INSTRUCTIONS TO BIDDERS (ITB)

Preamble

This section (Section-2) of the Bidding Documents provides the information necessary for bidders to prepare responsive bids, in accordance with the requirements of the Employer. It also provides information on bid submission and uploading the bid on e-portal, on line bid opening, evaluation and on contract award. This Section (Section 2) contains provisions that are to be used unchanged unless Section-4 (Part-A (BDS)) (Bid Data Sheet), which consists of provisions that supplement, amend, or specify in detail, information or requirements included in Section 2 and that are specific to each procurement, states otherwise. If there is a conflict between the provisions of Section - 2 & Section - 4 (Part-A (BDS)), the provisions of Section - 4 (Part-A (BDS)) shall prevail.

Bidders may note that the Employer has uploaded its "Guidelines, Policy and Procedure for Procurement of Goods, Works and Non-Consulting Services" and various relevant Circulars on EESL's website. Those Bidders who wish to peruse the same may visit <https://eeslindia.org>. However, it shall be noted that no other party, including the Bidder/Contractor, shall derive any right from this "Guidelines, Policy and Procedure for Procurement of Goods, Works and Non-Consulting Services" documents or have any claim on the Employer on the basis of the same. The respective rights of the Employer and Bidders/Contractors/Suppliers shall be governed by the Bidding Documents/RfP Documents/Contracts signed between the Employer and the Contractor/Supplier for the respective tender(s). The provisions of Bidding Documents shall always prevail over that of "Guidelines, Policy and Procedure for Procurement of Goods, Works and Non-Consulting Services" documents in case of contradiction.

Further in all matters arising out of the provisions of this Section - 2 and the Section - 4 (Part-A (BDS)) of the Bidding Documents, the laws of the Union of India shall be the governing laws and courts of New Delhi shall have exclusive jurisdiction.

In case any clause/provision mentioned in the RfP/Bidding Documents is not applicable with respect to scope of work required to be completed by the Contractor/Supplier, such clause/provision shall become redundant.

SCOPE OF WORK AND TECHNICAL SPECIFICATIONS

1. INTRODUCTION TO ENERGY EFFICIENCY SERVICES LIMITED

Energy Efficiency Services Limited (EESL) is a Joint Venture of NTPC Limited, Power Grid Corporation of India Limited (PGCIL), Power Finance Corporation Limited (PFC) and Rural Electrification Corporation Limited (REC), established to facilitate implementation of energy-efficiency projects. EESL will work as ESCO; as Consultancy Organization for CDM, Energy-efficiency, etc.; as a Resource Centre for capacity building of SDAs, Utilities, financial institutions, etc. EESL will also lead the market-related actions of the NMEEE. It is the first such company exclusively for implementation of energy-efficiency in South Asia and amongst a very few such instances in the world.

Objectives:

- To facilitate preparation of energy efficiency projects for Demand Side Measures including municipal functions, agriculture, public building, lighting etc.
- To implement schemes, program and policies of central and state governments or its agencies.
- Partner with private ESCO's and other companies to promote energy efficiency.
- To provide consultancy services in the field of energy efficiency, CDM projects, and other related areas.
- To identify and impart training to build the capacity of stakeholders.

2. PROJECT'S BACKGROUND - UJALA - General Operating and Implementing Framework

In India, a significant residential energy is consumed by inefficient bulbs and tube lights and results in increased residential energy demand. In order to curb this increasing energy demand, it would be advantageous in national interest to implement a DSM program for energy-efficient bulb and tube lights.

Distribution utilities may launch innovative mechanism called demand side management (DSM) by inviting EESL to implement DSM projects and link payment made to them for the resultant energy and load reductions. EESL will recover the investment over a period as specified in the DSM project from the payment made to them by DISCOMs for the resultant energy and load reductions.

Seeing the energy saving potential in this segment, EESL is giving the opportunity to Purchasers/DISCOMS/households, by providing the energy-efficient LED Bulbs and Tube lights in place of the conventional incandescent bulb (60 watt/100 watt) or CFLs (16 watt/20 watt) on PAN-INDIA basis and thereby promoting energy efficiency in the market.

The objectives of the project are: -

- a. To provide households/Institutions, Energy Efficient Bulbs and LED batten as an alternative/replacement of conventional bulbs/CFLs. This would significantly reduce the annual energy consumption of households.
- b. To reduce power procurement cost for Distribution Companies (DISCOMs) due to peak demand reduction.

- c. To enhance awareness about use of energy-efficient products amongst households and have a cascading effect for other products.
- d. To make energy efficiency as a resource that could be procured by DISCOM through long-term contracts. It could reduce the power procurement cost by the same amount as it spends for procuring energy efficiency to make a tariff natural preposition.
- e. To provide a viable payment security mechanism to incentives large scale investments in energy efficiency.

Under the UJALA program, LED bulbs, LED Emergency Rechargeable bulbs and LED Batten will be distributed to Indian residential households & Institutions/Industries etc.

Bidder(s) are informed that EESL serves as a demand aggregator/market enabler and not the ultimate consumer of the any products. Consequently, the price quoted by the bidder(s) will directly influence the speed at which the specified quantity in the Notification of Award/Letter of Award (LoA) will be utilized.

Therefore, Bidder(s) are required to offer their most competitive rate in the tender to assist EESL in providing energy efficient ceiling fans at most competitive price to the user/buyer.

If order(s) going to MSE bidder(s) is/are less than 25% after the matching of rates with L1 bidder by adopting the tender split criteria, then the clause of purchase preference for award to MSE bidder(s) up to 25% of the tendered quantity subject to matching L1 rates will be followed to make the total quantity going to MSE bidder(s) @ 25%; provided the</p>

In case, where ATO of the MSE bidder is less than what</p>

For exp: If ATO of MSE bidder is 56% of the cumulative ATO requirement of 100% order value, then maximum 56% work may be awarded to the MSE bidder. However, in such case EESL reserves the right to award appropriate quantity based on the existing requirement and such decision will be taken by EESL which will be binding on the bidder. EESL may take consent from the bidder for award of such quantity (which is over and above the quantity to be allotted to L-1 bidder as per pre-declared split ratio) before award.</p>
