

**Independent Auditor's Report**

**To the Members of**

**Convergence Energy Services Limited**

**Report on the Audit of the IND AS Financial Statements**

**Opinion**

We have audited the IND AS financial statements of M/s Convergence Energy Services Limited ("the Company"), which comprise the balance sheet as at 31st March 2021, and the statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the IND AS and accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2021, its profit and loss, changes in equity and its cash flows for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the IND AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Information other than the financial statements and auditors' report thereon**

The Company's board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report but does not include the Financial statements and our auditor's report thereon. The above report is expected to be made available to us after the date of this Auditor's Report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to communicate the fact / matter to those charged with governance and take appropriate actions necessitated by the circumstances and the applicable laws and regulations. We have nothing to report in this regard.

## **Responsibilities of Management and Those Charged with Governance for the IND AS Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these IND AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (IND AS) specified under section 133 of the Act read with the companies (Indian accounting standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the IND AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditor's Responsibilities for the Audit of the IND AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the IND AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these IND AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.

Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the IND AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of financial statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) Planning the scope of our audit work and in evaluating the results of our work; and

- (ii) To evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by the Companies (Auditor's Report) Order 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in ANNEXURE -A , a statement on the matters specified in paragraph 3 and 4 of the order, to the extent applicable.

2. As required by Section 143 (3) of the Act, we report that:

- (i) we have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit;
- (ii) in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
- (iii) The Balance Sheet, the Statement of Profit and Loss, changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- (iv) In our opinion, the aforesaid IND AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (v) On the basis of the written representations received from the directors taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (vi) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report

expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

- (vii) With respect to the matter to be included in the Auditor's Report under section 197(16), in our opinion and according to the information and explanations given to us, No remuneration is paid by the Company to its directors during the current year. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.
- (viii) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- The Company does not have any pending litigations which would impact its financial position.
  - The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses
  - There has been no amount which were, required to be transferred, to the Investor Education and Protection Fund by the Company.

3. Based on the verification of the books of accounts of the company and according to the information and explanations given to us, we give "Annexure C" a report on the directions and sub-directions, issued by the Comptroller and Auditors General of India in terms of Section 143(5) of the Act.

**Annexure 'A' to the Independent Auditors' Report**

The Annexure referred to in Independent Auditor's Report to the members of the Company on the IND AS financial statements for the year ended March 31, 2021, we report that:

1. In respect of fixed assets:
  - (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
  - (b) During the year, the fixed assets have been physically verified by the management in a phased manner, which in our opinion is reasonable.
  - (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there are no immovable properties purchased by the Company during the year.
2. In our opinion the inventories have been physically verified during the year by the management at the reasonable intervals and as explained to us no material discrepancies were noticed on physical verification.
3. The Company has not granted any loan, secured or unsecured to companies, firms, limited liability partnerships or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act').
4. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, with respect to the loans and investments made.
5. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits from the public within the meaning of Section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under.
6. According to the information and explanations given to us, the Central Government has not prescribed the maintenance of cost records under section 148(1) of the Companies Act, 2013 for any of the product of the Company.
7. Statutory and other dues:
  - a) According to the information and explanations given to us, no undisputed amounts payable in respect of Provident Fund, Employee's State Insurance, Income Tax, Sales Tax, Service Tax, Custom Duty, Excise Duty, Value Added

Tax, Cess and other undisputed statutory dues were outstanding at the year end, for a period of more than six months from the date they became payable.

- b) According to the information and explanations given to us and as per the records of the Company examined by us, there are no dues of Income Tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax and Cess, which have not been deposited on account of any dispute.
8. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to Bank, Financial Institution and Government. The Company has not issued any debentures.
9. In our opinion and according to information and explanations given to us, there were no monies raised by way of debts instruments and the term loans during the year and accordingly the provision of the application of the same are not applicable on the company for the financial year 2020-21.
10. According to information and explanations given to us no fraud by the company or any fraud on the company by its officer or employees has been noticed or reported during the year.
11. According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not paid/provided for managerial remuneration. Hence the provisions regarding the requisite approvals mandated by the provisions of section 197, read with Schedule V to the Act, are not applicable on the company for financial year 2020-21.
12. In our opinion and according to the information and explanations given to us, the Company is not a nidhi company. Accordingly, paragraph 3(xii) of the Order is not applicable.
13. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with sections 177 and 188 of the Act where applicable and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.
14. According to the information and explanations give to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.
15. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.

16. According to the information and explanations given to us and based on our examination of the records of the company, the Company does not undertake any activity which requires the company to be registered under section 45-IA of the Reserve Bank of India Act 1934.

**Annexure 'B' to the Independent Auditors' Report**

(Referred to in paragraph 2 (vi) under 'Report on other legal and regulatory requirements' section of our report to the Members of Convergence Energy Services Limited of even date)

**Report on Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of M/s **Convergence Energy Services Limited** ("the Company") as of March 31, 2021, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute

of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of

controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**Annexure 'C' to the Independent Auditors' Report**

(In respect of Directions, issued by Comptroller and Auditors General of India in terms of Section 143(5) of Companies Act, 2013 for the year 2020 – 21)

The Annexure referred to in Independent Auditor's Report to the members of the Company on the IND AS financial statements for the year ended March 31, 2021, we report that:

S. No.	Direction's u/s 143(5) of the Companies Act, 2013	Auditors' Reply on Action taken on the directions	Impact on Financial Statement
1	Whether the Company has system in place to process all the accounting Transactions through IT system? If Yes, the implication of processing of accounting transactions outside IT system on the integrity of the accounts along with the financial implications, if any, may be stated.	As per the information and explanations given to us, the company has a system in place to process all the accounting transactions through IT system (Tally / Excel). TALLY PRIME ERP has been implemented for the processes like Financial Accounting and Controlling including, Sales Management and other transaction recoding and processing. Based on the audit procedures carried out and as per the information and explanations given to us, all material accounting transaction have been processed / carried through the IT system. Accordingly, there are no implications on the integrity of the accounts.	Nil

2	Whether there is any restructuring of an existing loan or cases of waiver / write off of debts / loans / interest etc. made by a lender to the company due to company's inability to repay the loan? If yes, the financial impact may be stated. Whether such cases are properly accounted for?	Based on the audit procedures carried out and as per the information and explanations given to us, there has not been any existing loan availed by the company during financial year 20-21.  Hence the point / direction is not applicable on the company for the financial year 2020-21.	Nil
3	Whether funds (grants / subsidy etc.) received / receivable for specific schemes from Central / State Government or its agencies were properly accounted for / utilized as per its term and conditions? List the cases of deviation.	Based on the audit procedures carried out and as per the information and explanations given to us, there are no funds (grants / subsidy etc.) received / receivable by the company during the financial year 2020-21 for specific schemes from the Central / State Government or its agencies.  Hence the point / direction is not applicable on the Company for the said financial year.	Nil

**Note 1 Corporate Information**

Convergence Energy Services Limited (Earlier Known as "Convergence Energy Services Private Limited) herein after referred to as "CESL" or "The Company", is a subsidiary of Energy Efficiency Services Limited, itself a joint venture of public sector companies under the Ministry of Power, Government of India.

CESL focuses on delivering clean, affordable, and reliable energy. Convergence focuses on energy solutions that lie at the confluence of renewable energy, electric mobility, battery storage and climate change. It builds upon the decentralised solar development experience in under-served rural communities in India, and over time, using battery energy storage, will deliver renewable energy solutions to power agricultural pumps, street lighting, domestic lighting, and cooking appliances in villages. CESL will also work to enable battery powered electric mobility and its infrastructure and design business models to increase the uptake of electric vehicles in India. To enable commercialization of these solutions at scale, CESL will employ business models that utilize a blend of concessional and commercial capital, carbon finance and grants as appropriate.

Registered office of the company is located at NFL Building, 5th & 6th Floor, Core-III, SCOPE Complex, Lodhi Road, Delhi- 110003. However, the Board of directors have already approved by resolution, change in Registered Office of the company to 2nd Floor, NFL Building, Core-III, SCOPE Complex, Lodhi Road, New Delhi 110003 w.e.f April 13, 2021.

**Note 2 Significant accounting policies and critical accounting estimate and judgments:**

**2.1 Basis of preparation, measurement and significant accounting policies**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

**Compliance with Ind AS**

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 and relevant provisions of the Companies Act, 2013 ("the Act"). The policies set out below have been consistently applied during the years presented.

**Historical cost convention**

The financial statements have been prepared under the historical cost convention, except for the certain financial assets and liabilities, and equity settled share based payments which have been measured at fair value/amortised cost.

**Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in 'Indian Rupees', which is the Company's functional and presentation currency. All values are expressed in Rs. rounded off to the nearest Rupee, except when otherwise indicated.

**Current vis-à-vis non-current classification**

The Company presents assets and liabilities in statement of financial position based on current/non-current classification. The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle,
  - b) Held primarily for the purpose of trading,
  - c) Expected to be realised within twelve months after the reporting period, or
  - d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

A liability is classified as current when it is:

- a) Expected to be settled in normal operating cycle,
  - b) Arising out of activities involved primarily for the purpose of direct trading / revenue generating activity of the company,
  - c) Due to be settled within twelve months after the reporting period, or
  - d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.
- All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Deferred tax assets and liabilities are classified as non-current assets and liabilities. The Company has identified twelve months as its normal operating cycle.

**Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date. The Company uses valuation techniques that are appropriate in the circumstances for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole.

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

**2.2 Critical accounting estimates and judgements**

The presentation of financial statements under Ind AS requires management to take decisions and make estimates and assumptions that may impact the value of revenues, costs, assets and liabilities and the related disclosures concerning the items involved as well as contingent assets and liabilities at the balance sheet date. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

**a. Property, plant and equipment**

The useful life and residual value of property, plant & equipment are determined based on technical evaluation made by the management of the expected usage of the asset, the physical wear and tear and technical or commercial obsolescence of the asset. Due to the judgements involved in such estimations, the useful life and residual value are sensitive to the actual usage in future period.

**b. Provisions**

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability require the application of judgement to existing facts and circumstances, which can be subject to change. Since the cash outflows can take place many years in the future, the carrying amounts of provisions and liabilities are reviewed regularly and adjusted to take account of changing facts and circumstances.

**c. Impairment of Financial and Non-Financial Assets**

The impairment provision for financial assets are based on assumptions about risk of default and expected losses. The company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The Company assesses at each reporting date whether there is an indication that a Non-financial asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount which is higher of an asset's or CGU's fair value less costs of disposal and its value in use. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

**d. Recoverability of trade receivables:**

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

**e. Income Tax:**

The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to an adjustment to the amounts reported in the standalone financial statements.

**f. Contingencies:**

Management estimates the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

**g. Leases**

Based on the retrospection pertaining to the right of the lessor and lessee to terminate the lease, and application of practical expedients to the respective clauses of Ind AS 116, the lease has been assessed as recognition exemption in terms of Clause 5(a) read inter-alia with clause 6, B34 and B37 of Ind AS 116.

**h. Estimation uncertainty relating to the global health pandemic**

The outbreak of corona virus (COVID-19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. In assessing the recoverability of Company's assets such as Financial Asset and Non-Financial Assets, the Company has considered internal and external information. The Company has evaluated impact of this pandemic on its business operations and based on its review and current indicators of future economic conditions, there is no significant impact on its financial statements and the Company expects to recover the carrying amount of all the assets.

**Note 3 Significant Accounting policies**

**3.1 Property, plant and equipment**

All items of Property, plant and equipment are stated at historical cost net of tax/ duty credit availed which includes capitalised borrowing cost, less depreciation and impairment loss, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. The present value of the expected cost for the decommissioning of the asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Expenditure incurred on assets which are not ready for their intended use comprising direct cost, related incidental expenses and attributable borrowing cost are disclosed under Capital Work-in-Progress.

**Depreciation methods, estimated useful lives and residual value:**

Depreciation on Property, Plant and Equipment (PPE) is provided over the useful life of assets as specified in schedule II to the Companies Act, 2013 Property, Plant and Equipment which are added / disposed off during the year, depreciation is provided pro-rata basis with reference to the month of addition / deletion.

The following methods of depreciation are used for PPE :

Property Plant & Equipment at	
-	-

Estimated useful lives, residual values and depreciation methods are reviewed annually, taking into account commercial and technological obsolescence as well as normal wear and tear and adjusted prospectively, if appropriate.

**3.2 Intangible assets**

Intangible Assets that the Company controls and from which it expects future economic benefits are capitalised upon acquisition and measured initially:

- a) for assets acquired in a business combination, at fair value on the date of acquisition
- b) for separately acquired assets, at cost comprising the purchase price and directly attributable costs to prepare the asset for its intended use.

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

All intangible assets are tested for impairment. Amortization expenses and impairment losses and reversal of impairment losses are taken to the Statement of Profit and Loss. Thus, after initial recognition, an intangible asset is carried at its cost less accumulated amortization and / or impairment losses.

The useful lives of intangible assets are reviewed annually to determine if a reset of such useful life is required for assets with finite lives and to confirm that business circumstances continue to support an indefinite useful life assessment for assets so classified. Based on such review, the useful life may change or the useful life assessment may change from indefinite to finite. The impact of such changes is accounted for as a change in accounting estimate.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

As a part of various operations involving delivery of clean energy, the Company has launched a project "GRAM UJALA" with the intent of generating revenue by obtaining Carbon Credits through replacement of the incandescent bulbs with Energy effective LED Bulbs in villages, and charging a fee for appropriate and environmentally safe disposal such acquired bulbs. As part of preliminary requirement, the Company has registered the scheme with UNFCCC for the same. After distribution energy efficient bulbs but before the CERs entitlement document is issued, the scheme inter-alia involves the periodic maintenance and audit of use of the bulbs and consumption.

Now it is worthwhile to note that guidance note issued by ICAI GN (A) 31 (Issued 2012), Guidance note on Accounting for Self-generated Certified Emission Reductions (CERs) deals with the recognition and treatment of CERs generated by the generating unit. But our issue pertains to the stage prior to generation of those CERs. Hence this guidance note also does not provide clarity on this issue. Regarding treatment of the amounts incurred by the entity on the purchase and distribution of resources as an integral part of the scheme required to obtain CER, the opacity do not get completely eliminated even on perusal of Ind AS 38, Ind AS 2, Ind AS 16 and other related guidelines, considering the unprecedented nature of project and emergence of activities in the last few days of financial year 2020-21,

In this regard the cost of purchase of Energy efficient bulbs distributed and cost for distribution of the same have been capitalised as Right to receive Carbon Credit, depicted under relevant nomenclature and recognized as Intangible Asset contemplating the various aspects of the scheme and application of practical expedients with respect to various standards, guidelines and generally accepted accounting principles. From Such bulbs distributed, the company is expected to have future economic benefits in the form of generation of CERs which are merchantable in international market. The same are being measured at cost comprising the purchase price and directly attributable costs to obtain such Carbon Credits. Future Economic Benefits are expected to be flowing towards the company for a period of 7 years. Accordingly, SLM Method is followed considering the Life as 7 years for amortisation of the same.

A handwritten signature in black ink, consisting of a stylized, cursive script.

3.3 **Trade Receivables**

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method, less provision for impairment.

3.4 **Leases**

**The Company as a lessee**

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

During the financial year the company has entered into contract to take office premises under cancellable lease arrangement. Based on the retrospection of lease pertaining to the right of the lessor and lessee to terminate the lease, and application of practical expedients to the respective clauses of Ind AS 116, the lease has been assessed as recognition exemption in terms of Clause 5(a) read inter-alia with clause B34 and B37 of Ind AS 116.

Accordingly, during the financial year 2020-21, the lease rentals to the tune of Rs. 1,41,24,000 has been charged as expenses on straight-line basis

**The Company as a lessor**

A lease for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

During the financial year 2020-21 the company has not undertaken any contract, arrangement or transaction in the nature of providing the right to use any underlying asset. Hence there no requirement for recognition / disclosure in respect of lessor under Ind AS 116 are not applicable.

3.5 **Employee Benefits**

Considering the fact that during the financial year 2020-21, there has not been any employment on the regular rolls of the company, the relevant provisions / guidelines regarding Post Employment Benefit Plans, Other Long Term Employee Benefit Plans or Termination Benefit Plan are not applicable.

3.6 **Inventories**

The financial year 2020-21 being the first year of the operations of the company, the projects undertaken by the company as part of its operations are in nascent stage. One project named "GRAM UJALA" has been launched with the primary objective of generating revenue from the sale of CERs being generated as the final yield of the activity. In this regard considering the implementation of the project has been initiated in the last weeks of financial year, the units and value of the CERs yielded is neither material nor procedurally ascertainable as on 31st March 2021. The same shall be recognised in due course as per scheme depending on activities, milestones and other procedural audit and compliances.

A handwritten signature in blue ink, consisting of several loops and a long horizontal stroke extending to the right.

3.7 **Revenue recognition and other income:**

Revenue is recognised on satisfaction of performance obligation upon transfer of control of promised products or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services. The performance obligations in our contracts in respect of exports are fulfilled at the time of shipment of goods to customer and in respect of domestic sales on dispatch from factory.

Revenue is measured based on transaction price which is fair value of the consideration received or receivable, after deduction of any discounts, sales incentives / schemes and any taxes or duties collected on behalf of the government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and sales incentives / schemes. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Referring to the disclosure under note 1 (corporate information) the objective of the company include projects that lie at the confluence of efficient and environment friendly energy solutions as its source of revenue. The significant ones as has been quoted are decentralised solar development, use of battery storage, e mobility and development of related infrastructure and providing other efficient energy solutions as alternative to traditional inefficient energy resources which are still predominantly used in large part of the country specially in the rural areas.

The financial year 2020-21 being the first year of the operations of the company, the projects undertaken by the company as part of its operations are in nascent stage. One project named "GRAM UJALA" has been launched with the primary objective of generating revenue from obtaining CERs being generated as the final yield of the activity through replacement of the incandescent bulbs with Energy efficient LED Bulbs in villages, and charging a nominal fee for appropriate and environmentally safe disposal such acquired bulbs. The fee amounting to Rs. 108,661/-has been recognised as revenue from services at the same time which correspond to the invoices raised for distribution of energy efficient LED bulbs against receipt of old incandescent bulbs.

In this regard as part of preliminary requirement, the Company has registered the scheme with UNFCCC for the same. After distribution, before the CERs entitlement document is issued, the scheme inter-alia involves the periodic maintenance and audit of use of the bulbs and consumption thereof.

Considering the implementation of the project has been initiated in the last weeks of financial year, the units and value of the CERs yielded is neither material nor procedurally ascertainable as on 31st March 2021. The same shall be recognised in due course as per scheme depending on activities, milestones and other procedural audit and compliances.

Further During the financial year 2020-21 there has been no claims receivable such as from Railways, Insurance, Electricity, Customs and like.

The above has been provided / disclosed in line with the provisions of Ind AS 115

**Contract Balances**

Trade Receivables

A receivable represents the Company's right to an amount of consideration that is unconditional.

Contract Liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made or the payment is due (whichever is earlier). Contract liabilities are recognised as revenue when the Company performs under the contract.

### 3.8 Foreign Currency Transactions

During the financial year 2020-21, there has not been any foreign currency transactions.

### 3.9 Taxes

Tax expense comprises current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

#### Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current income tax relating to items recognized directly in equity is recognised in equity and not in the statement of profit and loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### Deferred tax

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date. Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

### 3.10 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that the outflow of resources embodying economic benefits will be required to settle the obligation in respect of which reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the expense relating to provision presented in the statement of profit & loss is net of any reimbursement.

If the effect of the time value of money is material, provisions are disclosed using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as finance cost.

Contingent liability is disclosed in the notes in case of:

- There is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.
- A present obligation arising from past event, when it is not probable that an outflow of resources will be required to settle the obligation
- A present obligation arises from the past event, when no reliable estimate is possible
- A present obligation arises from the past event, unless the probability of outflow are remote.

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets. Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

#### Contingent assets

A contingent asset is disclosed, where an inflow of economic benefits is probable.

### 3.11 Cash & Cash Equivalents

Cash and cash equivalents includes cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they being considered as integral part of the Company's cash management.

#### Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

3.12 **Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instruments of another entity.

(a) **Investment and other Financial Assets**

During the financial year 2020-21, the company did not carry any amount under investments and other financial assets.

(b) **Financial Liabilities & Equity**

During the financial year 2020-21, the company did not carry any amount under investments and other financial assets.

(i) **Classification as debt or equity**

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definition of a financial liability and an equity instrument.

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

(ii) **Initial recognition and measurement:**

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

(iii) **Subsequent measurement:**

The measurement of financial liabilities as appearing in balance sheet has been described as below :

**Trade and other payables:** These amounts represent obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Those payable are classified as current liabilities if payment is due within one year or less otherwise they are presented as non-current liabilities. Trade and other payables are subsequently measured at amortised cost using the effective interest rate method.

(iv) **Derecognition:**

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other gains / (losses). When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

**Offsetting of financial instrument**

Financial Assets and Financial Liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

3.13 **Dividend Distribution**

During the financial year 2020-21, No interim dividend paid is approved by Board of Directors

3.14 **Earnings per share**

Basic earnings per share is computed using the net profit for the year attributable to the shareholders' and weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed using the net profit for the year attributable to the shareholders' and weighted average number of equity and potential equity shares outstanding during the year including share options, except where the result would be anti-dilutive. Potential equity shares that are converted during the year are included in the calculation of diluted earnings per share, from the beginning of the year or date of issuance of such potential equity shares, to the date of conversion.

A handwritten signature or set of initials in blue ink, located at the bottom right of the page.

**30 Segment Information**

**(i) General Disclosure**

The financial year 2020-21 being the first year of the operations of the company, the projects undertaken by the company as part of its operations are in nascent stage. As a part of various operations involving delivery of clean energy, the Company has launched only one project "GRAM UJALA" with the intent of generating revenue by obtaining Carbon Credits through replacement of the incandescent bulbs with Energy effective LED Bulbs in villages, and charging a fee for appropriate and environmentally safe disposal such acquired bulbs. As part of preliminary requirement, the Company has registered the scheme with UNFCCC for the same. After distribution, before the CERs entitlement document is issued, the scheme inter-alia involves the periodic maintenance and audit of use the bulbs and consumption thereof. Accordingly during the financial year 2020-21, there is only one identified reportable segment as per Ind AS 108 - Operating Segments.

The above reportable segment has been identified based on the significant components of the enterprise for which discrete financial information is available and is reviewed by the Chief operating decision maker (CODM) to assess the performance and allocate resources to the operating segments.

**(ii) Entity-wide disclosure required by IND AS 108 are made as follows:**

**a) Revenues from external sales and services**

Particulars	in Rs.
	2020-21
India	1,08,661
Outside India	-
<b>Total Revenue as per statement of profit and loss</b>	<b>1,08,661</b>

**b) Segment Assets**

All Assets are within India only.

**(iii) Information about major customers:**

There are no major customers of the company.

**31 Employee Benefits**

Considering the fact that during the financial year 2020-21, there has not been any employment on the regular rolls of the company, the relevant provisions / guidelines regarding Post Employment Benefit Plans, Other Long Term Employee Benefit Plans or Termination Benefit Plan are not applicable. Hence no separate disclosures regarding the same

In this regard the amount of Rs. 107,080 appearing under employee benefits pertains to the reimbursement of expenses to Directors booked based on actual claims submitted. The same has been appropriately disclosed.

**Convergence Energy Services Limited (Formerly known as Convergence Energy Services Private Limited)**  
**Notes to the financial statements**

**32 Share Based Payments**

The Company has not offered any equity based awards through the Company's stock option plan

38 Financial Risk Management Objectives And Policies

**Financial Risk Factors**

The Company's operational activities expose to various financial risks i.e. market risk, credit risk and risk of liquidity. The Company realizes that risks are inherent and integral aspect of any business. The primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. For the financial year 2020-21 the management of the Company believes that considering the fact that the operations of the company are at preliminary stage and do not entail involvement of any intricate process for risk management. However, the procedure adopted from parent company have been followed in respect of all the financial transactions, which involves control mechanism to identify and eliminate the element of risk at each stage of the transaction since inception to final recognition in the financial. Moreover, there is no material risk which in the opinion of the management might threaten the existence of the company. However with due course of development of operations the Company's senior management shall oversee the risks management and shall proceed to devise appropriate risk management framework for the Company to provide reasonable assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

Accordingly the corresponding disclosures regarding the procedures and guidelines regarding the Credit Risk, etc. are not applicable for the financial year 2020-21 in consideration.

**A. Credit Risk :**

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables and advances to suppliers) and from its financing activities, including deposits and other financial instruments.

As aforementioned in the preceding part of this note, considering the company being in the initial stages of the operations during the financial year 2020-21 and immateriality of receivables from the customers, the disclosures regarding the operations are not applicable. However the company based on its inheritance from the parent company is under the process of formulation of module and related guidelines for periodic review and assessment of the financial reliability of customers, taking into account factors such as credit track record in the market and past dealings with the Company for extension of credit to customer including the payment track record of the customers , regular monitoring / analysis of outstanding, evaluation in respect of concentration of risk and consideration for impairment thereof.

Particulars	in Rs. As at 31 March 2021	
	Up to 6 months	More than 6 months
Gross carrying amount (A)	1,28,220	-
Expected Credit Losses (B)	-	-
<b>Net Carrying Amount (A-B)</b>	<b>1,28,220</b>	<b>-</b>

The carrying amounts of financial instruments as on 31st March, 2021 is NIL as referred in note 39. Accordingly the disclosure regarding Company's exposure to credit risk regarding the balance with banks and financial institutions for the components of the balance sheet at March 31, 2021 is not applicable for the financial year 2020-21.

**B. Liquidity Risk :**

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credit facilities and short term loans. The table below summarises the maturity profile of the Company's financial liabilities based on contracted undiscounted payments (excluding transaction cost on borrowings).

Table hereunder provides the current ratios of the Company as at the year end:

Particulars	in Rs. As at 31 March 2021
Total current assets	88,72,345
Total current liabilities	8,18,78,043
<b>Current ratio</b>	<b>0.11</b>

The table below summarises the maturity profile of the Company's financial liabilities :

Particulars	Payable on demand	Less than 1 year	More than 1 year	Total
<b>As at 31 March 2021</b>				
Borrowings	-	-	-	-
Other financial Liabilities	6,23,34,006	-	-	6,23,34,006
Trade and other payables	88,94,363	-	-	88,94,363
<b>Total</b>	<b>7,12,28,369</b>	<b>-</b>	<b>-</b>	<b>7,12,28,369</b>

**C. Market Risk :**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company does not deal in foreign currency and Company does not have interest bearing borrowings. Hence company is not exposed to the risk of movements in interest rates, foreign currency exchange rates.

**Impact of COVID-19**

The Company has made detailed assessment of impact of COVID-19 on the aforementioned risks i.e. credit risk, liquidity risk and market risk and does not foresee any material impact on account of the same. However, the management will continue to closely monitor the evolving situation and assess its impact on the business of the Company.

*[Handwritten signature]*

**39 Financial Instrument - Disclosure**

No Financial Instruments held by the Company and hence no classification is made for financial instruments.

**40 Capital Management**

On account of similar considerations mentioned in note 38, the disclosures regarding the approach and guidelines of the company regarding its capital structure, mix of debt and capital and adjustments therein based economic conditions and other requirements are not applicable for the financial year 2020-21.

However the management is clear about its primary objective of the Company's capital management is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth and in order to achieve this overall objective, the management is committed that the capital management strategy and policy of the company inter-alia, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements, as may be undertaken.
