Recruitment of Technical Experts for GEF Funded Project on Contractual Basis

Energy Efficiency Services Limited (a JV of four PSUs under Ministry of Power) is looking for qualified and experienced professional to be engaged on purely contractual basis up to December 2025 with the project to work under the Global Environment Facility funded project being executed by EESL with support of United Nations Environment Programme (UNEP). The Global Environment Facility (GEF) is supporting Energy Efficiency Services Limited (EESL), for the project ‘Creating and Sustaining Markets for Energy Efficiency’ under its GEF-6 cycle.

The project aims to achieve its targets spread across three main Components:

a) Expanding and Sustaining investments in existing market sectors: Support certain portion of EESL’s existing targets for installation of energy efficient Street Lights, Domestic Lights, 5-star Ceiling Fans & Agricultural pumps

b) Building Market Diversification: Development & implementation of new business models through installation of new technologies of super-efficient ACs, public charging Infrastructure for EVs, tri-generation technologies, energy efficient motors etc.

c) Replication & Scaling Up: Developing a long-term growth strategy based on collected lessons, experiences etc. from the above-mentioned components and achieving a target of a USD 300 million investments across all technology areas through innovative ways of financing like an Energy Efficiency Revolving Fund (EERF).
The details regarding the positions are mentioned below:

A. **Senior Technical Expert**
