 1000.00 Lakhs (31 March 2021- ₹ 0.01 Lakhs) in its wholly owned subsidiary namely Convergence Energy Services Limited (newly formed in previous year). The Company has further invested ₹ 3,563.97 Lakhs for 3,56,39,700 number of shares on 4 May 2022 i.e. subsequent to the financial year ending 31 March 2022.
- e) The Company has further invested ₹ 1,808.10 Lakhs (31 March 2021- ₹ 960.40 Lakhs) in its joint venture namely Intellismart Infrastructure Private Limited by acquiring 1,80,81,000 equity shares at a par value of ₹ 10 per share against right issue.
- f) During the year, the Company's shareholding in its joint venture namely NEESL Private Limited has reduced from 26% to 2.21% as the joint venture partner has introduced fresh equity in the joint venture company. It resulted into reduction in shareholding and in terms of the joint venture agreement, the Company has lost joint control of NEESL Private Limited, which is yet to be ratified by EESL. The said investment is carried at cost considering the value of investment is nominal.
- g) EESL Energy Pro Assets Limited has accumulated losses of ₹ 2,962.74 Lakhs (31 March 2021: ₹ 2,477.42 Lakhs), Convergence Energy Services Limited has accumulated losses of ₹ 1,230.35 Lakhs (31 March 2021: ₹ 213.25 Lakhs) and EESL Energy Solutions LLC has accumulated losses of ₹ 39.90 Lakhs (31 March 2021: accumulated earnings of ₹ 2.91 Lakhs) as at reporting date. However, being a strategic investment and considering the long term nature of these investment, there is no permanent impairment in the value of shares as on date.
- h) Disclosure as per Ind AS 27 'Separate financial statements' Particulars

The promoters initially subscribed to 25% shares each of the Company. Over the years, the Company has made offers for right issue under private placement of equity shares to existing shareholders. Some shareholders have not subscribed to the offered shares or renounced their right to other shareholder resulting in change in their shareholding percentage from the original 25%.

The Board of Directors in their 90th Board Meeting held on 12 August 2021 issued and offered equity shares amounting to  $\overline{x}$  40,749.16 lakhs to all existing shareholders on rights basis at par in the proportion of their shareholding. Power Grid Corporation of India Limited (PGCIL) subscribed to the offer, while NTPC Limited declined and Power Finance Corporation Limited and REC Limited renounced their offers in favour of PGCIL. As a result, 407,491,650 equity shares amounting to  $\overline{x}$  40,749.16 lakhs were allotted to PGCIL on 6 September 2021. The revised shareholding post the right issue is given in note d below.

b) The Company has neither issued any bonus shares nor issued any shares for consideration other than cash during the five years immediately preceding the current financial year. The Company has also not bought back any shares during the same period.

## c) Terms and rights attached to equity shares:

The Company has only one class of equity shares having a par value  $\gtrless 10$ /- per share. The holders of the equity shares are entitled to receive dividends as declared from time to time, voting rights proportionate to their share holding at the meetings of shareholders and share in the proceeds of winding up the Company in proportion to the number of and amounts paid on the shares held. No dividend has been paid/proposed to be paid to the shareholders during the year 2021-22 (2020-21) Nil).

## d) Details of shareholders holding more than 5% shares in the Company:

## 21 Share capital (continued)

f) On 1 September 2021, the promoters, in accordance with the recommendations of the Ministry of Power regarding restructuring of the company, executed a supplementary agreement amending the provisions of the Joint Venture Agreement pertaining to shareholding and management of the Company. The Articles of Association of the company were also altered. As per the amended agreement, the Board should comprise of six (6) directors including two (2) each from NTPC and Power Grid, one government nominated director not below the rank of Joint Secretary of Ministry of Power and the Chief Executive Officer (CEO) of the Company. The Company shall have a professional management team headed by the Chief Executive Officer (CEO). The CEO shall be responsible to the Board of Directors for the efficient functioning, corporate objectives, and performance parameters of the company and its group companies.

Further, it was decided that shareholding of NTPC Limited and PowerGrid Corporation of India Limited shall remain equal going forward and shareholding of Power Finance Corporation Limited and REC Limited shall be brought down to less than 10%. Accredingly, NTPC Limited and PowerGrid Corporation of India Limited shall infuse the capital equally in future.

#### b) Debenture redemption reserve

The company is required to create a debenture redemption reserve out of the profits which is available for payment of dividend for the purpose of redemption of debentures. Movement in reserves is as follows:

|                                    |                    | ₹ in Lakhs         |

## 35 Revenue from operations

|                       |                    | ₹ in Lakhs         |
|-----------------------|--------------------|--------------------|
| Particulars           | For the year ended | For the year ended |
|                       | 31 March 2022      | 31 March 2021      |
| Sale of goods         | 15,788.12          | 23,280.47          |
| Rendering of services | 1,38,129.38        | 1,29,292.54        |
| Total                 | 1,53,917.50        | 1,52,573.01        |

a) Refer note 55 for disclosure in respect of Ind AS 115, 'Revenue from contracts with customers'.

- b) Refer note 48 for transactions with related parties.
- c) The Company as per practise, recognises revenue under street light agreements with ULB's whereby the start date of project period is taken as the date of first completion certificate received from ULB. For subsequent completion certificates, revenue is recognised co-terminus to the project period based on the initial completion certificate.
- d) The company is in the process to seek clarifications/ amendments in certain agreements for smart meter projects, for extension of period, change in rates etc., the effect of which shall be considered in the year in which such amendments are finalized. Further, as per terms of agreement, revenue from smart meters to be booked for which reading is captured from various Discoms however where the reading could not be captured due to tele communication issue, TD/PD cases etc., the Company is taking steps to devise a suitable mechanism to bill for such installed meters.

e) The details of streetlights installed and completed till date against quantity ordered by Urban Local Bodies (ULB) is under compilation and thereafter adjustments towards capitalization and revenue recognition, if any, will be undertaken. No material differences are envisaged at this stage and the same will be accounted in the year of completion of compilation/reconciliation.

- f) Under Trigeneration ESCO segment, the details of bill read/ gas consumption etc. could not be compiled due to non-receipt of relevant data from customers. Consequently, the revenue could not be recognized for the period October 2021 to March 2022 and will be recognised in the subsequent period.
- g) The billing towards PMC and repair and maintenance (R&M) for the year in respect of Energy Efficient Pumps under AgDSM project in the state of Andhra Pradesh has been raised to the extent details received from DISCOM and balance bill could not be raised due to splitting of DISCOMS i.e. APSPDCL and APCPDCL. The revenue will be recognised as and when the revised agreement is signed with DISCOMS for the pumps in their relevant jurisdiction.

e) Accumulated carnings of subsidiaries, if paid out as dividends, would be subject to tax in the hands of recipient. An assessable temporary difference exists, but no deferred tax liability has been recognised as the Company is able to control the timing of distributions from the subsidiary. The subsidiaries are not expected to distribute the profits in the foresecable future.

EESL Energy Pro Assets Limited has accumulated losses of  $\gtrless$  2,962.74 Lakhs (31 March 2021:  $\gtrless$  2,477.42 Lakhs), Convergence Energy Services Limited has accumulated losses of  $\gtrless$  1,230.35 Lakhs (31 March 2021:  $\gtrless$  213.25 Lakhs) and EESL Energy Solutions LLC has accumulated losses of  $\gtrless$  39.90 Lakhs (31 March 2021: accumulated earnings of  $\gtrless$  2,91 Lakhs) as at reporting date. However, being a strategic investment and considering the long term nature of these investment, there is no permanent impairment in the value of shares as on date.

## 43 Restatement for the year ended 31 March 2021 and as at 1 April 2020

In accordance with Ind AS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' and Ind AS 1 ' Presentation of Financial Statements', the Company has retrospectively restated its Balance Sheet as at 31 March 2021 and 1 April 2020 (beginning of the preceding period) and Statement of Profit and Loss for the year ended 31 March 2021 for the reasons as stated in the notes below. Reconciliation of items which are retrospectively restated in the Balance Sheet and Statement of Profit and Loss are as under:

#### a) Reconciliation of restated items of Balance Sheet as at 31 March 2021 and 1 April 2020

#### b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value of financial instruments measured at amortised cost for which fair value is being disclosed, the company has classified these into the levels prescribed under the Ind AS 113, 'Fair value measurement' details of which are as under:

| (i) Financial assets measured at fair value (recurring fair value measurement) |      |         |               | ₹ in Lakhs    |
|--------------------------------------------------------------------------------|------|---------|---------------|---------------|
| Particulars                                                                    | Note | Level   | As at         | As at.        |
|                                                                                |      |         | 31 March 2022 | 31 March 2021 |
| Financial assets:                                                              |      |         |               |               |
| Investments in equily instruments                                              | 8    | Level 3 | 0.26          | -             |
| Total                                                                          |      |         | 0.26          | -             |

#### (ii) Financial assets measured at fair value (non-recurring fair value measurement)

|                           |           |         |               | ₹ in Lakhs    |
|---------------------------|-----------|---------|---------------|---------------|
| Particulars               | Note      | Level   | As at         | As at         |
|                           |           |         | 31 March 2022 | 31 March 2021 |
| Financial assets:         |           |         |               |               |
| Loan to subsidiary        | 9 and 17  | Level 2 | 2,764.21      | -             |
| Security deposits         | 10 and 18 | Level 2 | 595.19        | 764.86        |

| Loan to employees         | 9 and 17  | Level 3 | 440.58        | 417.10        |
| Lease receivables         | 10 and 18 | Level 3 | 13,261.20     | 11,568.93     |
| Non current bank deposits | 10        | Level 3 | 34.60         | 158,39        |
| Totał                     |           |         | 25,805.11     | 26,592,23     |
| Financial liabilities:    |           |         |               |               |
| Borrowings                | 23        | Level 2 | 5,17,194.68   | 5,29,199,58   |
| Retention money           | 26 and 32 | Level 2 | 46,328.08     | 49,176.93     |
| Trade payables            | 25 and 31 | Level 2 | 1,18,682.53   | 1,28,193.06   |
| Total                     |           |         | 6,82,205.29   | 7,06,569.57   |

Financial assets and financial liabilities at fair value in the statement of financial position are grouped into three levels of fair value hierarchy. The three levels are defined based on the observability of significant inputs in the measurement as follows:

Level 1: The fair value of financial instruments traded in an active market is based on the quoted market prices at the end of the reporting period. Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair, value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3: This is the case for unlisted equity instruments.

There are no transfers between level 1 and 2 during the year.

#### 44 Fair value measurements (continued)

- c) Valuation technique used to determine fair value
- (i) For investment in equity instruments Valuation through a SEBI registered merchant banker using net asset value method.
- (ii) For financial assets (loan to subsidiary, security deposits and unbilled revenue) Discounted future cash flow; appropriate market rate as of each balance sheet date used for discounting.
- (iii) For financial liabilities (borrowings, retention money and trade payables): Discounted cash flow; appropriate market borrowing rate of the entity as of each balance sheet date used for discounting.

#### d) Fair value of financial assets and liabilities measured at amortised cost

| Trade payables            | 1,10,169.40        | 1,18,682.53 | 1,27,281,01                    | 1,28,193.06 |
| Total                     | 7,09,619.23        | 6,82,205.29 | 7,44,779,46                    | 7,06,569.57 |

The carrying amounts of current trade receivables, trade payables, payable for capital expenditure, cash and cash equivalents and other financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values for security deposits, unbilled revenue, borrowings and retention money were calculated based on cash flows discounted using a current lending rate/borrowing rate undertaken through an expert external agency. They are classified as level 2 fair values in the fair value hierarchy due to the use of observable market inputs.

For financial asset measured at fair value, the carrying amounts are equal to the fair values.

## 45 Financial risk management

The Company's principal financial liabilities comprise loans and borrowings in foreign as well as domestic currency, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade & other receivables, and cash and short-term deposits that derive directly from its operations.

The Company is exposed to the following risks from its use of financial instruments:

- Credit risk
- Market risk
- Liquidity risk

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

#### a) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Company. Credit risk arises principally from trade receivables, unbilled revenue, loans & advances, cash & cash equivalents and deposits with banks. The carrying amounts of financial assets represents the maximum credit risk exposure.

#### Trade receivables and unbilled revenue

The Company earns its revenue mainly from government-controlled entities (both central and state government) where the counter party risk is considered to be low. The Company evaluates and manages its credit risk by taking into consideration the ageing of the dues, nature of the customers (Government and Non-Government receivables, credit worthiness of the customers and specific credit circumstances.

The impairment loss allowance is assessed by the company using lifetime ECL approach which is based on the business environment in which the company operates.

The trade receivables are considered in default (credit impaired) when the possibility of recovery of receivables based on the assessment/evaluation on the parameters stated above are deteriorating and are required to be provided as allowance for doubtful receivables in a systematic manner.

Since the Company has its customers within different states of India, geographically there is no concentration of credit risk,

#### Loan to employees

The company has given loans to employees. The company manages its credit risk in respect of loan and advances to employees through settlement of dues against full & final payment to employees.

#### Cash and cash equivalents

The Company held cash and cash equivalents of ₹ 72,405.31 Lakhs (31 March 2021: ₹ 70,552.27 Lakhs). The cash and cash equivalents are held with banks with high rating.

#### Deposits with banks and financial institutions

The Company held deposits with banks and financial institutions of ₹ 29,430.82 Lakhs (31 March 2021: ₹ 51,294.85 Lakhs), in order to manage the risk, Company places deposits with only high rated banks/institutions.

#### (i) Exposure to credit risk

The carrying amount of financial assets represents the maximum credit exposure: The maximum exposure to credit risk at the reporting date was:

|                                                                                              |               | ₹ in Lakhs    |

#### (iii) Provision for expected credit losses

Financial assets for which loss allowance is measured using life time expected credit losses

The Company has recognised an allowance for doubtful receivables of ₹ 5,642.89 Lakhs during the year ended 31 March 2022.(31 March 2021: ₹ 6,337.18 Lakhs).

## Financial assets for which loss allowance is measured using 12 month expected credit losses

The Company has assets where the counter- parties have sufficient capacity to meet the obligations and where the risk of default is negligible. The Company has recognised an allowance for doubtful recoverables of ₹ 178,10 Lakhs during the year ended 31 March 2022 (31 March 2021; ₹ Nil).

## 45 Financial risk management (continued)

## (iv) Reconciliation of allowance for doubtful receivables

The movement in the allowance for doubtful receivables in respect of trade receivables during the year is as follows:

| Particulars                                                  | For the year ended<br>31 March 2022 | ₹ in Lakhs<br>For the year ended<br>31 March 2021 |
|--------------------------------------------------------------|-------------------------------------|---------------------------------------------------|
| Opening balance                                              | 7.776.73                            | 1,439.55                                          |
| Add: Allowance for doubtful debts recognised during the year | 5,642.89                            | 6,337,18                                          |
| Closing balance                                              | 13,419.62                           | 7,776.73                                          |

The movement in the allowance for doubtful receivables in respect of other financial assets during the year is as follows::

| Particulars                                                  | For the year ended<br>31 March 2022 | ₹ in Lakhs<br>For the year ended<br>31 March 2021 |

| Add: Allowance for doubtful debts recognised during the year | 178.10                              | -                                                 |
| Closing balance                                              | 178.10                              | -                                                 |

#### b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Company's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Board of Directors is responsible for setting up of policies and procedures to manage market risks of the Company. All such transactions are carried out within the guidelines set by the risk management committee.

#### (i) Interest rate risk

The Company is exposed to interest rate risk arising mainly from non-current borrowings with floating interest rates. The Company is exposed to interest rate risk because the cash flows associated with floating rate borrowings will fluctuate with changes in interest rates. The Company manages the interest rate risks by entering into different kinds of loan arrangements with varied terms (e.g. fixed rate loans, floating rate loans, rupee term loans, foreign currency loans, etc.).

At the reporting date the interest rate profile of the Company's interest-bearing financial instruments is as follows:

|                           | ₹             |              |  |  |
|---------------------------|---------------|--------------|--|--|
| Particulars               | As at         | As a         |  |  |

| Short term Ioans          | 4,000.00      | 4,000.00     |  |  |
| Sub-total [B]             | 3,99,575.87   | 3,78,987.20  |  |  |
| Total [A + B]             | 6,94,112.45   | 6,69,259.83  |  |  |

Fair value sensitivity analysis for fixed-rate instruments

The company's fixed rate instruments are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a charge in market interest rates.

#### Cash flow sensitivity analysis for variable-rate instruments

A change of 50 basis points in interest rates (increase/decrease) at the reporting date would have increased/decreased profit before tax by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for the previous year.

|                        |            |          |                | ₹ in Lakhs |

## 45 Financial risk management (continued)

## (ii) Curreacy risk

The Company is exposed to foreign currency risk on certain transactions that are denominated in a currency other than entity's functional currency, hence exposure to exchange rate fluctuations arises. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates. The currency profile of financial instruments as at reporting date are as below:

#### As at 31 March 2022

| Particulars                       | Foreign currency |              |             | ₹ in Lakhs |             |           |

## Sensitivity analysis

A change in the value of the Indian Rupee (strengthening/weakening), as indicated below, against Euro, USD and GBP at 31 March would have increased/decreased profit before tax by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the company considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for previous year.

| Particulars  | 31 Mare       | h 2022    | 31 March      | 2021      |

## 45 Financial risk management (continued)

#### c) Liquidity risk

Liquidity risk is the tisk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has an appropriate liquidity risk management framework for the management of short, medium and long-term funding and liquidity management requirements. The Company manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

Typically the Company ensures that it has sufficient each on domand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations, this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

#### (i) Financing arrangements

#### 46 Capital management

The Company's objectives when managing capital are to:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and
- maintain an appropriate capital structure of debt and equity,

The Board of Directors has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management in deployment of funds and sourcing by leveraging opportunities in domestic and international financial markets so as to maintain investors, creditors & markets' confidence and to sustain future development of the business. The Board of Directors also monitors the level of dividends to equity shareholders.

Under the terms of major borrowing facilities, the Company is required to comply with the following financial covenants, broadly:

- (i) Maintain a current ratio (current assets divided by current liabilities) of at least 1.0.
- (ii) Maintain a minimum asset coverage of 1.00 times

(iii) Maintain a Debt.Equity ratio (long-term debt divided by equity net of accumulated profits/losses) not exceeding 80:20

(iv) Maintain a asset debt service coverage ratio (net cash flow from operations divided by debt service obligations, including all principal payments and taxshielded interest and lease payments following due within the year) of at least 1.2

(v) Borrower shall inform the Bank simultaneously along with Stock Exchange if substantial effect on their profit or business means an adverse variance of 20% or more.

The Company is not subject to externally imposed capital requirements. The Company monitors capital, using a medium term view of three to five years, on the basis of number of financial ratios generally used by industry and by the rating agencies.

The financial covenant ratios which the Company uses to monitor its capital are as follows:

| Particulars                 | As at         | As at         |
|-----------------------------|---------------|---------------|
|                             | 31 March 2022 | 31 March 2021 |
| Current ratio.              | 1.29          | 1.46          |
| Debt-equity ratio           | 3.55          | 4,90          |
| Debt service coverage ratio | 0.90          | 1.32          |
| Asset coverage ratio        | 1.92          | 1.64          |
|                             |               |               |

## c) Terms and conditions of transactions with the related parties

(1) Transactions with the related parties are made on normal commercial terms and conditions and at market rates.

(2) The contracts or arrangements or transactions entered into during the year ended 31 March 2022 which were at arm's length basis.

(3) The Company is receiving manpower services from M/s Utility Powertech Ltd (UPL), a 50:50 joint venture between NTPC Limited and Reliance Infrastructure Ltd.

(4) The Company provides consultancy services and sell goods to companies having joint control on which it recovers cost plus service charges from such companies.

(5) Outstanding balances of related parties at the year-end are unsecured and interest free and settlement occurs in eash. The Company has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

## 49 Disclosure as per Ind AS 19 'Employee Benefits'

## a) Defined contribution plans:

## (i) Provident fund

The Company pays fixed contribution to provident fund at predetermined rates to a registered provident fund administered by the Government, which invests the funds in permitted securities. Amount of  $\mathbf{\xi}$  444.60 Lakhs (31 March 2021:  $\mathbf{\xi}$  284.30 Lakhs) pertaining to employers' contribution to provident fund is recognised as an expense and included in "Employee benefits expense" in note 38.

## (ii) Superannuation fund

The Company pays fixed contribution to superannuation fund to a separate trust. Amount of  $\stackrel{2}{\leftarrow}$  284.66 Lakhs (31 March 2021:  $\stackrel{2}{\leftarrow}$  263.90 Lakhs) pertaining to employees' contribution to superannuation fund is recognised as an expense and included in "Employee benefits expense" in note 38.

## b) Other long term employee benefit plans- Leave encashment

The Company provides for earned leave benefit (including compensated absences) and half-pay leave to the employees of the Company which accrue annually at 30 days and 20 days respectively. Earned leave (EL) is encashable while in service. Half-pay leaves (HPL) are en-cashable only on separation beyond the age of 50 years up to the maximum of 300 days. However, total number of leave (i.e. EL & HPL combined) that can be encashed on superannuation shall be restricted to 300 days and no commutation of half-pay leave shall be permissible. The scheme is unfunded and liability for the same is recognised on the basis of actuarial valuation.

During the year, provision amounting to ₹ 378.74 Lakhs (31 March 2021) ₹ 308.89 Lakhs) has been recognised on the basis of actuarial valuation at the year end and debited to the statement of profit and loss.

## c) Defined benefit plan- Gratuity

The Company operates a gratuity plan for its regular employees which provides lump sum benefits linked to the qualifying salary and completed years of service with the Company at the time of separation. Regular employee who has completed 5 years of continuous service is entitled to receive gratuity at the time of his retirement or separation from the organisation, whichever is earlier. The gratuity benefit that is payable to regular employee, is computed in accordance with the provisions of "The Payment of Gratuity Act, 1972".

The company has set up a fund with Life Insurance Corporation (LIC) of India and contribution is made to the gratuity policy issued by LIC of India. Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the Company's financial statements as at balance sheet date:

(ii) Plan assets

The plan assets of the Company are managed by Life Insurance Corporation of India through a trust managed by the Company in terms of an insurance policy taken to fund obligations of the Company. Information on categories of plan assets as at 31 March 2022 and 31 March 2021 has not been provided by Life Insurance Corporation of India. Actual return on plan assets is  $\gtrless$  42.91 Lakhs (31 March 2021)  $\end{Bmatrix}$  27.57 Lakhs).

## (iii) Actuarial assumptions

The following were the principal actuarial assumptions at the reporting date:

| Particulars                                                                      | As at                                    | As at<br>31 March 2021   |  |
|----------------------------------------------------------------------------------|------------------------------------------|--------------------------|--|
|                                                                                  | 31 March 2022                            |                          |  |
| Discount rate                                                                    | 7.18%                                    | 6.80%                    |  |
| Salary escalation rate                                                           | 6.50%                                    | 6.50%                    |  |
| Retirement age (years)                                                           | 60                                       | 60                       |  |
| Mortality rates inclusive of provision for disability                            | 100% of IAL                              | 100% of IALM (2006 - 08) |  |
| Withdrawal rate                                                                  |                                          |                          |  |
| Up to 30 Years                                                                   | .3.00%                                   | 3.00%                    |  |
| From 31 to 44 years                                                              | 2.00%                                    | 2.00%                    |  |
| Above 44 years                                                                   | 1.00%                                    | 1.00%                    |  |
| The estimates of future salary increases considered in actuarial valuation, take | account of inflation sepiority promotion | and other relevant fac   |  |

The estimates of future salary increases considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

## (iv) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

| Particulars                            | Increase | Decrease |
|----------------------------------------|----------|----------|
| As at 31 March 2022                    |          |          |
| Discount rate (0.5% movement)          | (63.55)  | 70.33    |
| Salary escalation rate (0.5% movement) | 52.23    | (53.92)  |
| As at 31 March 2021                    |          |          |
| Discount rate (0.5% movement)          | (44.01)  | 48,79    |
| Salary escalation rate (0.5% movement) | 42.64    | (39.49)  |

Although the analysis does not take account of the full distribution of each flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. This analysis may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

## 49 Disclosure as per Ind AS 19 'Employee Benefits' (continued)

## (v) Risk exposure

Changes in discount rate: Reduction in discount rate in subsequent valuations can increase the plan's hability. Salary increases: Actual salary increases will increase the plan's hability. Increase in salary increase rate assumption in future valuations will also increase the liability.

Life expectancy: The plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plans' liabilities. This is particularly significant where inflationary increases result in higher sensitivity to changes in life expectancy.

Investment risk: Assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

## (vi) Expected maturity analysis of the defined benefit plans in future years

|                   | ₹ in Lakhs    |               |  |
|-------------------|---------------|---------------|--|
| Particulars       | As at         | As at         |  |
|                   | 31 March 2022 | 31 March 2021 |  |
| Less than 1 year  | 19.93         | 7.41          |  |
| Between 1-2 years | 16.71         | 10.69         |  |
| Between 2-5 years | 73.24         | 43.03         |  |
| Over 5 years      | 783.65        | 537.22        |  |
| Total             | 893.53        | 598.35.       |  |

(vii) Expected contributions to post-employment benefit plans for the year ending 31 March 2023 are ₹ 175.73 Lakhs.

<sup>3</sup>yiii). The weighted average duration of the defined benefit plan obligation as at 31 March 2022 is 17.58 years (31 March 2021: 18.23 years).

## 50 Disclosure as per Ind AS 20 'Accounting for Government Grants and Disclosure of Government Assistance'

Government grants have been accounted in line with accounting policy no. 2.8.

Asian Development Bank ("ADB") acting as an implementation agency of the Global Environment Facility ("GEF") had sanctioned a grant of USD 13,000,000 for specific energy efficiency projects. There are no unfulfilled conditions or other contingencies attached to above grant. The Company has recognised ₹ 727.59 (31 March 2021: ₹ 535.68 Lakhs) as grant income (refer note 36).

International Bank for Reconstruction and Development ("World Bank") acting as an implementation agency of the Global Environment Facility ("GEF") had sanctioned a grant of USD 1,500,000 for implemention of SAP and USD 500,000 for other consultancy. There are no unfulfilled conditions or other contingencies attached to above grant. The Company has recognised  $\gtrless$  Nil (31 March 2021;  $\gtrless$  309.45 Lakhs) as grant income (refer note 36).

## 51 Disclosure as per Ind AS 21 'The Effects of Changes in Foreign Exchange Rates'

The amount of exchange differences (net) debited to the statement of profit and loss is  $\gtrless$  3,876.36 Lakhs (31 March 2021: credited to Statement of profit and loss  $\end{Bmatrix}$  2,808.33 Lakhs).

The Company is contesting the above demands/ claims and the management including its advisors are of the view that these demands may not be sustainable at the appellate level. The management believes that the ultimate outcome of these proceedings will not have any material adverse effect on the Company's financial position and results of operations. The Company does not expect any reimbursement in respect of above contingent liabilities and it is not practicable to estimate the timing of cash outflows, if any, in respect of these matters, pending the decisions of the competent authorities.

#### 54 Disclosure as per Ind AS 108 'Operating Segments'

#### a) General Information

¢

The Company has two reportable segments, as described below, which are the Company's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Chief operating decision maker (CODM) reviews internal management reports on at least a quarterly basis.

The following summary describes the operations in each of the Company's reportable segments:

Trading: Sale of energy efficient appliances to the different customers

Services: Providing the energy efficient technology services on ESCO model and consultancy services,

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Company's Board. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

#### 55 Disclosure as per Ind AS 115, 'Revenue from contracts with customers'

#### a) Nature of goods and services

The revenue of the Company comprises of revenue from sale of goods and rendering of services. The following is a description of the principal activities:

#### Revenue from sale of goods

The Company sells energy efficient appliances such as LEDs, streetlights, solar lamps, agricultural pumps, energy efficient fans/tubes etc. (including standard warrantics) to various customers. Majority of the revenue is derived from government customers. Sale of goods is made as per the terms and conditions mentioned in agreement entered into between the Company and the customer.

#### Nature, timing of satisfaction of performance obligation and significant payment terms

The Company recognises revenue from sale of goods at a point in time when control of the goods is transferred to the customers. The amount of revenue recognised as per the terms of the contracts and is adjusted for components of variable consideration, wherever applicable, which are estimated based on the historical data available with the Company. The amounts are billed as per the terms of the contracts and are payable within contractually agreed credit period which varies from 30 to 60 days.

#### Revenue from rendering of services

The Company provides energy efficiency services on ESCO model and consultancy services to various customers. Majority of the revenue is derived from government customers. Services are provided as per the terms and conditions mentioned in agreement entered into between the Company and the customer.

#### Nature, timing of satisfaction of performance obligation and significant payment terms

The Company recognises revenue from rendering of services over time as the customers simultaneously receive and consume the benefits provided by the Company. The amount of revenue recognised as per the terms of the contracts and is adjusted for components of variable consideration, wherever applicable, which are estimated based on the historical data available with the Company. The amounts are billed as per the terms of the contracts and are payable within contractually agreed credit period which varies from 30 to 60 days.

#### b) Disaggregation of revenue

Revenue is disaggregated by type and nature of goods and services and timing of revenue recognition.

#### c) Reconciliation of revenue recognised with contract price:

|                         |                    | ₹ in Lakhs_        |
|-------------------------|--------------------|--------------------|
| Particulars             | For the year ended | For the year ended |
|                         | 31 March 2022      | 31 March 2021      |
| Contract price.         | 1,53,917.50        | 1,52,573.01        |
| Adjustments             | -                  | -                  |
| Revenue from operations | 1,53,917.50        | 1,52,573.01        |

#### d) Contract balances

Contract assets are recognised when there is excess of revenue carned over billings on contracts. Contract assets are transferred to unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms. The contract liabilities primarily relate to the advance consideration received from the customers which are referred as 'advances from customers' and advance billings referred as 'uncarned revenue'.

The following table provides information about trade receivables, unbilled revenue, advances from customers and unearned revenue from contracts with customers:

|                              |               | ₹ in Łakhs_   |
|------------------------------|---------------|---------------|
| Parficulars                  | As at         | As at         |
|                              | 31 March 2022 | 31 March 2021 |
| Trade receivables            | 3,48,223.51   | 3,09,859.07   |
| Non-current unbilled revenue | 192.48        | 331:69        |
| Current unbilled revenue     | 8,302.68      | 13,324.42     |
| Unearned revenue.            | 411.91        | -             |

The amount of revenue recognised in current year from performance obligations satisfied (or partially satisfied) in previous periods, mainly due to delay in issuance of completion certificate by competent authorities is  $\notin$  5,093.38 Lakhs (31 March 2021:  $\notin$  796.99 Lakhs).

#### c) Practical expedients applied as per Ind AS 115:

- (i) The company has applied the practical expedient as per para 121 of Ind AS 115 and not disclosed information about remaining performance obligations that have original expected duration of one year or less and where the revenue recognised corresponds directly with the value to the customer of the entity's performance completed to date. There are no performance obligations that are completely or partially unsatisfied as of 31 March, 2022, other than those meeting this exclusion criteria.
- (ii) The Company does not expect to have any contracts for which revenue is recognised during the year where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company has not adjusted the transaction prices for the time value of money.

#### f) Incremental costs of obtaining contracts

The Company has not incurred any incremental costs of obtaining contracts with a customer and therefore, not recognised an asset for such costs.

#### 55 Disclosure as per Ind AS 115, 'Revenue from contracts with customers' (continued)

#### g) Significant Judgments

#### (i) Significant judgments in determining the timing of satisfaction of performance obligation

The Company exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Company considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and transfer of significant risks and rewards to the customer etc.

For performance obligations that are satisfied over time, the Company uses judgement to determine the method used for revenue recognition. The Company uses input method where the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of performance obligation. Revenue is recorded proportionally based on measure of progress. The Company uses output method where direct measurements of value to the customer is based on survey's of performance completed to date.

#### (ii) Significant judgment in determining the transaction price and allocation of transaction price

Judgement is also required to determine the transaction price for the contract. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period.

#### 56 Disclosure as per Ind AS 116 on 'Leases'

#### a) As a lessee

The Company lease asset primarily consist of leases for land and buildings for residential/office premises and warehouses having the various lease terms. The Company also has certain leases of with lease terms of 12 months or less. The Company applies the 'short-term lease' recognition exemptions for these leases. The following are the carrying value of right to use asset and lease liabilities and movement thereof.

|                                  |                    | ₹ in Lakhs         |

\*Includes ₹ 9,628.13 Lakhs in trade payables and ₹ 17,217.57 Lakhs in retention money (31 March 2021: ₹ 9,839.80 Lakhs in trade payables and ₹ 8,286.45 (.akhs in retention money). The said amount, as per mutually specifically agreed terms, has not fallen due as at 31 March 2022.

#### 59 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below:

#### a) Ind AS 16 - Property, Plant and equipment:

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022. The Company has evaluated the amendment and there is no impact on its financial statements.

#### b) Ind AS 37 - Provisions, Contingent Liabilities and Contingent Assets:

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022, although carly adoption is permitted. The Company has evaluated the amendment and the impact is not expected to be material.

#### c) Ind AS 109 - Annual Improvements to Ind AS (2021):

The amendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Company has evaluated the amendment and there is no impact on its financial statements.

There are certain other amendments which are not expected to have any impact on the financial statements of the Company,

#### 60 Additional regulatory information

- a) The company has not granted any loans or advances in the nature of loans to promoters, directors, KMP's and the related parties that are repayable on demand or without specifying any terms or period of repayment.
- b) No proceedings have been initiated or pending against the company for holding any Benami Property under the Benami Transactions (Prohibition) Act, 1988.
- c) The company has neither provided nor taken any loan or advance to/from any other person or entity with the understanding that benefit of the transaction will go to a third party, the ultimate beneficiary.

#### ENERGY EFFICIENCY SERVICES LIMITED Notes to the standalone financial statements for the year 31 March 2022

#### 60 Additional regulatory information (continued)

land -

<sup>4</sup>The above ageing has been prepared by the Management based on date of transactions.

#### 61 Confirmation of balances

The company during the year under audit has reconciled a major portion of various balances lying under trade receivable and trade payables. The necessary adjustments if any, which in the view of management may not be material, will be carried out on completion of the exercise.

- 62 The Company has considered the possible effects that may result from the Covid 19 pandemic on the carrying amounts of property, plant and equipment, inventory, receivables and other current assets. The Management, based on the current indicators of future economic condition, expects that the carrying amount of the assets will be recovered, liabilities will be settled and sufficient liquidity is available to fund the business operations for at least another 12 months. Given the uncertainties of the pandemic, the Company will continue to closely monitor any material changes to future economic conditions.
- 63 Previous year figures have been regrouped / reclassified to make them comparable with the current year.

## Independent Auditor's Report to the Members of 'Energy Efficiency Services Limited'

### Report on the audit of the consolidated financial statements

#### Opinion

We have audited the accompanying consolidated financial statements of 'Energy Efficiency Services Limited' (the "Holding company") and its subsidiaries (the holding company and its subsidiaries together referred to as "the Group") and its joint venture which comprise the consolidated Balance Sheet as at 31 March 2022, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows for the year then ended, and notes to the consolidated financial statements including a summary of the significant accounting policies and other explanatory information ("the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and on the other financial information of the subsidiary and the joint venture as referred to in the 'Other Matters' section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the group and its joint venture as at 31 March 2022 and their consolidated loss (including other comprehensive loss), its consolidated changes in equity and its consolidated cash flows for the year ended on that date.

#### Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the consolidated financial statements' section of our report. We are independent of the group and its joint venture, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us and the other auditors in terms of their reports as referred to in sub-paragraph (b) of the 'Other Matters' section below, is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

#### Emphasis of matter

We draw attention to the following matters pertaining to the holding company, in the notes to the consolidated financial statements:

a) Necessary rectifications as may be required to be effected in the consolidated financial statements upon completion of reconciliation of trade receivables, trade payables, capital work in progress and property, plant and equipment including its physical verification. Refer note 3(i), 4(d) and 63 to the consolidated financial statements.

- b) (i) The holding company is in the process to seek clarifications/ amendments in certain agreements for smart meter projects, for extension of period, change in rates etc. including for those meters where the billing could not be done (ii) reconciliation of street lights installed/ completed so as to adequately capitalize/ recognize revenue, the effect of these notes shall be considered in the year in which such amendments/ reconciliations/ receipt of data is finalized and amounts determined. Refer note 37(d), 37(e), 37(f) and 37(g) to the consolidated financial statements.
- c) Provision of ₹ 4,145.96 lakhs has been charged to statement of profit and loss in the current year i.e., 2021-22 and ₹ 6,660.93 lakhs pertaining to the financial years 2014-15 to 2020-21 has been restated in the respective years towards ESCO services rendered to various urban local bodies (ULB's) for the reasons as stated in note 46(e)(iv) to the consolidated financial statements.
- d) Accumulation of trade receivables to ₹ 3,72,450.02 lakhs of the holding company against which Expected Credit Loss (ECL) of ₹ 5,642.89 lakhs created during the year and cumulative ECL of ₹ 13,419.62 lakhs as at 31 March 2022, based on assessment by an external agency is considered adequate by the management for the reasons as stated in note 15(f) to the consolidated financial statements,

Our opinion is not modified in respect of these matters.

#### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Considering the requirement of Standard on Auditing (SA 600) on 'Using the Work of Another Auditor' including materiality, below Key Audit Matters have been reproduced from the Independent Auditor's Report on the audit of standalone financial statements of the holding company.

| Sr.<br>No. | Key audit matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | How our audit addressed the key audit matter                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |
|------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1          | Depreciation accounting<br>The holding company has charged<br>the depreciation of ₹ 63,596.93 lakhs<br>for the period 1 April 2021 to 31<br>March 2022 on tangible assets as<br>disclosed in note 3 and 42 to the<br>accompanying consolidated financial<br>statements of the company. Such<br>depreciation is charged on straight<br>line method, as per the accounting<br>policy disclosed in note 2.3(v).<br>This is considered as Key Audit<br>Matter due to its nature and area of<br>significant risk which may have<br>material impact on the standalone<br>financial statements of the holding<br>company. | <ul> <li>An understanding of the system of capitalization of assets and calculation of depreciation was obtained and adopted the following audit procedures:</li> <li>Evaluated and tested the effectiveness of the company's design of internal controls relating to recognition and measurement of depreciation for various assets.</li> <li>The calculations of depreciation on various class of assets were tested and verified.</li> <li>Verified the accounting of depreciation based on applicable INDAS.</li> </ul> |

#### Continuation Sheet

| 2 | Contingent Liabilities                                                                                                                                                                                                                                 | We obtained an understanding of the company's internal instructions and procedures in respect of                                                                                                                                                                                                    |
|---|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|   | There are number of litigations<br>against the holding company pending<br>before various forums. There is a<br>high level of judgement required in<br>estimating the contingent liabilities.                                                           | <ul> <li>estimation and disclosure of contingent liabilities and<br/>adopted the following audit procedures:</li> <li>Understood and tested the design and operating<br/>effectiveness of controls as established by the</li> </ul>                                                                 |
|   | The company's assessment of contingent liabilities is supported by the facts of the matter, company's                                                                                                                                                  | management for obtaining the relevant information for pending litigation cases;                                                                                                                                                                                                                     |
|   | judgement thereon, past experience<br>and advice from legal and tax<br>consultants, wherever necessary.                                                                                                                                                | <ul> <li>Discussed with the management any material<br/>developments thereto and latest status of legal<br/>matters;</li> </ul>                                                                                                                                                                     |
|   | We identified this as a key audit<br>matter because the estimates on<br>which these amounts are based<br>involve a significant degree of<br>management judgement in<br>interpreting the cases and in view of<br>associated uncertainty relating to the | <ul> <li>Read various correspondences and related<br/>documents pertaining to litigation cases and<br/>relevant external legal opinions obtained by the<br/>management and performed substantive<br/>procedures on calculations supporting the<br/>disclosure of contingent liabilities;</li> </ul> |
|   | (Refer note 58(b) to the consolidated<br>financial statements, read with the<br>significant accounting policy no. 2.10)                                                                                                                                | <ul> <li>Examined recent orders from competent<br/>authorities and/ or communication received from<br/>various authorities, judicial forums and follow-up<br/>action thereon.</li> </ul>                                                                                                            |

|   |                                                                                                                                                                                                                                                        | <ul> <li>Reviewed the adequacy and completeness of<br/>disclosures;</li> </ul>                                                                                                                                                                                                                      |
|   |                                                                                                                                                                                                                                                        | Based on the above procedures performed, the estimation and disclosures of contingent liabilities is considered to be adequate and reasonable.                                                                                                                                                      |

# Information other than the consolidated financial statements and auditor's report thereon

The holding company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the report of the board of directors', including annexures but does not include the consolidated financial statements and our auditor's report thereon, which is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information, and do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the report of the board of directors, including annexures, if any, thereon, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

**Continuation Sheet** 

## Responsibilities of the management and those charged with governance for the consolidated financial statements

The holding company's board of directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the group and its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the group and its joint venture and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the directors of the holding company, as aforesaid.

In preparing the consolidated financial statements, the board of directors is responsible for assessing the ability of the group and its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board of directors either intends to liquidate the group and its joint venture or to cease operations, or has no realistic alternative but to do so.

The board of directors is also responsible for overseeing the group and its joint venture's financial reporting process.

## Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the holding company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the group and its joint venture's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group and its joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the group and its joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in section titled 'Other matters' in this audit report.

We communicate with those charged with governance of the holding company and such other entities included in the consolidated financial statements of which we are independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings; including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Other matters

a) We did not audit the financial statements/ information of a foreign branch of the holding company, included in the consolidated financial results whose financial statements/ information reflects total assets of ₹ 2,892.06 lakhs as at 31 March 2022 and total revenue of ₹ 31.32 lakhs for the year ended on that date, the financial statements/ information of the said branch is certified by the management and has not been audited by any other auditor. Our opinion in so far as it relates to the amounts and disclosures included in respect of the said branch solely on the information certified by the management.

. •

- b) The consolidated financial results include the audited financial statements of 2 subsidiaries and 13 step down subsidiaries, whose financial statements reflect Group's share of total assets of ₹ 103,053.70 lakhs as at 31 March 2022, Group's share of total revenue of ₹ 69,303.10 lakhs and Group's share of total loss after tax (including other comprehensive loss) of ₹ 2,545.22 lakhs for the year ended 31 March 2022, as considered in the consolidated financial results, which have been audited by their respective independent auditors. The independent auditors' reports on financial statements of these entities have been furnished to us and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of these entities, is based solely on the report of such auditors and the procedures performed by us are as stated in paragraph above.
- c) The consolidated financial results include the unaudited financial results of 1 subsidiary, whose financial statements/ financial information reflect Group's share of total assets of ₹ 370.16 lakhs as at 31 March 2022, Group's share of total revenue of ₹ 295.42 lakhs and Group's share of total loss after tax of ₹ 40.84 lakhs for the year ended 31 March 2022 and 1 joint venture whose financial statements reflect Group's share of total loss after tax (including other comprehensive expense) of ₹ 24.07 lakhs for the year ended 31 March 2022, as considered in the consolidated financial results. The unaudited interim financial statements/ financial information has been furnished to us by the Board of Directors and our opinion on the consolidated financial results, in so far as it relates to the amounts and disclosures included in respect of the said subsidiary and joint venture is based solely on such unaudited financial statements/ financial information. In our opinion and according to the information and explanations given to us by the Board of Directors, these financial statements/ financial information and according to the informations are not material to the Group.
- d) These financial statements have been audited their respective independent auditors whose report have been furnished to us by the holding company's management and our opinion on the consolidated financial statements, in so far it relates to the amounts and disclosures included in respect of these subsidiaries and joint venture and our report in terms of Section 143(3), in so far it relates to these subsidiaries and joint venture is based solely on the reports of the respective auditor.

Our opinion on the consolidated financial statements, is not modified in respect of above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/ financial information certified by the management.

## Report on other legal and regulatory requirements

As required by section 143(3) of the Act, we report, that:

- we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the consolidated financial statements;
- in our opinion, proper books of account as required by law relating to preparation of the consolidated financial statements have been kept so far as it appears from our examination of those books and reports of the other auditors;
- c. the accounts of one foreign branch of the company that reflect total assets of ₹ 2,892.06 lakhs as at 31 March 2022 and total revenue of ₹ 31.32 lakhs for the year ended on that date are unaudited and certified by the management;
- d. the consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement of Changes in Equity and the consolidated Statement of Cash Flows dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;

#### Continuation Sheet

- e. in our opinion, the consolidated financial statements comply with the Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
- f. on the basis of the written representations received from the directors, taken on record by the board of directors none of the directors is disqualified as on 31 March 2022 from being appointed as a director in terms of Section 164(2) of the Act;
- g. with respect to the adequacy of the internal financial controls with reference to financial statements of the company and the operating effectiveness of such controls, refer to our separate report in **Annexure 'A'**;
- h. the remuneration paid by the holding company to its directors during the year is in accordance with the provisions of section 197 of the Act read with Schedule V to the Act;
- i. with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
  - i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the group and its joint venture. Refer note 58 to the consolidated financial statements;
  - ii) The group and its joint venture have not entered into any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the group;
  - (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the group to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the group ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(b) The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the group from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

**Continuation Sheet** 

v) No dividend was declared or paid by the group during the year; hence, the said clause is not applicable.

### Annexure - 'A' to the Independent Auditor's Report

(Referred to in paragraph (g) under 'Report on other legal and regulatory requirements' section of the Independent Auditor's Report of even date on the consolidated financial statements of Energy Efficiency Services Limited for the year ended 31 March 2022)

## Report on the internal financial controls under clause (i) of sub-section 3 of section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to consolidated financial statements of 'Energy Efficiency Services Limited' ("the Holding Company") and three subsidiaries (the holding company and its subsidiaries together referred to as "the Group") and its joint venture for the year ended 31 March 2022, in conjunction with our audit of the consolidated financial statements of the holding company (excluding its two foreign direct subsidiaries which are incorporated outside India and its joint venture, which is incorporated in India and are unaudited) and have relied on the auditor's report of the Indian Subsidiary for the year ended on that date.

#### Management's responsibility for internal financial controls.

The respective board of directors of the group and its joint venture are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements reporting criteria established by the respective company considering the essential components of internal control stated in the "Guidance note on audit of internal financial controls over financial reporting" (the "Guidance note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### Auditor's responsibility

Our responsibility is to express an opinion on the group and its joint venture's internal financial controls with reference to consolidated financial statements based on our audit. We conducted our audit in accordance with the 'Guidance mote on audit of internal financial controls over financial reporting (the 'Guidance note') and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the group and its joint venture's internal financial controls system with reference to consolidated financial statements.

#### Meaning of internal financial controls with reference consolidated financial statements

The group and its joint venture's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A group and its joint venture's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## Inherent limitations of internal financial controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, to the best of our information and according to the explanations given to us, the holding company and its Indian subsidiary, have in all material respects, adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March 2022, based on the internal control with reference to consolidated financial statements criteria established by the group and its joint venture considering the essential components of internal control stated in the Guidance note on 'Audit of internal financial controls over financial reporting' issued by the Institute of Chartered Accountants of India.

#### Other matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to the financial statements insofar as it relates to one subsidiary incorporated in India, is based on the corresponding report of the auditor of such company incorporated in India and insofar as it relates to one joint venture incorporated in India (whose financial statements / information are unaudited) and our opinion on the adequacy and operating effectiveness of internal financial controls with reference to financial reporting in financial statements with reference to consolidated financial statements of the group is not affected as the group's share of loss (including other comprehensive loss) and disclosures included in respect of this joint venture in these consolidated financial statements are not considered material to the group.

**Continuation Sheet** 

Our opinion is not modified in respect of above matter...

## ENERGY EFFICIENCY SERVICES LIMITED Notes to the consolidated financial statements (continued)

## 1. Group information

Energy Efficiency Services Limited (the "Company" or "Parent Company") is a Company domiciled and incorporate in India (CIN: U40200DL2009PLC196789). The address of the Company's registered office is NFL Building, 5th & 6th Floor, Core – III, SCOPE Complex, Lodhi Road, New Delhi- 110003. The Company has its debt securities listed on BSE Limited.

The Company is a Joint Venture of NTPC Limited, Power Finance Corporation Limited, Rural Electrification Corporation Limited and Power Grid Corporation of India Limited under the Ministry of Power. The Company is engaged in implementation of energy efficiency projects as an Energy Saving Company (ESCO). These consolidated financial statements comprise the Company and its subsidiaries (referred to collectively as the 'Group') and the Group's interest in joint ventures. For details of group structure, refer note 53.

The Company acts as the resource center for capacity building for State Distribution Companies (DISCOMs), Energy Regulatory Commissions (ERCs), State Development Authorities (SDAs), upcoming ESCOs, financial institutions, etc. The principal activities of the Company's subsidiaries are manufacture, installation, containerisation, sale and "ervice of diesel and gas generators, sale of related spare parts and investing in and rental of property.

These consolidated financial statements for the year ended 31 March 2022 were approved for issue by Board of Directors on 8 July 2022.

## 2. Significant accounting policies

A summary of the significant accounting policies applied in the preparation of the consolidated financial statements are as given below. These accounting policies have been applied consistently to all periods presented in the consolidated financial statements.

The Group has elected to utilize the option under Ind AS 101 by not applying the provisions of Ind AS 16 and Ind AS 38 retrospectively and continue to use the previous GAAP carrying amount as a deemed cost under Ind AS at the date of transition to Ind AS. Therefore, the carrying amount of property, plant and equipment and intangible assets as per the previous GAAP as at 1 April 2015, i.e. the Group's date of transition to Ind AS, were maintained on transition to Ind AS.

## 2.1. Basis of preparation

## (i) Statement of Compliance

hese consolidated financial statements are prepared on going concern basis following accrual system of accounting and comply with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013 (to the extent notified and applicable) and applicable provisions of the Companies Act, 1956.

## (ii) Basis of measurement

The consolidated financial statements have been prepared on a historical cost basis except for:

- Certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments); and
- Plan assets in the case of employees defined benefit plans that are measured at fair value.

The methods used to measure fair values are discussed in notes to the consolidated financial statements.

Historical cost is the amount of cash or cash equivalents paid or the fair value of the consideration given to acquire assets at the time of their acquisition or the amount of proceeds received in exchange for the obligation, or at the amounts of cash or cash equivalents expected to be paid to satisfy the liability in the normal course of business.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

## (iii) Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees ( $\mathfrak{T}$ ), which is the Company's functional currency. All financial information presented in  $\mathfrak{T}$  has been rounded to the nearest lakhs (up to two decimals), except as stated otherwise.

## (iv) Current and non-current classification

The Group presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realised within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets/liabilities are classified as non-current.

## 2.2. Basis of consolidation

The financial statements of Subsidiary Companies and Joint ventures are drawn up to the same reporting date as of the Company for the purpose of consolidation.

## (i) Subsidiaries

Subsidiaries are all entities over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns nrough its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.

In accordance with Ind AS 103, the Group accounts for these business combinations using the acquisition method when control is transferred to the Group. The consideration transferred for the business combination is measured at fair value as at the date the control is acquired (acquisition date), as are the net identifiable assets acquired. Any goodwill that arises is tested annually for impairment. Transaction costs are expensed as incurred, except to the extent related to the issue of debt or equity securities.

If a business combination is achieved in stages, any previously held equity interest in the acquiree is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the group.

Non-controlling interests (NCI) in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively. NCl are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity

When the Group loses control over a subsidiary, it derecognises the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value at the date the control is lost. Any resulting gain or loss is recognised in profit or loss.

## (ii) Joint ventures

Interests in joint ventures are accounted for using the equity method after initially being recognised at cost in the consolidated balance sheet.

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income.

Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group and its joint ventures are eliminated to the extent of the group's \*nterest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted material investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted as investments are tested for impairment in accordance with the policy described in C.15 below.

When the group ceases to apply equity method of accounting for an investment because of a loss of joint control, any retained interest in the entity is re-measured to its fair value with the change in carrying amount recognised in profit or loss. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

## 2.3. Property, plant and equipment

## (i) Initial recognition and measurement

An item of property, plant and equipment is recognized as an asset if and only if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Items of property, plant and equipment are initially recognized at cost. Subsequent measurement is done at cost less cumulated depreciation/amortization and accumulated impairment losses. Cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Project Development Cost incurred on ESCO Model Energy Efficiency Projects undertaken by the Group are recognised as property, plant and equipment.

Project Development Cost includes purchase price, taxes and duties, labor cost and any other cost directly attributable to the implementation of the project or acquisition of property, plant and equipment are allocated on systematic basis on implementation of projects, incurred up to the date when the asset is ready for its intended use.

When parts of an item of property, plant and equipment have different useful lives, they are recognised separately.

In the case of assets put to use, where final settlement of bills with contractors is yet to be affected, capitalisation is done on a provisional basis subject to necessary adjustment in the year of final settlement.

## (ii) Subsequent costs

Subsequent expenditure is recognised as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the Group and the cost of the item can be measured reliably.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Group and its cost can be

measured reliably. The carrying amount of the replaced part is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

## (iii) Decommissioning costs

The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

## (iv) Derecognition

Property, plant and equipment is derecognised when no future economic benefits are expected from their use or upon their disposal. Gains and losses on derecognition of an item of property, plant and equipment are determined by comparing the proceeds from disposal, if any, with the carrying amount of property, plant and equipment, and are recognised in the statement of profit and loss.

## (v) Depreciation

Depreciation is recognised in the statement of profit and loss on pro rata basis on Straight Line Method using the rate arrived on useful lives of assets, specified in part C of Schedule II thereto of the Companies Act 2013 (the 'Act'). Treehold land is not depreciated.

Estimated useful lives of the assets, based on technical assessment, are as follows:

| Nature of assets       | Life of property, plant and equipment |
|------------------------|---------------------------------------|
| Project equipment      | 3-10 years                            |
| Solar plant            | 25 years                              |
| Smart meter            | 8-10 years                            |
| Public chargers        | 10 years                              |
| E-Vehicles             | 5-8 years                             |
| Building               | 30 years                              |
| Furniture and fittings | 10 years                              |
| Office equipment       | 5 years                               |
| Computers              | 3 years                               |
| Cell phones            | 2 years                               |
| Residential assets     | 3 years                               |

Estimated useful lives of the assets of foreign subsidiaries are as follows:

| Nature of assets      | Life of property, plant and equipment |
|-----------------------|---------------------------------------|
| Buildings             | 50 years                              |
| ESCO projects         | Project period                        |
| Motor vehicles        | 5/6 years                             |
| Fixtures and fittings | 6/8/10 years                          |
| Plant and machinery   | 6/8 years                             |
| Computer equipment    | 6/8 years                             |

Leasehold improvements are depreciated on straight line basis over lower of 3 years and their initial agreement period unless the entity expects to use the asset beyond the lease term.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives as given above best represent the period over which management expects to use these assets.

Depreciation on additions to/deductions from property, plant and equipment during the year is charged on pro-rata basis from/up to the month in which the asset is available for use/disposed of.

Where the cost of depreciable assets has undergone a change during the year due to increase/decrease in long term liabilities on account of exchange fluctuation, the unamortised balance of such asset is charged off prospectively over the remaining useful life determined following the applicable accounting policies relating to depreciation/ amortisation.

Where it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably, subsequent expenditure on a PPE along-with its unamortised depreciable amount is charged off prospectively over the revised useful life determined by technical assessment.

The Company considers the residual value of project equipment of  $\gtrless$  100.

The residual values, useful lives and method of depreciation of assets are reviewed at each financial year end and adjusted prospectively, wherever required.

## 2.4. Capital work-in-progress

The cost of self-constructed assets includes the cost of materials and direct labor, any other costs directly attributable to bringing the assets to the location and condition necessary for it to be capable of operating in the manner intended by management and borrowing costs.

Expenses directly attributable to construction of property, plant and equipment incurred till they are ready for their intended use are identified and allocated on a systematic basis on the cost of related assets.

If the ESCO Model Energy Efficiency project doesn't materialize, then the expenditure incurred in respect of the same is charged to Statement of Profit and Loss in that year.

## "?.5. Intangible assets

## (i) Initial recognition and measurement

An intangible asset is recognized if and only if it is probable that the expected future economic benefits that are attributable to the asset will flow to the Group and the cost of the asset can be measured reliably.

Intangible assets that are acquired by the Group, which have finite useful lives, are recognized at cost. Subsequent measurement is done at cost less accumulated amortisation and accumulated impairment losses. Cost includes any directly attributable incidental expenses necessary to make the assets ready for their intended use.

## (ii) Subsequent costs

Subsequent expenditure is recognized as an increase in the carrying amount of the asset when it is probable that future economic benefits deriving from the cost incurred will flow to the enterprise and the cost of the item can be measured reliably.

## (iii) Derecognition

om disposal, if any, with the carrying amount of intangible assets and are recognised in the statement of profit and loss.

## (iv) Amortisation

Cost of software recognised as intangible asset is amortised on a straight-line basis over the period of legal right to use or 3 years, whichever is less.

The amortization period and the amortization method of intangible assets with finite useful lives is reviewed at each financial year end and adjusted prospectively, wherever required.

## 2.6. Borrowing costs

Borrowing costs consist of:

- (a) interest expense calculated using the effective interest method as described in Ind AS 109 'Financial Instruments';
- (b) finance charges in respect of leases recognized in accordance with Ind AS 116 'Leases' and
- (c) exchange differences arising from foreign currency borrowings to the extent that they are regarded as an adjustment to interest costs.

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of cost of such asset until such time the assets are substantially ready for their intended use. Qualifying assets are assets which take a substantial period of time to get ready for their intended use or sale.

When the Group borrows funds specifically for the purpose of obtaining a qualifying asset, the borrowing costs incurred are capitalised. When Group borrows funds generally and uses them for the purpose of obtaining a qualifying asset, the capitalisation of the borrowing costs is computed based on the weighted average cost of general borrowings that are outstanding during the period and used for the acquisition or construction of the qualifying asset.

Income earned on temporary investment of the borrowings pending their expenditure on the qualifying assets is deducted from the borrowing costs eligible for capitalisation. Capitalisation of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended uses are complete. Other borrowing costs are recognised as an expense in the year in which they are incurred.

The borrowing cost proportionate to the unutilised amount of borrowings are being kept for utilization of qualifying assets being carried forward for capitalization in the subsequent year of utilization.

## 2.7. Inventories

Inventories are valued at the lower of cost and net realizable value. Cost includes cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a FIFO basis. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated bosts necessary to make the sale.

The diminution in the value of obsolete, unserviceable, surplus and non-moving items of stores and spares is ascertained on review and provided for.

## 2.8. Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks, cash on hand and short-term deposits with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

## 2.9. Government grants

Government grants related to assets are recognized initially as deferred income when there is reasonable assurance that they will be received, and the Group will comply with the conditions associated with the grant. Grants that compensate the Group for the cost of an asset are recognized in profit or loss on a systematic basis over the useful life of the related asset. Grants that compensate the Group for expenses incurred are recognized over the period in which the related costs are incurred and deducted from the related expenses.

## 2.10. Provisions, contingent liabilities and contingent assets

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that an be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at reporting date, considering the risks and uncertainties surrounding the obligation.

When some or all of the economic benefits required to settle a provision are expected to be recovered from a third party, the receivable is recognised as an asset if it is virtually certain that reimbursement will be received, and the amount of the receivable can be measured reliably. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent liabilities are possible obligations that arise from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events not wholly within the control of the Group. Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Contingent liabilities are disclosed based on judgment of the management/independent experts. These are reviewed at each balance sheet date and are adjusted to reflect the current management estimate.

Contingent assets are possible assets that arise from past events and whose existence will be confirmed only by the occurrence of non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent assets are disclosed in the consolidated financial statements when inflow of economic benefits is probable based on judgment of management. These are assessed continually to ensure that developments are appropriately reflected in the consolidated financial statements.

## 2.11. Foreign currency transactions and translations

## (i) Foreign currency transactions

Transactions in foreign currencies are initially recorded at the prevailing exchange rates at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are translated by applying the RBI reference rate at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss in the year in which it arises with the exception that exchange differences on long term monetary items related to acquisition of property, plant and equipment recognised up to 31 March 2016 and still outstanding are adjusted to carrying cost of property, plant and equipment.

Non-monetary items are measured in terms of historical cost in a foreign currency and are translated using the exchange rate at the date of the transaction. In case of advance consideration received or paid in a foreign currency, the date of ransaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income (or part of it), is when the Group initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration.

## (ii) Foreign operations

The assets and liabilities of foreign operations (i.e. subsidiary) including goodwill and fair value adjustments arising on acquisition, are translated into INR, the functional currency of the Group, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the average exchange rate as the average rate approximates the actual rate at the date of the transaction.

## 2.12. Revenue

Group's revenues arise from sale of goods, rendering of services and other income. Revenue from other income comprises interest from banks, employees and customers, other miscellaneous income, etc.

## (i) Revenue from sale of goods

Revenue is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the products or services and excludes amounts collected on behalf of third parties. The Group cognizes revenue when (or as) the performance obligation is satisfied, which typically occurs when (or as) control over the products or services is transferred to a customer.

## (ii) Revenue from rendering of services

Revenue from rendering of services is measured based on the consideration that is specified in a contract with a customer or is expected to be received in exchange for the services and excludes amounts collected on behalf of third parties. The Group recognizes revenue when (or as) the performance obligation is satisfied, which typically occurs when (or as) control over the services is transferred to a customer.

The revenue recognition in respect of the various streams of revenue is described as follows:

## • Energy efficiency services:

Revenue from rendering of energy efficiency services by supply and installation of streetlights, agricultural pumps and other equipment is recognised over time as the customers simultaneously receive and consume the benefits provided by the Group.

## • Consultancy services:

Revenue from consultancy services rendered is recognised over time based on satisfaction of performance obligations over time as the customers simultaneously receive and consume the benefits provided by the Group. Revenue from consultancy services rendered was recognised in the statement of profit and loss in proportion to the stage of completion of the transaction at the reporting date. The stage of completion was assessed by reference

to actual progress/technical assessment of work executed, in line with the terms of the respective contracts. Income on consultancy contracts are accounted in proportion to expenses incurred based on the progress of service rendered on that contract.

## **Contract modifications**

Contract modifications are accounted for when additions, deletions or changes are approved either to the contract scope or contract price. The accounting for modifications of contracts involves assessing whether the services added to an existing contract are distinct and whether the pricing is at the standalone selling price. Services added that are not distinct are accounted for on a cumulative catchup basis, while those that are distinct are accounted for prospectively, either as a separate contract, if the additional services are priced at the standalone selling price, or as a termination of the existing contract and creation of a new contract if not priced at the standalone selling price.

## (iii) Other income

Interest income is recognised, when no significant uncertainty as to measurability or collectability exists, on a time proportion basis considering the amount outstanding and the applicable interest rate, using the effective interest rate method (EIR).

For debt instruments measured at amortised cost, interest income is recorded using the EIR. EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the EIR, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

The interest/surcharge on late payment/overdue trade receivables for sale of energy is recognized when no significant uncertainty as to measurability or collectability exists.

## 2.13. Employee benefits

## (i) Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into separate entities and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognised as an employee benefits expense in the statement of profit and loss in the period during which services are rendered by employees. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in future payments is available.

ontributions to a defined contribution plan that are due after more than 12 months after the end of the period in which the employees render the service are discounted to their present value.

The Company pays fixed contribution to Provident Fund at the predetermined rates to regional provident fund commissioner. Further, the group voluntary contributes 6% to an external pension fund for the employees of its subsidiaries.

The Company has a trust for Contributory Superannuation Scheme which provides pension benefits and Company pays a fixed contribution to the trust.

The contributions to both the funds for the year are recognised as expense and are charged to the statement of profit and loss.

## (ii) Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company's liability towards gratuity are in the nature of defined benefit plans. The Company contributes to (Life Insurance Corporation of India) a fund set up by the Company and administered by a board of trustees with respect to its gratuity obligation.

The Company's net obligation in respect of defined benefit plans is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that

have maturity dates approximating the terms of the Company's obligations and that are denominated in the same currency in which the benefits are expected to be paid.

The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognised asset is limited to the total of any unrecognised past service costs and the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. An economic benefit is available to the Company if it is realizable during the life of the plan, or on settlement of the plan liabilities. Any actuarial gains or losses are recognised in other comprehensive income (OCI) in the period in which they arise.

When the benefits of a plan are improved, the portion of the increased benefit relating to past service by employees is recognized in profit or loss on a straight-line basis over the average period until the benefits become vested. To the extent that the benefits vest immediately, the expense is recognized immediately in statement of profit and loss.

## (iii) Other long-term employee benefits

Benefits under the Company's leave encashment constitute other long-term employee benefit.

The Company's net obligation in respect of leave encashment is the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. The discount rate is based on the prevailing market yields of Indian government securities as at the reporting date that have maturity dates approximating the terms of the Company's obligations. The calculation is performed using the projected unit credit method. Any actuarial gains or losses are recognised in the statement of profit and loss in the period in which they arise.

## (iv) Short-term benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided.

A liability is recognised for the amount expected to be paid under performance related pay if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

## 2.14. Income tax

Income tax expense comprises current and deferred tax. Current tax expense is recognised in the statement of profit and loss except to the extent that it relates to items recognised directly in OCI or equity, in which case it is recognised in OCI or equity respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively nacted and as applicable at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

Deferred tax is recognised in the statement of profit and loss except to the extent that it relates to items recognised directly in OCI or equity, in which case it is recognised in OCI or equity respectively.

A deferred tax asset is recognised to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilized. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realised the asset and settle the liability simultaneously.

Additional income taxes that arise from the distribution of dividends are recognised while the liability to pay the related dividend is recognised.

When there is uncertainty regarding income tax treatments, the Company assesses whether the tax authority is likely to accept an uncertain tax treatment. If it concludes that the tax authority is unlikely to accept an uncertain tax treatment, the effect of the uncertainty on taxable income, tax bases and unused tax losses and unused tax credits is

recognized. The effect of the uncertainty is recognized using the method that, in each case, best reflects the outcome of the uncertainty: the most likely outcome or the expected value. For each case, the Company evaluates whether to consider each uncertain tax treatment separately, or in conjunction with another or several other uncertain tax treatments, based on the approach that best prefixes the resolution of uncertainty.

## 2.15. Leases

At inception of a contract, the Group assesses whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- the contract involves the use of an identified asset this may be specified explicitly or implicitly and should be physically distinct or represent substantially all of the capacity of a physically distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- the Group has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of use; and
- the Group has the right to direct the use of the asset. The Group has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used. In rare cases where the decision about how and for what purpose the asset is used is predetermined, the Group has the right to direct the use of the asset if either:
  - o the Group has the right to operate the asset; or
  - o the Group designed the asset in a way that predetermines how and for what purpose it will be used.

At inception or on reassessment of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of their relative stand-alone prices.

## (i) Where the Group is a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the incremental borrowing rate is used.

Lease payments included in the measurement of the lease liability comprise the following:

- fixed payments, including in-substance fixed payments;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable under a residual value guarantee; and
- the exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or if the Group changes its assessment of whether it with exceptions a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset or is recorded in statement of profit and loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Group presents right-of-use assets and lease liabilities as a separate line item on the face of the Balance Sheet. The Group has elected to use the recognition exemptions for short-term and low value leases as per Ind AS 116.

# (ii) Where the Group is a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

Lease income from operating leases where the Group is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Amounts due from lessees under finance leases are recorded as receivables ('Finance lease receivables') at the Group's bet investment in the leases. Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

# 2.16. Impairment of non-financial assets

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment considering the provisions of Ind AS 36 'Impairment of Assets'. If any such indication exists, then the asset's recoverable amount is estimated.

The recoverable amount of an asset or cash-generating unit is the higher of its fair value less costs to disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or groups of assets (the "cash-generating unit", or "CGU").

An impairment loss is recognised if the carrying amount of an asset or its CGU exceeds its estimated recoverable amount. Impairment losses are recognised in statement of profit and loss. Impairment losses recognised in respect of CGUs are reduced from the carrying amounts of the assets of the CGU.

Impairment losses recognised in prior periods are assessed at each reporting date for any indications that the loss has ecreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

# 2.17. Operating segments

In accordance with Ind AS 108, Operating Segments, the operating segments used to present segment information are identified on the basis of internal reports used by the Group's Management to allocate resources to the segments and assess their performance. The Board of Directors is collectively the Group's 'Chief Operating Decision Maker' or 'CODM' within the meaning of Ind AS 108.

Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise mainly corporate expenses, finance expenses and income tax expenses.

Revenue directly attributable to the segments is considered as segment revenue. Expenses directly attributable to the segments and common expenses allocated on a reasonable basis are considered as segment expenses.

Segment capital expenditure is the total cost incurred during the period to acquire property, plant and equipment, and intangible assets other than goodwill.

Segment assets comprise property, plant and equipment, intangible assets, trade and other receivables, inventories and other assets, that can be directly or reasonably allocated to segments. For the purpose of segment reporting, property,

plant and equipment have been allocated to segments based on the extent of usage of assets for operations attributable to the respective segments. Segment assets do not include investments, income tax assets, capital work in progress, capital advances, corporate assets and other current assets that cannot reasonably be allocated to segments. Segment liabilities include all operating liabilities in respect of a segment and consist principally of trade and other payables, employee benefits and provisions. Segment liabilities do not include equity, income tax liabilities, loans and borrowings and other liabilities and provisions that cannot reasonably be allocated to segments.

# 2.18. Dividends

Dividends and interim dividends payable to the Group's shareholders are recognized as changes in equity in the period in which they are approved by the shareholders and the Board of Directors respectively.

# 2.19. Material prior period errors

Material prior period errors are corrected retrospectively by restating the comparative amounts for the prior periods presented in which the error occurred. If the error occurred before the earliest period presented, the opening balances of assets, liabilities and equity for the earliest period presented, arc restated.

# **?.20.** Earnings per share

Basic earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per equity share is computed by dividing the net profit or loss attributable to equity shareholders of the Company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

# 2.21. Statement of cash flows

Statement of cash flows is prepared in accordance with the indirect method prescribed in Ind AS 7 Statement of cash flows.

# 2.22. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

# (i) Financial assets

# Initial recognition and measurement

The Group recognizes financial assets when it becomes a party to the contractual provisions of the instrument. All financial assets are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition of financial assets, which are not at fair value through profit or loss, are added to the fair value on initial recognition.

# Subsequent measurement

# Debt instruments at amortised cost

A 'debt instrument' is measured at the amortized cost if both the following conditions are met:

- (a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- (b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the EIR method. Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to

trade and other receivables.

# Debt instrument at FVTOCI (Fair Value through OCI)

- A 'debt instrument' is classified as at FVTOCI if both of the following criteria are met:
- (a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- (b) The asset's contractual cash flows represent SPPI

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognised in the OCI. However, the Group recognises interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

# Debt instrument at FVTPL (Fair value through profit or loss)

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as at FVTPL.

In addition, the Group may elect to classify a debt instrument, which otherwise meets amortised cost or FVTOCI briteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch'). Debt instruments included within the FVTPL category are measured at fair value with all changes recognised in the statement of profit and loss.

# Equity Investments

Equity investments are measured at fair value. The Group decides to classify the equity investments either as at FVTOCI or FVTPL. The Group makes such election on an instrument by instrument basis. The classification is made on initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of profit and loss, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

# Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is \_\_\_\_\_primarily derecognised (i.e. removed from the Group's balance sheet) when:

The rights to receive cash flows from the asset have expired, or

- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - (a) the Group has transferred substantially all the risks and rewards of the asset, or
  - (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

# Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- (a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits and bank balance.
- (b) Receivables, unbilled revenue and contract assets under Ind AS 115 and Ind AS 116.

For trade receivables and unbilled revenue, the Group applies the simplified approach required by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 month ECL is used to provide for impairment loss. However, if credit risk has increased significantly,

lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as expense/ income in the consolidated statement of profit and loss. This amount is reflected under the head 'other expenses' in the consolidated statement of profit and loss.

# (ii) Financial liabilities

# Initial recognition and measurement

All financial liabilities are recognised initially at fair value and in the case of borrowings and payables, net of directly attributable transaction costs. The Group's financial liabilities include trade and other payables, borrowings and retention money.

# Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

# Financial liabilities at amortised cost

After initial measurement, such financial liabilities are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortisation process Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss. This category generally applies to borrowings, trade payables and other contractual liabilities.

# Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Gains or losses on liabilities held for trading are recognised in the statement of profit and loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial ate of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognised in OCI. These gains/losses are not subsequently transferred to the statement of profit and loss. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Group has not designated any financial liability as at fair value through profit and loss.

# Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

# (iii) Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

# 2.23. Other expenses

Expenses on annual maintenance, legal & professional consultancy, training & recruitment etc. are charged to statement of profit and loss in the year incurred.

# 2.24. Related party transactions

The transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions.

# D. Use of estimates and management judgments

The preparation of consolidated financial statements requires management to make judgments, estimates and assumptions that may impact the application of accounting policies and the reported value of assets, liabilities, income, expenses and related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. The estimates and management's judgments are based on previous experience and other factors considered reasonable and prudent in the circumstances. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In order to enhance understanding of the consolidated financial statements, information about significant areas of "stimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognised in the consolidated financial statements is as under:

# (i) Property, plant and equipment and intangible assets

The estimated useful life of property, plant and equipment and intangible assets is based on a number of factors including the effects of obsolescence, demand, competition and other economic factors (such as the stability of the industry and known technological advances) and the level of maintenance expenditures required to obtain the expected future cash flows from the asset. The useful life of property, plant and equipment and intangible assets are reviewed at the end of each reporting date and adjusted prospectively, if appropriate.

The recoverable amount of property, plant and equipment and intangible assets is based on estimates and assumptions regarding the expected market outlook and future cash flows. Any changes in these assumptions may have a material impact on the measurement of the recoverable amount and could result in impairment.

# (ii) Impairment of non-financial assets

The recoverable amount of investment in joint venture companies is based on estimates and assumptions regarding in particular the future cash flows associated with the operations of the investee Group. Any changes in these assumptions \_may have a material impact on the measurement of the recoverable amount and could result in impairment.

# (iii) Revenues

The Group applies judgements that affect the determination of the amount and timing of revenue from contracts with customers. The Group also applies judgement to determine whether each product or service promised to a customer are capable of being distinct, and are distinct in the context of the contract, if not, the promised product or services are combined and accounted as a single performance obligation. The Group allocates the consideration to separately identifiable performance obligation deliverables based on their relative stand-alone selling price. Rebates and discounts, if any, are recognised as a reduction from revenue based on management estimates.

# (iv) Provision for expected credit loss (ECL) of trade receivables and contract assets

The Group uses a provision matrix to calculate ECLs for trade receivables and contract assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns. The provision matrix is initially based on the Group's historical observed default rates. The Group calibrates the matrix to adjust the historical credit loss experience with forward-looking information. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

# (v) Leases not in legal form of lease

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to terminate the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

# (vi) Post-employment benefit plans

Employee benefit obligations are measured based on actuarial assumptions which include mortality and withdrawal "ates as well as assumptions concerning future developments in discount rates, the rate of salary increases and the discount rate. The Group considers that the assumptions used to measure its obligations are appropriate and documented. However, any changes in these assumptions may have a material impact on the resulting calculations.

# (vii) Provisions and contingencies

The assessments undertaken in recognising provisions and contingencies have been made in accordance with Ind AS 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events has required best judgment by management regarding the probability of exposure to potential loss. Should circumstances change following unforeseeable developments, this likelihood could alter.

# (viii) Income taxes

Uncertainties exist with respect to the interpretation of tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business relationships differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

|                        |                       |                 | Gross block                |                                                  |                        |                      |                 | Depreciation               |                                                  |                       | Net block              |

## Notes to capital work-in-progress

- a) The borrowing cost proportionate to the unufilised amount of borrowings for qualifying assets is carried forward for capitalization in the year of its utilization. However, income earned on temporary investment of the borrowings is deducted from the borrowing costs eligible for capitalisation. During the year, the Company has capitalised employee benefit expenses amounting to ₹ 1,910.79 Lakhs (31 March 2021; ₹ 2,627.39 Lakhs) and other expenses amounting to ₹ 1,227.97 Lakhs (31 March 2021; ₹ 1,513.09 Lakhs) which are directly attributable to assets.
- b) The Group is in process of assessment of assets held under capital work-in-progress available for use but pending capitalisation/ recognition of revenue to that extent due to non-receipt of completion certificate from Urban Local Bodies (ULBs). Obtaining of pending completion certificates is under active follow-up with the ULBs and same will be capitalized on receipt thereof.
- c) The Capital work-in-progress includes inventory of capital items of ₹.46,227.83 Lakhs held with the Company as at 31 March 2022 (31 March 2021: ₹ 54,178.01.Lakhs).
- d) The details/ components of project wise work/ components appearing under capital work-in-progress are under preparation/ compilation in view of number of contracts of large quantities consisting of small items, hence the assessment of stage of completion of such small quantities could not be ascertained due to lack of complete information of its installation from the contractors/ vendors. Appropriate steps have been initiated to compile those details to suitably capitalise these items project wise.

## 4 Capital work-in-progress (continued)

# c) Ageing schedule of capital work-in-progress

a) Refer note 48 for details with respect to credit risk.

b) Amounts receivables from related parties are disclosed in note 51.

c) Trade receivables (including related party balances) are subject to confirmations, reconciliation and consequential adjustments that may arise on reconciliation.

d) Trade receivables have been plcdgcd as sccurity for borrowings. For details, refer note 31.

- e) Based on agreements entered with the customers, the receivables have been discounted with the Bank. Accordingly, trade receivables have been disclosed net of bills discounted amounting to ₹ 7,924.73 Lakhs (31 March 2021 : ₹ 32,025.96 Lakhs). Refer note 58.
- f) Refer note 62(1) for trade receivable ageing.
- g) Trade receivables, primarily consisting of dues recoverable from various government bodies/ ULBs, has accumulated to ₹ 3,72,450.02 lakhs as at 31 March 2022. The company appointed an external agency for an assessment/ evaluation of credit risk based on factors such as ageing of dues, specific credit circumstances, nature and credit worthiness, historical payment behaviour etc. Based on aforesaid assessment, Expected Credit Loss (ECL) of ₹ 5,642.89 lakhs has been created during the year resulting in cumulative ECL of ₹ 13,419.62 lakhs as at 31 March, 2022.

The company is actively pursuing/ following up for the recovery of dues from trade receivables with the support of various stakeholders including the administrative ministry and is confident of recovery of these dues as these are mainly from various government agencies, hence the aforesaid provision is considered adequate by the management.

The promoters initially subscribed to 25% shares each of the Parent Company. Over the years, the Parent Company has made offers for right issue under private placement of equity shares to existing shareholders. Some shareholders have not subscribed to the offered shares or renounced their right to other shareholder resulting in change in their shareholding percentage from the original 25%.

The Board of Directors in their 90th Board Meeting held on 12 August 2021 issued and offered equity shares amounting to ₹40,749.16 lakhs to all existing shareholders on rights basis in the proportion of their shareholding at par. Power Grid Corporation of India Limited (PGCIL) subscribed to the offer, while NTPC Limited declined and Power Finance Corporation Limited and REC Limited renounced their offers in favour of PGCIL. As a result, 407,491,650 equity shares amounting to ₹40,749.16 lakhs were allotted to PGCIL on 6 September 2021. The revised shareholding post the right issue is given in note d below.

b) The Parent Company has neither issued any bonus shares nor issued any shares for consideration other than cash during the five years immediately preceding the current financial year. The Parent Company has also not bought back any shares during the same period.

## c) Terms and rights attached to equity shares:

The Parent Company has only one class of equity shares having a par value  $\gtrless$  10/- per share. The holders of the equity shares are entitled to receive dividends as declared from time to time and are entitled to voting rights proportionate to their share holding at the meetings of shareholders share in the proceeds of winding up the Company in proportion to the number of and amounts paid on the shares held. No dividend has been paid/proposed to be paid to the shareholders during the year 2021-22 (2020-21: Nil).

## d) Details of shareholders holding more than 5% shares in the Company:

f) On 1 September 2021, the promoters, in accordance with the recommendations of the Ministry of Power regarding restructuring of the Parent company, executed a supplementary agreement amending the provisions of the Joint Venture Agreement pertaining to shareholding and management of the Parent Company. The Articles of Association of the Parent company were also altered. As per the amended agreement, the Board should comprise of six (6) directors including two (2) each from NTPC and Power Grid, one government nominated director not below the rank of Joint Secretary of Ministry of Power and the Chief Executive Officer (CEO) of the Parent Company. The Parent Company shall have a professional management team headed by the Chief Executive Officer (CEO). The CEO shall be responsible to the Board of Directors for the efficient functioning, corporate objectives, and performance parameters of the Parent Company and its Group Companies.

Further, it was decided that shareholding of NTPC Limited and PowerGrid Corporation of India Limited shall remain equal going forward and shareholding of Power Finance Corporation Limited and REC Limited shall be brought down to less than 10%. Accordingly, NTPC Limited and PowerGrid Corporation of India Limited shall infuse the capital equally in future.

a) Amounts payable to related parties are disclosed in note 51.

Some trade payables had reserved title to goods supplied to the Group. Since the extent to which such trade payables are effectively secured depends on a number of factors and conditions, some of which are not readily determinable, it is not possible to indicate how much of the above amount is secured under reservation of title.

1,21,386.26

1,12,218.65

c) Refer note 62(k) for trade payable ageing.

| Total                                                   | 2,22,209.50                         | 2,11,796.47                         |

a) Refer note 59 for disclosure in respect of Ind AS 115, 'Revenue from contracts with customers'.

- b) Refer note 51 for transactions with related parties.
- c) The Parent Company as per practise, recognises revenue under street light agreements with ULB's whereby the start date of project period is taken as the date of first completion certificate received from ULB. For subsequent completion certificates, revenue is recognised co-terminus to the project period based on the initial completion certificate.
- d) The Parent company is in the process to seek clarifications/ amendments in certain agreements for smart meter projects, for extension of period, change in rates etc., the effect of which shall be considered in the year in which such amendments are finalized. Further, as per terms of agreement, revenue from smart meters to be booked for which reading is captured from various Discoms however where the reading could not be captured due to tele communication issue, TD/PD cases etc, the Parent Company is taking steps to devise a suitable mechanism to bill for such installed meters.
- e) The details of streetlights installed and completed till date against quantity ordered by Urban Local Bodies (ULB) is under compilation and thereafter adjustment towards capitalization and revenue recognition, if any, will be undertaken. No material differences are envisaged at this stage and the same will be accounted in the year of completion of compilation/ reconciliation.
- f) Under Trigeneration ESCO segment, the details of bill read/ gas consumption etc. could not be compiled due to non-receipt of relevant data from customers. Consequently, the revenue could not be recognized for the period October 2021 to March 2022 and will be recognised in the subsequent period.
- g) The billing towards PMC and repair and maintenance (R&M) for the year in respect of Energy Efficient Pumps under AgDSM project in the state of Andhra Pradesh has been raised to the extent details received from DISCOM and balance bill could not be raised due to splitting of DISCOMS i.e. APSPDCL and APCPDCL. The revenue will be recognised as and when the revised agreement is signed with DISCOMS for the pumps in their relevant jurisdiction.

## 38 Other income

The Group has four reportable segments, as described below, which are the Group's strategic business units. The strategic business units offer different products and services, and are managed separately because they require different technology and marketing strategies. For each of the strategic business units, the Chief operating decision maker (CODM) reviews internal management reports on at least a quarterly basis.

The following summary describes the operations in each of the Group's reportable segments:

Trading: Sale of energy efficient appliances to the different customers

Services: Providing the energy efficient technology services on ESCO mode and consultancy services.

Industrial engine and component: Manufacture, sale, installation, hire and service of diesel and gas powered generators and related spare parts.

Energy saving services (UK): Providing the energy efficient technology services on ESCO mode in United Kingdom (UK).

Information regarding the results of each reportable segment is included below. Performance is measured based on segment profit before income tax, as included in the internal management reports that are reviewed by the Group's Board. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

### b) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value of financial instruments measured at fair value or measured at amortised cost for which fair value is being disclosed, the group has classified these into levels prescribed under the Ind AS 113, 'Fair value measurement' details of which are as under:

| Particulars                                                      | Note               | Level   | Asat          | As at         |
|------------------------------------------------------------------|--------------------|---------|---------------|---------------|

| Total                                                            |                    | •       | 7,19,680.70   | 7,50,832.88   |

Financial assets and financial liabilities at fair value in the statement of financial position are grouped into three levels of fair value hierarchy. The three levels are defined based on the observability of significant inputs in the measurement as follows:

Level 1: The fair value of financial instruments traded in an active market is based on the quoted market prices at the end of the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one of more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity instruments.

There are no transfers between level 1 and 2 during the year.

### 47 Fair Value Measurements (continued)

### c) Valuation technique used to determine fair value:

- (i) For investment in equity instruments Valuation through a SEBI registered merchant banker using net asset value method.
- (ii) For financial assets (security deposits, employee loans, unbilled revenue) Discounted future cash flow; appropriate market rate as of each balance sheet date used for discounting.
- (iii) For financial liabilities (retention money liabilities, debentures; foreign currency loans): Discounted cash flow; appropriate market borrowing rate of the entity as of each balance sheet date used for discounting.

----

### d) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of current trade receivables, cash and cash equivalents, other current financial assets, current borrowings and other current financial liabilities: are considered to be the same as their fair values, due to their short-term nature.

The fair values for security deposits, unbilled revenue, borrowings and retention money were calculated based on cash flows discounted using a current lending rate/borrowing rate undertaken through an expert external agency. They are classified as level 2 fair values in the fair value hierarchy due to the use of observable market inputs.

For financial asset measured at fair value, the carrying amounts are equal to the fair values.

### 48 Financial risk management

The Group's principal financial liabilities comprise loans and borrowings in foreign as well as domestic currency, trade payables and other payables. The Group's principal financial assets include loans, trade & other receivables, and eash and short-term deposits that derive directly from its operations. The main purpose of these financial liabilities is to finance the Group's operations.

The Group is exposed to the following risks from its use of financial instruments:

- Credit risk
- Liquidity risk
- Market risk

This note presents information about the Group's exposure to each of the above risks, the Group's objectives, policies and processes for measuring and managing risk.

### a) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterpartly to a financial instrument fails to meet its contractual obligations resulting in a financial loss to the Group. Credit risk arises principally from trade receivables, unbilled revenue, loans & advances, cash & cash equivalents and deposits with banks. The carrying amounts of financial assets represents the maximum credit risk exposure.

### Trade receivables and unbilled revenue

The Group earns its revenue mainly from government controlled entities (both central and state government). As these entities are government controlled, the counter party risk attached to such receivables are considered to be insignificant.

For rest of the customers, Group evaluates and manages its credit risk by taking into consideration the ageing of the dues, specific credit circumstances, nature of the customers and credit worthiness of the customers.

The impairment loss allowance is assessed by the Group using life time ECL approach which is based on the business environment in which the Group operates. The trade receivables are considered in default (credit impaired) when the possibility of recovery of receivables based on the assessment' evaluation on the parameters stated above are deteriorating and are required to be provided as allowance for doubtful receivables in a systematic manner.

Since the Group has its customers within different states of India and different countries outside India, geographically there is no concentration of credit risk.

### Loan to employees

The Group has given loans to employees. The Group manages its credit risk in respect of loan and advances to employee through settlement of dues against full and final payment to employees.

### Cash and cash equivalents

The Group held cash and cash equivalents of ₹ 75,914,13 Lakhs (31 March 2021: ₹ 73,787.87 Lakhs). The cash and cash equivalents are held with banks with high rating.

### Deposits with banks and financial institutions

The Group held deposits with banks and financial institutions of ₹ 31,238.06 Lakhs (31 March 2021: ₹ 53,483,29 Lakhs). In order to manage the risk, Group places deposits with only high rated banks/institutions.

### Loan to EnergyPro Asset Management Ltd (EPAM)

As per joint venture agreement between the parent company and EPAM, in case, EPAM defaults in payment of any amount due under loan given by EPAL by its due date, a deemed transfer notice will be deemed to be served on the Company which will impact EPAM as below:

- EPAM shall be deprived of all its voting rights at any meetings of Shareholders;

- the Director(s) appointed by EPAM shall be deprived of all voting rights (and such Director(s) will lose its rights to attend Board meetings);

- the Defaulting Shareholder shall not be entitled to receive any dividend or other distribution payable by the Company.

- EPAL will have the right to purchase all of EPAM's shares at 90% of the Fair Value per equity share.

As per the loan agreement, in case of any default, interest on the unpaid amount shall accrue daily, from the date of non-payment to the date of actual payment, at 2% above the rate specified under the agreement. Also, EnergyPro Asset Management Ltd along with its nominee director shall be deprived of all of its voting rights as shareholder in EPAL, and it shall not be entitled to any dividend or other distribution payable by the EPAL.

In view of above-mentioned clauses of the joint venture agreement and loan agreement, management is of the view that tisk of default is low.

### Investment

EESL EnergyPro Asset Limited (EPAL) has made a strategic investment in a partnership firm Maple Leaf Storage LPI. As per the terms of subscription agreement, if conditions laid down in the agreement are not achieved by the LP within one year of the closing date, the cash flow allocation to EPAL in relation to its investment shall be established, at that time, in a manner to provide EPAL a projected IRR of at least 10.0% (based on the 15-year financial model).

(iii) Provision for expected credit losses

Financial assets for which loss allowance is measured using life time expected credit losses

The Group has recognised an allowance for doubtful receivables of ₹ 5,642.89 Lakhs during the year ended 31 March 2022 (31 March 2021: ₹ 6,337.18 Lakhs).

### Financial assets for which loss allowance is measured using 12 month expected credit losses

The Group has assets where the counter- parties have sufficient capacity to meet the obligations and where the risk of default is negligible. The Company has recognised an allowance for doubtful recoverables of ₹ 178.10 Lakhs during the year ended 31 March 2022 (31 March 2021; ₹ Nil).

### (iv) Reconciliation of allowance for doubtful receivables

The movement in the allowance for doubtful receivables in respect of trade receivables during the year is as follows:

| Particulars                                                  | For the year ended<br>31 March 2022 | ₹ in Lakhs<br>For the year ended<br>31 March 2021 |
|--------------------------------------------------------------|-------------------------------------|---------------------------------------------------|
| Opening balance                                              | .7,776.73                           | 1,439.55                                          |
| Add: Allowance for doubtful debts recognised during the year | 5,642.89                            | 6,337.18                                          |
| Closing balance                                              | 13,419.62                           | 7,776,73                                          |

|---------------------------------------------------------------------------------------------|-------------------------------------|-------------------------------------|
| Particulars                                                                                 | For the year ended<br>31 March 2022 | For the year ended<br>31 March 2021 |
| Opening balance                                                                             |                                     | -                                   |
| Add: Allowance for doubtful debts recognised during the year                                | 178.10                              | -                                   |
| Closing balance                                                                             | 178.10                              |                                     |

### b) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates and interest rates will affect the Group's income. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

The Board of Directors is responsible for setting up of policies and procedures to manage market risks of the Group. All such transactions are carried out within the guidelines set by the risk management committee.

### (i) Interest rate risk

The Group is exposed to interest rate risk arising mainly from non-current borrowings with floating interest rates. The Group is exposed to interest rate risk because the cash flows associated with floating rate borrowings will fluctuate with changes in interest rates. The Group manages the interest rate risks by entering into different kinds of loan arrangements with varied terms (e.g. fixed rate loans, floating rate loans, rupee term loans, foreign currency loans, etc.).

At the reporting date the interest rate profile of the Group's interest-bearing financial instruments is as follows:

|                                        | As at         | As at                |
|----------------------------------------|---------------|----------------------|

Fair value sensitivity analysis for fixed-rate instruments

The Group's fixed rate instruments are carried at amortised cost. They are therefore not subject to interest rate risk, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Cash flow sensitivity analysis for variable-rate instruments

A change of 50 basis points in interest rates at the reporting date would have increased (decreased) profit or loss by the amounts shown below. This analysis assumes that all other variables, in particular foreign currency rates, remain constant. The analysis is performed on the same basis for the previous year.

| Particulars                            |            | Profit or loss (before tax) |            |          |  |  |

### (ii) Currency risk

The Group is exposed to foreign currency risk on certain transactions that are denominated in a currency other than respective entity's functional currency, hence exposure to exchange rate fluctuations arises. The risk is that the functional currency value of cash flows will vary as a result of movements in exchange rates. The currency profile of financial liabilities as at 31 March 2022 and 31 March 2021 are as below:

### As at 31 March 2022

| Particulars                       | F           | oreign currency |             |           | ₹ in Lakhs  |           |

### Sensitivity analysis

A change in the value of the Indian Rupee (strengthening/weakening), as indicated below, against Euro, USD and GBP at 31 March would have increased/decreased profit before tax by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Group considered to be reasonably possible at the end of the reporting period. The analysis assumes that all other variables, in particular interest rates, remain constant. The analysis is performed on the same basis for previous year.

|              |               |           |               | ₹ in Lakhs |
|--------------|---------------|-----------|---------------|------------|
| Particulars  | 31 March 2022 |           | 31 March      | 2021       |
|              | Strengthening | Weakening | Strengthening | Weakening  |
| 10% movement |               |           |               |            |
| INR/EUR      | (5,387.18)    | 5,387.18  | (6,221.61)    | 6,221.61   |
| INR/USD      | (22,673.16)   | 22,673.16 | (17,687.15)   | 17,687.15  |
| INR/GBP      | 334.17        | (334.17)  | 8.01          | (8.01)     |
| Total        | (27,726.17)   | 27,726.17 | (23,900.75)   | 23,900,75  |

### c) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group has an appropriate liquidity risk management framework for the management of short, medium and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate cash reserves, banking facilities and reserve borrowing facilities by continuously monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities.

Typically the Group ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 60 days, including the servicing of financial obligations, this excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters.

### (i) Financing arrangements

The Group had access to the following undrawn borrowing facilities at the end of the reporting period:

| Particulars              | As at<br>31 March 2022 | As at<br>31 March 2021 |
|--------------------------|------------------------|------------------------|
| Fixed-rate borrowings    |                        |                        |
| Foreign currency loans   | 1,65,797.60            | 1,68,615.93            |
| Working capital loan     | 28,000.00              | 38,600.00              |
| Total                    | 1,93,797.60            | 2,07,215.93            |
| Floating-rate borrowings |                        |                        |
| Foreign currency loans   | 2,77,696.91            | 3,01,604.81            |
| Working capital loan     | 527.63                 | -                      |
| Total                    | 2,78,224.54            | 3,01,604.81            |

### 49 Capital Management

The Group's objectives when managing capital are to:

- safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders and - maintain an appropriate capital structure of debt and equity.

The Board of Directors has the primary responsibility to maintain a strong capital base and reduce the cost of capital through prudent management in deployment of funds and sourcing by leveraging opportunities in domestic and international financial markets so as to maintain investors, creditors & markets' confidence and to sustain future development of the business. The Board of Directors also monitors the level of dividends to equity shareholders.

Under the terms of major borrowing facilities, the Group is required to comply with the following financial covenants, broadly:

- a) Borrowings of parent company:
- (i) Maintain a current ratio (current assets divided by current liabilities) of at least 1.0
- (ii) Maintain a minimum asset coverage of 1.00 times
- (iii) Maintain a Debt; Equity ratio (long-term debt divided by equity net of accumulated profits/losses) not exceeding 80:20
- (iv) Maintain a asset debt service coverage ratio (net cash flow from operations divided by debt service obligations, including all principal payments and tax-shielded interest and lease payments following due within the year) of at least 1.2
- (v) Borrower shall inform the Bank simultaneously along with Stock Exchange if substantial effect on their profit or business means an adverse variance of 20% or more.

### b) Borrowings of subsidiary companies:

- (i) EESL EnergyPro Assets Limited- Maintain cash flow cover (cash flow to debt service including finance charges) of at least 1.4:1.0.
- (ii) Edina Power Services Limited- Maintain debt servicing coverage ratio of at least 1.4, levarage of at least 3.0 and aggregate value of the tangible assets of at least 1.75 times the aggregate amount of the total commitments and maximum loan to value of 70 per cent.

The Group monitors capital, using a medium term view of three to five years, on the basis of a number of financial ratios generally used by industry and by the rating agencies. The Group is not subject to externally imposed capital requirements.

T in Tables

The financial covenant ratios (and their computation) which the Group uses to monitor its capital are as follows:

|                             |               | ₹ in Lakus    |
|-----------------------------|---------------|---------------|
| Particulars                 | As at         | As at         |
|                             | 31 March 2022 | 31 March 2021 |
| Current ratio               | .1.19         | 1.39          |
| Debt-equity ratio           | 3.66          | 5.22          |
| Debt service coverage ratio | 0.86          | 1.22.         |
| Asset coverage ratio        | 1.14          | 1.08          |

50 The Company raises funds through various sources including series of Non-Convertible Bond issue. The details of redeemable, taxable, non-cumulative, non-convertible bonds in the nature of debentures issued by the Company are as follows:

### d) Terms and conditions of transactions with the related parties

(i) Transactions with the related parties are made on normal commercial terms and conditions and at market rates.

(ii) The contracts or arrangements or transactions entered into during the year ended 31 March 2022 which were at arm's length basis.

- (iii) The Group is receiving manpower services from M/s Utility Powertech Ltd (UPL), a 50:50 joint venture between NTPC Limited and Reliance Infrastructure Ltd.
- (iv) The Group provides consultancy services and sell goods to companies having joint control on which it recovers cost plus services charges from such companies.
- (v) Loan is given to EnergyPro Asset Management Limited (EPAM) at interest rate of LIBOR plus margin (2,80%). Banking fee and guarantee fees are recovered on cost to cost basis. As per the loan agreement, in case of any default, EnergyPro Asset Management Ltd along with its nominee director shall be deprived of all of its voting rights as shareholder in EESL EnergyPro Asset Limited (EPAL), and it shall not be entitled to any dividend or other distribution payable by the EPAL.
- (vi) Outstanding balances of related parties at the year-end are unsecured and interest free except for loan to EPAM and settlement occurs in cash. The Group has not recorded any impairment of receivables relating to amounts owed by related parties. This assessment is undertaken each financial year through examining the financial position of the related party and the market in which the related party operates.

52 Disclosure as per Schedule III to the Companies Act, 2013

The parent company pays fixed contribution to superannuation fund to a separate trust. Amount of ₹ 284.66 Lakhs (31 March 2021) ₹ 263.90 Lakhs) pertaining to employers' contribution to superannuation fund is recognised as an expense and included in "Employee benefits expense" in note 37.

### (iii) Pension fund

The Group voluntary contributes 6% to an external pension fund for its employees of subsidiaries. Amount of  $\mathbb{Z}$  500.70 Lakhs (31 March 2021;  $\mathbb{Z}$  497.32 Lakhs) is recognised as an expense and included in "Employee benefits expense" in note 37.

### b) Other long term employee benefit plans- Leave encashment

The parent company provides for earned leave benefit (including compensated absences) and half-pay leave to the employees of the parent company which accrue annually at 30 days and 20 days respectively. Earned leave (EL) is encashable while in service. Half-pay leaves (HPL) are en-cashable only on separation beyond the age of 50 years up to the maximum of 300 days. However, total number of leave (i.e. EL & HPL combined) that can be encashed on superannuation shall be restricted to 300 days and no commutation of half-pay leave shall be permissible. The scheme is unfunded and liability for the same is recognised on the basis of actuarial valuation.

During the year, provision amounting to ₹ 378.74 Lakhs (31 March 2021: ₹ 308.89 Lakhs) has been recognised on the basis of actuarial valuation at the year end and debited to the statement of profit and loss.

### c) Defined benefit plan (gratuity).

The parent company operates a gratuity plan for its regular employees which provides lump sum benefits linked to the qualifying salary and completed years of service with the parent company at the time of separation. Regular employee who has completed 5 years of continuous service is entitled to receive gratuity at the time of his retirement or separation from the organisation, whichever is earlier. The gratuity benefit that is payable to any employee, is computed in accordance with the provisions of "The Payment of Gratuity Act, 1972".

The parent company has set up a fund with Life Insurance Corporation (LIC) of India and contribution is made to the gratuity policy issued by LIC of India. Based on the actuarial valuation obtained in this respect, the following table sets out the status of the gratuity plan and the amounts recognised in the parent company's financial statements as at balance sheet date:

|                                        |               | ₹ in Lakhs    |
|----------------------------------------|---------------|---------------|
| Particulars                            | As at         | As at         |

employment market.

### (iv) Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

|                                        |          | ₹ in Lakhs |
|----------------------------------------|----------|------------|
| Particulars                            | Іпстеазе | Decrease   |
| As at 31 March 2022                    |          |            |
| Discount rate (0.5% movement)          | (63.55)  | 70,33      |
| Salary escalation rate (0.5% movement) | 52.23    | (53.92)    |
| As at 31 March 2021                    |          |            |
| Discount rate (0.5% movement)          | (44.01)  | 48.79      |
| Salary escalation rate (0.5% movement) | 42,64    | (39.49)    |

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

The sensitivity analysis above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. This analysis may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

### (v) Risk exposure

Changes in discount rate: Reduction in discount rate in subsequent valuations can increase the plan's liability. Salary increases: Actual salary increases will increase the plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.

Life expectancy: The plan obligations are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plans' liabilities. This is particularly significant where inflationary increases result in higher sensitivity to changes in life expectancy.

Investment risk: Assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.

### 54 Disclosure as per Ind AS 19 'Employee Benefits' (continued)

### (vi) Expected maturity analysis of the defined benefit plans in future years

|                   |               | ₹ in Lakhs    |
|-------------------|---------------|---------------|
| Particulars       | As at         | As at         |
|                   | 31 March 2022 | 31 March 2021 |
| Less than 1 year  | 19.93         | 7.41          |
| Between 1-2 years | 16.71         | 10,69         |
| Between 215 years | 73.24         | 43.03         |
| Over 5 years      | 783.65        | 537.22        |
| Total             | 893,53        | 598,35        |

(vii) Expected contributions to post-comployment benefit plans for the year ending 31 March 2023 are ₹ 175.73 Lakhs.

(viii) The weighted average duration of the defined benefit plan obligation as at 31 March 2022 is 17.58 years (31 March 2021: 18.23 years).

### 55 Disclosure as per Ind AS 20 'Accounting for Government Grants and Disclosure of Government Assistance'

Government grants have been accounted in line with Accounting policy no. 2.9.

Asian Development Bank ("ADB") acting as an implementation agency of the Global Euvironment Facility ("GEF") had sanctioned a grant of USD.13,000,000 for specific energy efficiency projects. There are no unfulfilled conditions or other contingencies attached to above grant. The Company has recognised ₹ 727.59 (31 March 2021: ₹ 535.68 Lakhs) as grant income (refer note 35).

International Bank for Reconstruction and Development ("World Bank") acting as an implementation agency of the Global Environment Facility ("GEF") had sanctioned a grant of USD 1,500,000 for implemention of SAP and USD 500,000 for other consultancy. There are no unfulfilled conditions or other contingencies attached to above grant. The Company has recognised  $\gtrless$  Nil (31 March 2021)  $\gtrless$  309.45 Lakhs) as grant income (refer note 35).

### 56 Disclosure as per Ind AS 21 "The Effects of Chauges in Foreign Exchange Rates"

The amount of exchange differences (net) debited to the statement of profit and loss is ₹ 5,915.37 Lakhs (31 March 2021) credited to Statement of profit and loss ₹ 2,548,39 Lakhs).

### 59 Disclosure as per Ind AS 115, 'Revenue from contracts with customers'

### a) Nature of goods and services

The revenue of the Group comprises of revenue from sale of goods, rendering of services and sale/servicing of industrial engine and components. The following is a description of the principal activities:

### Revenue from sale of goods

The Group sells energy efficient appliances such as LEDs, streetlights, solar lamps, agricultural pumps, energy efficient fans/lubes etc. (including standard warranties) to various enstomers. Majority of the revenue is derived from government customers. Sale of goods is made as per the terms and conditions mentioned in agreement entered into between the Group and the customer.

### Nature, timing of satisfaction of performance obligation and significant payment terms

The Group recognises revenue from sale of goods at a point in time when control of the goods is transferred to the customers. The amount of revenue recognised as per the terms of the contracts and is adjusted for components of variable consideration, wherever applicable, which are estimated based on the historical data available with the Group. The amounts are billed as per the terms of the contracts and are payable within contractually agreed oredit period which varies from 30 to 60 days.

### Revenue from rendering of services

The Group provides energy efficiency services on ESCO model and consultancy services to various customers. Majority of the revenue is derived from government customers. Services are provided as per the terms and conditions mentioned in agreement entered into between the Group and the customer.

### Nature, timing of satisfaction of performance obligation and significant payment terms

The Group recognises revenue from rendering of services over time as the customers simultaneously receive and consume the benefits provided by the Group. | Adjustments             |                    | <u> </u>           |
| Revenue from operations | 2,22,165,86        | 2,11,754.96        |

### d) Contract balances

Contract assets are recognised when there is excess of revenue carned over billings on contracts. Contract assets are transferred to unbilled revenue when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms. The contract liabilities primarily relate to the advance consideration received from the customers which are referred as 'advances from customers' and advance billings referred as 'uncarned revenue'.

The following table provides information about trade receivables, unbilled revenue, advances from customers and unearned revenue from contracts with customers:

| The restoring date provides investigation about the store dates, and not retering a | ·             | ₹ in Lakhs    |
|-------------------------------------------------------------------------------------|---------------|---------------|
| Particulars                                                                         | As at         | As at         |
|                                                                                     | 31 March 2022 | 31 March 2021 |
| Trade receivables                                                                   | 3,54,430.32   | 3,15,860.41   |
| Non-current unbilled revenue                                                        | 418.34        | 643.08        |
| Current unbilled revenue                                                            | 15,407.65     | 18,498.69     |
| Advances from customers                                                             | . 444.27      | -             |
| Uncarned revenue                                                                    | 828.81        | 1,610.24      |

The amount of revenue recognised in current year from performance obligations satisfied (or partially satisfied) in previous periods, mainly due to delay in issuance of completion (certificate by competent authorities is ₹ 5,093,38 Lakhs (31 March 2021: ₹ 796.99 Lakhs).

"The Group recognized revenue of ₹ 1,610.24 Lakhs arising from opening uncarned revenue from customers as at 1 April 2021.

Advances from customers is on account of cash received, excluding amounts recognised as revenue or adjusted against expenses.

### c) Practical expedients applied as per Ind AS 115:

(i) The Group has applied the practical expedient as per para 121 of Ind AS 115 and not disclosed information about remaining performance obligations that have original expected duration of one year or less and where the revenue recognised corresponds directly with the value to the customer of the entity's performance completed to date. There are no performance obligations that are completely or partially unsatisfied as of 31 March, 2022, other than those meeting this exclusion criteria.

(ii) The Group does not expect to have any contracts for which revenue is recognised during the year where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group has not adjusted the transaction prices for the time value of money.

### f) Incremental costs of obtaining contracts

The Group has not incurred any incremental costs of obtaining contracts with a customer and therefore, not recognised an asset for such costs.

### g) Significant Judgments

### (i) Significant judgments in determining the timing of satisfaction of performance obligation.

The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset as it is being created or existence of enforceable right to payment for performance to date and transfer of significant risks and rewards to the customer etc.

For performance obligations that are satisfied over time, the Group uses judgement to determine the method used for revenue recognition. The Group uses input method where the extent of progress towards completion is measured based on the ratio of costs incurred to date to the total estimated costs at completion of performance obligation. Revenue is recorded proportionally based on measure of progress. The Group uses output method where direct measurements of value to the customer is based on survey's of performance "ompleted to date."

### (..., Significant judgment in determining the transaction price and allocation of transaction price

Judgement is also required to determine the transaction price for the contract. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period.

### 60 Disclosure as per Ind AS 116 on 'Leases'

### a) As a lessee

The Group lease asset primarily consist of leases for land and buildings for residential/office premises, warehouses and vehicles having the various lease terms. The Group also has certain leases of with lease terms of 12 months or less. The Group applies the 'short-term lease' recognition exemptions for these leases. The following are the carrying value of right to use asset and lease liabilities and movement thereof:

|                                 |                    | ₹ in Lakhs         |

### 61 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 23 March 2022, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2022, as below:

### a) Ind AS 16 - Property, Plant and equipment:

The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant and equipment. The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022. The Group has evaluated the amendment and there is no impact on its financial statements.

### b) Ind AS 37-Provisions, Contingent Liabilities and Contingent Assets:

The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after 1 April 2022, although early adoption is permitted. The Group has evaluated the amendment and the impact is not expected to be material.

### .c) Ind AS 109 - Annual Improvements to Ind AS (2021):

The aniendment clarifies which fees an entity includes when it applies the '10 percent' test of Ind AS 109 in assessing whether to derecognise a financial liability. The Group has evaluated the amendment and there is no impact on its financial statements.

There are certain other amendments which are not expected to have any impact on the financial statements of the Group.

### 62 Additional regulatory information

"The Group has not granted any loans or advances in the nature of loans to promoters, directors, KMP's and the related parties that are repayable on demand or without specifying any errors or period of repayment.

- b) No proceedings have been initiated or pending against the Group for holding any Benami Property under the Benami Transactions (Prohibition) Act, 1988.
- c) The Group has neither provided nor taken any loan or advance to/from any other person or entity with the understanding that benefit of the transaction will go to a third party, the ultimate beneficiary.
- d) The Company has complied with the provisions of clause (87) of section 2 of the Act read with the Companies (Restriction on number of Layers) Rules, 2017.
- e) No scheme of arrangements has been approved by competent authority in terms of sections 230 to 237 of the Companies Act, 2013 in respect of Group.
- f) The Group has neither traded nor invested in crypto currency or virtual currency during the financial year.
- g) The Group does not have any transaction not recorded in the books of accounts that has been surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961
- h) The Group did not have transactions with any Company struck off under section 248 of the Companies Act, 2013.

### 63 Confirmation of balances

The Parent Company during the year under audit has reconciled a major portion of various balances lying under trade receivable and trade payables. The necessary adjustments if any, which in the view of management may not be material, will be carried out on completion of the exercise.

- 64 The Group has considered the possible effects that may result from the Covid 19 pandemic on the carrying amounts of property, plant and equipment, inventory, receivables and other current assets. The Management, based on the current indicators of future economic condition, expects that the carrying amount of the assets will be recovered, liabilities will be settled and sufficient liquidity is available to fund the business operations for at least another 12 months. Given the uncertainties of the pandemic, the Group will continue to closely monitor any material changes to future economic conditions.
- 65 Previous year figures have been regrouped / reclassified to make them comparable with the current year,

Note:

Amount of investment in joint venture is based on the carrying value of investments in the consolidated financial statements of Energy Efficiency Services Limited.

During the year, the Company's shareholding in its erstwhile joint venture namely NEESL Private Limited has reduced from 26% to 2.21% as the joint venture partner has introduced fresh equity in the joint venture company. It resulted into reduction in shareholding and in terms of the joint venture 2 agreement, the Company has lost joint control of NEESL Private Limited.

3 The Group does not have any investment in associate,
